SUBCHAPTER B: CREATION OF WATER DISTRICTS
§§293.11 - 293.15
Effective November 13, 2014

§293.11. Information Required to Accompany Applications for Creation of Districts.

(a) Creation applications for all types of districts, excluding groundwater conservation districts, shall contain the following:

(1) $700 nonrefundable application fee;

(2) if a proposed district's purpose is to supply fresh water for domestic or commercial use or to provide wastewater services, roadways, or drainage, a certified copy of the action of the governing body of any municipality in whose extraterritorial jurisdiction the proposed district is located, consenting to the creation of the proposed district, under Local Government Code, §42.042. If the governing body of any such municipality fails or refuses to grant consent, the petitioners must show that the provisions of Local Government Code, §42.042, have been followed;

(3) if city consent was obtained under paragraph (2) of this subsection, provide the following:

(A) evidence that the application conforms substantially to the city consent; provided, however, that nothing herein shall prevent the commission from creating a district with less land than included in the city consent;

(B) evidence that the city consent does not place any conditions or restrictions on a district other than those permitted by Texas Water Code (TWC), §54.016(e) and (i);

(4) a statement by the appropriate secretary or clerk that a copy of the petition for creation of the proposed district was received by any city in whose corporate limits any part of the proposed district is located;

(5) evidence of submitting a creation petition and report to the appropriate commission regional office;

(6) if substantial development is proposed, a market study and a developer's financial statement;
(7) if the petitioner is a corporation, trust, partnership, or joint venture, a certificate of corporate authorization to sign the petition, a certificate of the trustee’s authorization to sign the petition, a copy of the partnership agreement or a copy of the joint venture agreement, as appropriate, to evidence that the person signing the petition is authorized to sign the petition on behalf of the corporation, trust, partnership, or joint venture;

(8) a vicinity map;

(9) unless waived by the executive director, for districts where substantial development is proposed, a certification by the petitioning landowners that those lienholders who signed the petition or a separate document consenting to the petition, or who were notified by certified mail, are the only persons holding liens on the land described in the petition;

(10) if the petitioner anticipates recreational facilities being an intended purpose, a detailed summary of the proposed recreational facility projects, projects’ estimated costs, and proposed financing methods for the projects as part of the preliminary engineering report; and

(11) other related information as required by the executive director.

(b) Creation application requirements and procedures for TWC, Chapter 36, Groundwater Conservation Districts, are provided in Subchapter C of this chapter (relating to Special Requirements for Groundwater Conservation Districts).

(c) Creation applications for TWC, Chapter 51, Water Control and Improvement Districts, within two or more counties shall contain items listed in subsection (a) of this section and the following:

(1) a petition as required by TWC, §51.013, requesting creation signed by the majority of persons holding title to land representing a total value of more than 50% of value of all land in the proposed district as indicated by tax rolls of the central appraisal district, or if there are more than 50 persons holding title to land in the proposed district, the petition can be signed by 50 of them. The petition shall include the following:

(A) name of district;

(B) area and boundaries of district;

(C) constitutional authority;
(D) purpose(s) of district;

(E) statement of the general nature of work and necessity and feasibility of project with reasonable detail; and

(F) statement of estimated cost of project;

(2) evidence that the petition was filed with the office of the county clerk of the county(ies) in which the district or portions of the district are located;

(3) a map showing the district boundaries, metes and bounds, area, physical culture, and computation sheet for survey closure;

(4) a preliminary plan (22 - 24 inches by 36 inches or digital data in electronic format) showing the location of existing facilities including highways, roads, and other improvements, together with the location of proposed utility mains and sizing, general drainage patterns, principal drainage ditches and structures, utility plant sites, recreational areas, commercial and school sites, areas within the 100-year flood plain and 100-year floodway, and any other information pertinent to the project including an inventory of any existing water, wastewater, or drainage facilities;

(5) a preliminary engineering report including the following as applicable:

   (A) a description of existing area, conditions, topography, and proposed improvements;

   (B) land use plan;

   (C) 100-year flood computations or source of information;

   (D) existing and projected populations;

   (E) tentative itemized cost estimates of the proposed capital improvements and itemized cost summary for anticipated bond issue requirement;

   (F) projected tax rate and water and wastewater rates;

   (G) an investigation and evaluation of the availability of comparable service from other systems including, but not limited to, water districts, municipalities, and regional authorities;

   (H) an evaluation of the effect the district and its systems and subsequent development within the district will have on the following:
(i) land elevation;

