

Texas Natural Gas Vehicle Grant Program (TNGVGP)

List of Participating Dealers

Updated: December 16, 2015

The following entities have satisfied the requirements established by Texas Commission on Environmental Quality (TCEQ) to act as Participating Dealers for the TNGVGP. Potential grant applicants should contact a Participating Dealer from this list to obtain information regarding the TNGVGP and the grant application requirements. Applications for TNGVGP may only be submitted through a Participating Dealer and equipment must be acquired from that Participating Dealer.

Participating Dealers are solely responsible for compliance with all applicable laws and regulations regarding their participation in the TNGVGP. The TCEQ makes no assurances or certifications on behalf of the Participating Dealers. Inclusion on this list does not imply that the Participating Dealer currently satisfies all licensing and other requirements regarding the authorization to conduct the activities contemplated under the TNGVGP. Potential grant applicants should take all necessary steps to ensure that the selected Participating Dealer is capable and authorized to perform under the TNGVGP.

Inclusion on this list does not imply the endorsement of the TCEQ or State of Texas. The TCEQ and State of Texas make no warranties regarding the services or goods to be provided by the Participating Dealers. Potential grant applicants should ensure that a Participating Dealer meets their specific business needs before entering into any arrangement.

Participating Dealers are not involved in the decision of whether a grant is awarded to any particular applicant and are not authorized to make any claims to that effect. For more information potential grant applicants are encouraged to read and review the TNGVGP Request for Grant Applications available on the Texas Emissions Reduction Plan (TERP) Web site at www.terpgrants.org or by calling the toll free number at 800-919-TERP (8377).

This List of Participating Dealers may be periodically updated, and the official version is the current one posted on www.terpgrants.org
