

The Texas Commission on Environmental Quality (TCEQ, agency, or commission) adopts amended §§9.11 - 9.13 and 9.15 - 9.17.

Sections 9.11 - 9.13, 9.16, and 9.17 are adopted *without changes* to the proposed text as published in the July 8, 2016, issue of the *Texas Register* (41 TexReg 4947) and, therefore, will not be republished. Section 9.15 is adopted *with change* to the proposed text and, therefore, will be republished.

Background and Summary of the Factual Basis for the Adopted Rules

House Bill (HB) 3337, 84th Texas Legislature, 2015, requires the commission to adopt rules requiring that before an agency administrator or employee may be reimbursed for tuition expenses, the executive director must authorize the tuition reimbursement payment (Texas Government Code, §656.048). HB 3337, which became effective September 1, 2015, was intended to provide the appropriate executive-level oversight for authorizing payments for potentially costly reimbursements. Along with revisions to agency policy, Chapter 9, Subchapter B, Employee Training and Education, will also need to be updated to reflect the changes of HB 3337.

In addition to updating §9.15, Reimbursement, revisions are adopted to other areas of Chapter 9, to improve clarity and reflect current TCEQ training practices.

Final Regulatory Impact Determination

The commission reviewed the adopted rulemaking in light of the regulatory analysis requirements of Texas Government Code, §2001.0225, and determined that the adopted rulemaking is not subject to Texas Government Code, §2001.0225 because it does not meet the definition of a "major environmental rule" as defined in the statute. Furthermore, it does not meet any of the four applicability requirements listed in Texas Government Code, §2001.0225(a).

A "major environmental rule" means a rule, the specific intent of which is to protect the environment or reduce risks to human health from environmental exposure and that may adversely affect in a material way the economy, productivity, competition, jobs, the environment, or the public health and safety of the state or a sector of the state. Because the specific intent of the adopted rulemaking is procedural in nature and revises procedures concerning how training reimbursements are approved, the rulemaking does not meet the definition of a "major environmental rule."

The commission invited public comment regarding the Draft Regulatory Impact Analysis Determination during the public comment period. No comments were received during the public comment period.

Takings Impact Assessment

The commission evaluated this adopted rulemaking action and performed a preliminary analysis of whether the adopted rulemaking is subject to Texas Government Code, Chapter 2007. The primary purpose of the adopted rulemaking is to revise TCEQ rules regarding the approval process for reimbursing trainings and to reflect current changes to how TCEQ conducts training. Promulgation and enforcement of the rules will not burden private real property. Further, the adopted rulemaking does not affect private property in a manner which restricts or limits an owner's right to the property that would otherwise exist in the absence of governmental action. Consequently, the adopted rulemaking action does not meet the definition of a takings under Texas Government Code, §2007.002(5).

Consistency with the Coastal Management Program

The commission reviewed the adopted rules and found that they are neither identified in Coastal Coordination Act Implementation Rules, 31 TAC §505.11(b)(2) or (4), nor will they affect any action/authorization identified in Coastal Coordination Act Implementation Rules, 31 TAC §505.11(a)(6). Therefore, the adopted rules are not

subject to the Texas Coastal Management Program (CMP).

The commission invited public comment regarding the consistency with the CMP during the public comment period. No comments were received on the CMP.

Public Comment

The commission offered a public hearing on August 2, 2016. The comment period closed on August 8, 2016. The commission did not receive any comments on this rulemaking.

Additionally, the amendments are adopted under the Texas Water Code (TWC), §5.103, concerning Rules, which authorizes the commission to adopt rules necessary to carry out its powers and duties under the TWC; and TWC, §5.105, concerning General Policy, which authorizes the commission by rule to establish and approve all general policy of the commission.