(ii) subsidence;

(iii) groundwater level within the region;

(iv) recharge capability of a groundwater source;

(v) natural run-off rates and drainage; and

(vi) water quality;

(I) a table summarizing overlapping taxing entities and the most recent tax rates by those entities; and

(J) complete justification for creation of the district supported by evidence that the project is feasible, practicable, necessary, will benefit all of the land and residents to be included in the district, and will further the public welfare;

(6) a certificate by the central appraisal district indicating the owners and tax valuation of land within the proposed district as reflected on the county tax rolls as of the date of the petition or any amended petition. If the tax rolls do not show the petitioner(s) to be the owners of the majority of value of the land within the proposed district, then the petitioner(s) shall submit to the executive director a certified copy of the deed(s) tracing title from the person(s) listed on the central appraisal district certificate as owners of the land to the petitioner(s) and any additional information required by the executive director necessary to show accurately the ownership of the land to be included in the district;

(7) affidavits by those persons desiring appointment by the commission as temporary or initial directors, showing compliance with applicable statutory requirements of qualifications and eligibility for temporary or initial directors, in accordance with TWC, §49.052 and §51.072;

(8) if the application includes a request for approval of a fire plan, information meeting the requirements of §293.123 of this title (relating to Application Requirements for Fire Department Plan Approval), except for a certified copy of a district board resolution, references to a district board having adopted a plan, and the additional $100 filing fee; and

(9) other information as required by the executive director.
(d) Creation applications for TWC, Chapter 54, Municipal Utility Districts, shall contain items listed in subsection (a) of this section and the following:

(1) a petition containing the matters required by TWC, §54.014 and §54.015, signed by persons holding title to land representing a total value of more than 50% of the value of all land in the proposed district as indicated by tax rolls of the central appraisal district. If there are more than 50 persons holding title to land in the proposed district, the petition can be signed by 50 of them. The petition shall include the following:

(A) name of district;
(B) area and boundaries of district described by metes and bounds or lot and block number, if there is a recorded map or plat and survey of the area;
(C) necessity for the work;
(D) statement of the general nature of work proposed; and
(E) statement of estimated cost of project;

(2) evidence that the petition was filed with the office of the county clerk of the county(ies) in which the district or portions of the district are located;

(3) a map showing the district boundaries in metes and bounds, area, physical culture, and computation sheet for survey closure;

(4) a preliminary plan (22 - 24 inches by 36 inches or digital data in electronic format) showing the location of existing facilities including highways, roads, and other improvements, together with the location of proposed utility mains and sizing, general drainage patterns, principal drainage ditches and structures, utility plant sites, recreational areas, commercial and school sites, areas within the 100-year flood plain and 100-year floodway, and any other information pertinent to the project including an inventory of any existing water, wastewater, or drainage facilities;

(5) a preliminary engineering report including as appropriate:

(A) a description of existing area, conditions, topography, and proposed improvements;
(B) land use plan;
(C) 100-year flood computations or source of information;
(D) existing and projected populations;

(E) tentative itemized cost estimates of the proposed capital improvements and itemized cost summary for anticipated bond issue requirement;

(F) projected tax rate and water and wastewater rates;

(G) an investigation and evaluation of the availability of comparable service from other systems including, but not limited to, water districts, municipalities, and regional authorities;

(H) an evaluation of the effect the district and its systems and subsequent development within the district will have on the following:

(i) land elevation;

(ii) subsidence;

(iii) groundwater level within the region;

(iv) recharge capability of a groundwater source;

(v) natural run-off rates and drainage; and

(vi) water quality;

(I) a table summarizing overlapping taxing entities and the most recent tax rates by those entities; and

(J) complete justification for creation of the district supported by evidence that the project is feasible, practicable, necessary, and will benefit all of the land to be included in the district;

(6) a certificate by the central appraisal district indicating the owners and tax valuation of land within the proposed district as reflected on the county tax rolls as of the date of the petition. If the tax rolls do not show the petitioner(s) to be the owners of the majority of value of the land within the proposed district, then the petitioner(s) shall submit to the executive director a certified copy of the deed(s) tracing title from the person(s) listed on the central appraisal district certificate as owners of the land to the petitioner(s) and any additional information required by the executive director necessary to show accurately the ownership of the land to be included in the district;
(7) a certified copy of the action of the governing body of any municipality in whose corporate limits or extraterritorial jurisdiction that the proposed district is located, consenting to the creation of the proposed district under TWC, §54.016. For districts to be located in the extraterritorial jurisdiction of any municipality, if the governing body of any such municipality fails or refuses to grant consent, the petitioners must show that the provisions of TWC, §54.016 have been followed;

(8) for districts proposed to be created within the corporate boundaries of a municipality, evidence that the city will rebate to the district an equitable portion of city taxes to be derived from the residents of the area proposed to be included in the district if such taxes are used by the city to finance elsewhere in the city services of the type the district proposes to provide. If like services are not to be provided, then an agreement regarding a rebate of city taxes is not necessary. Nothing in this subsection is intended to restrict the contracting authorization provided in Local Government Code, §402.014;

(9) affidavits by those persons desiring appointment by the commission as temporary directors, showing compliance with applicable statutory requirements of qualifications and eligibility for temporary directors, in accordance with TWC, §49.052 and §54.102;

(10) if the application includes a request for approval of a fire plan, information meeting the requirements of §293.123 of this title, except for a certified copy of a district board resolution, references to a district board having adopted a plan, and the additional $100 filing fee;

(11) if the petition within the application includes a request for road powers, information meeting the requirements of §293.202(b) of this title (relating to Application Requirements for Commission Approval); and

(12) other data and information as the executive director may require.

(e) Creation applications for TWC, Chapter 55, Water Improvement Districts, within two or more counties shall contain items listed in subsection (a) of this section and the following:

(1) a petition containing the matters required by TWC, §55.040, signed by persons holding title to more than 50% of all land in the proposed district as indicated by county tax rolls, or by 50 qualified property taxpaying electors. The petition shall include the following:

(A) name of district; and
(B) area and boundaries of district;

(2) a map showing the district boundaries in metes and bounds, area, physical culture, and computation sheet for survey closure;

(3) a preliminary plan (22 - 24 inches by 36 inches or digital data in electronic format) showing the location of existing facilities including highways, roads, and other improvements, together with the location of proposed utility mains and sizing, general drainage patterns, principal drainage ditches and structures, utility plant sites, recreational areas, commercial and school sites, areas within the 100-year flood plain and 100-year floodway, and any other information pertinent to the project including an inventory of any existing water, wastewater, or drainage facilities;

(4) a preliminary engineering report including as appropriate:

(A) a description of existing area, conditions, topography, and proposed improvements;

(B) land use plan;

(C) 100-year flood computations or source of information;

(D) existing and projected populations;

(E) tentative itemized cost estimates of the proposed capital improvements and itemized cost summary for anticipated bond issue requirement;

(F) projected tax rate and water and wastewater rates;

(G) an investigation and evaluation of the availability of comparable service from other systems including, but not limited to, water districts, municipalities, and regional authorities;

(H) an evaluation of the effect the district and its systems and subsequent development within the district will have on the following:

(i) land elevation;

(ii) subsidence;

(iii) groundwater level within the region;

(iv) recharge capability of a groundwater source;
(v) natural run-off rates and drainage; and

(vi) water quality;

(I) a table summarizing overlapping taxing entities and the most recent tax rates by those entities; and

(J) complete justification for creation of the district supported by evidence that the project is practicable, would be a public utility, and would serve a beneficial purpose;

(5) a certificate by the central appraisal district indicating the owners and tax valuation of land within the proposed district as reflected on the county tax rolls as of the date of the petition. If the tax rolls do not show the petitioner(s) to be the owners of the majority of the land within the proposed district, then the petitioner(s) shall submit to the executive director a certified copy of the deed(s) tracing title from the person(s) listed on the central appraisal district certificate as owners of the land to the petitioner(s) and any additional information required by the executive director necessary to show accurately the ownership of the land to be included in the district;

(6) if the application includes a request for approval of a fire plan, information meeting the requirements of §293.123 of this title, except for a certified copy of a district board resolution, references to a district board having adopted a plan, and the additional $100 filing fee; and

(7) other data and information as the executive director may require.

(f) Creation applications for TWC, Chapter 58, Irrigation Districts, within two or more counties, shall contain items listed in subsection (a) of this section and the following:

(1) a petition containing the matters required by TWC, §58.013 and §58.014, signed by persons holding title to land representing a total value of more than 50% of the value of all land in the proposed district as indicated by county tax rolls, or if there are more than 50 persons holding title to land in the proposed district, the petition can be signed by 50 of them. The petition shall include the following:

(A) name of district;

(B) area and boundaries;
(C) provision of the Texas Constitution under which district will be organized;

(D) purpose(s) of district;

(E) statement of the general nature of the work to be done and the necessity, feasibility, and utility of the project, with reasonable detail; and

(F) statement of the estimated costs of the project;

(2) evidence that the petition was filed with the office of the county clerk of the county(ies) in which the district or portions of the district are located;

(3) a map showing the district boundaries in metes and bounds, area, physical culture, and computation sheet for survey closure;

(4) a preliminary plan (22 - 24 inches by 36 inches or digital data in electronic format) showing as applicable the location of existing facilities including highways, roads, and other improvements, together with the location of proposed irrigation facilities, general drainage patterns, principal drainage ditches and structures, sites, areas within the 100-year flood plain and 100-year floodway, and any other information pertinent to the project;

(5) a preliminary engineering report including the following as applicable:

(A) a description of existing area, conditions, topography, and proposed improvements;

(B) land use plan, including a table showing irrigable and non-irrigable acreage;

(C) copies of any agreements, meeting minutes, contracts, or permits executed or in draft form with other entities including, but not limited to, federal, state, or local entities or governments or persons;

(D) tentative itemized cost estimates of the proposed capital improvements and itemized cost summary for anticipated bond issue requirement;

(E) proposed budget including projected tax rate and/or fee schedule and rates;
(F) an investigation and evaluation of the availability of comparable service from other systems including, but not limited to, water districts, municipalities, and regional authorities;

(G) an evaluation of the effect the district and its systems will have on the following:

(i) land elevation;

(ii) subsidence;

(iii) groundwater level within the region;

(iv) recharge capability of a groundwater source;

(v) natural run-off rates and drainage; and

(vi) water quality;

(H) a table summarizing overlapping taxing entities and the most recent tax rates by those entities; and

(I) complete justification for creation of the district supported by evidence that the project is feasible, practicable, necessary, and will benefit all of the land and residents to be included in the district and will further the public welfare;

(6) a certificate by the central appraisal district indicating the owners and tax valuation of land within the proposed district as reflected on the county tax rolls as of the date of the petition or any amended petition. If the tax rolls do not show the petitioner(s) to be the owners of the majority of value of the land within the proposed district, then the petitioner(s) shall submit to the executive director a certified copy of the deed(s) tracing title from the person(s) listed on the central appraisal district certificate as owners of the land to the petitioner(s) and any additional information required by the executive director necessary to show accurately the ownership of the land to be included in the district;

(7) affidavits by those persons desiring appointment by the commission as temporary or initial directors, showing compliance with applicable statutory requirements of qualifications and eligibility for temporary or initial directors, in accordance with TWC, §58.072; and

(8) other data as the executive director may require.
(g) Creation applications for TWC, Chapter 59, Regional Districts, shall contain items listed in subsection (a) of this section and the following:

(1) a petition, as required by TWC, §59.003, signed by the owner or owners of 2,000 contiguous acres or more; or by the county commissioners court of one, or more than one, county; or by any city whose boundaries or extraterritorial jurisdiction the proposed district lies within; or by 20% of the municipal districts to be included in the district. The petition shall contain:

(A) a description of the boundaries by metes and bounds or lot and block number, if there is a recorded map or plat and survey of the area;

(B) a statement of the general work, and necessity of the work;

(C) estimated costs of the work;

(D) name of the petitioner(s);

(E) name of the proposed district; and

(F) if submitted by at least 20% of the municipal districts to be included in the regional district, such petition shall also include:

(i) a description of the territory to be included in the proposed district; and

(ii) endorsing resolutions from all municipal districts to be included;

(2) evidence that a copy of the petition was filed with the city clerk in each city where the proposed district’s boundaries cover in whole or part;

(3) if land in the corporate limits or extraterritorial jurisdiction of a city is proposed, documentation of city consent or documentation of having followed the process outlined in TWC, §59.006;

(4) a preliminary engineering report including as appropriate:

(A) a description of existing area, conditions, topography, and proposed improvements;

(B) land use plan;
(C) 100-year flood computations or source of information;

(D) existing and projected populations;

(E) tentative itemized cost estimates of the proposed capital improvements and itemized cost summary for anticipated bond issue requirement;

(F) projected tax rate and water and wastewater rates; and

(G) an investigation and evaluation of the availability of comparable service from other systems including, but not limited to, water districts, municipalities, and regional authorities;

(5) affidavits by those persons desiring appointment by the commission as temporary or initial directors, showing compliance with applicable statutory requirements of qualifications and eligibility for temporary or initial directors, as required by TWC, §49.052 and §59.021;

(6) if the application includes a request for approval of a fire plan, information meeting the requirements of §293.123 of this title, except for a certified copy of a district board resolution, references to a district board having adopted a plan, and the additional $100 filing fee; and

(7) other information as the executive director may require.

(h) Creation applications for TWC, Chapter 65, Special Utility Districts, shall contain items listed in subsection (a) of this section and the following:

(1) a certified copy of the resolution requesting creation, as required by TWC, §65.014 and §65.015, signed by the president and secretary of the board of directors of the water supply or sewer service corporation, and stating that the corporation, acting through its board of directors, has found that it is necessary and desirable for the corporation to be converted into a district. The resolution shall include the following:

(A) a description of the boundaries of the proposed district by metes and bounds or by lot and block number, if there is a recorded map or plat and survey of the area, or by any other commonly recognized means in a certificate attached to the resolution executed by a licensed engineer;

(B) a statement regarding the general nature of the services presently performed and proposed to be provided, and the necessity for the services;
(C) name of the district;

(D) the names of not less than five and not more than 11 qualified persons to serve as the initial board;

(E) a request specifying each purpose for which the proposed district is being created; and

(F) if the proposed district also seeks approval of an impact fee, a request for approval of an impact fee and the amount of the requested fee;

(2) the legal description accompanying the resolution requesting conversion of a water supply or sewer service corporation, as defined in TWC, §65.001(10), to a special utility district that conforms to the legal description of the service area of the corporation as such service area appears in the certificate of public convenience and necessity held by the corporation. Any area of the corporation that overlaps another entity’s certificate of convenience and necessity must be excluded unless the other entity consents in writing to the inclusion of its dually certified area in the district;

(3) a plat showing boundaries of the proposed district as described in the petition;

(4) a preliminary plan (22 - 24 inches by 36 inches or digital data in electronic format) showing the location of existing facilities including highways, roads, and other improvements, together with the location of proposed utility mains and sizing, general drainage patterns, principal drainage ditches and structures, utility plant sites, recreational areas, commercial and school sites, areas within the 100-year flood plain and 100-year floodway, and any other information pertinent to the project including an inventory of any existing water or wastewater facilities;

(5) a preliminary engineering report including the following information unless previously provided to the commission:

(A) a description of existing area, conditions, topography, and any proposed improvements;

(B) existing and projected populations;

(C) for proposed system expansion:

(i) tentative itemized cost estimates of any proposed capital improvements and itemized cost summary for any anticipated bond issue requirement;
(ii) an investigation and evaluation of the availability of comparable service from other systems including, but not limited to, water districts, municipalities, and regional authorities;

(D) water and wastewater rates;

(E) projected water and wastewater rates;

(F) an evaluation of the effect the district and its system and subsequent development within the district will have on the following:

(i) land elevation;

(ii) subsidence;

(iii) groundwater level within the region;

(iv) recharge capability of a groundwater source;

(v) natural run-off rates and drainage; and

(vi) water quality; and

(G) complete justification for creation of the district supported by evidence that the project is feasible, practicable, necessary, and will benefit all of the land to be included in the district;

(6) a certified copy of a certificate of convenience and necessity held by the water supply or sewer service corporation applying for conversion to a special utility district;

(7) a certified copy of the most recent financial report prepared by the water supply or sewer service corporation;

(8) if requesting approval of an existing capital recovery fee or impact fee, supporting calculations and required documentation regarding such fee;

(9) certified copy of resolution and an order canvassing election results, adopted by the water supply or sewer service corporation, which shows:

(A) an affirmative vote of a majority of the membership to authorize conversion to a special utility district operating under TWC, Chapter 65; and
(B) a vote by the membership in accordance with the requirements of TWC, Chapter 67, and the Texas Non-Profit Corporation Act, Texas Civil Statutes, Articles 1396-1.01 to 1396-11.01, to dissolve the water supply or sewer service corporation at such time as creation of the special utility district is approved by the commission and convey all the assets and debts of the corporation to the special utility district upon dissolution;

(10) affidavits by those persons named in the resolution for appointment by the commission as initial directors, showing compliance with applicable statutory requirements of qualifications and eligibility for temporary or initial directors, in accordance with TWC, §49.052 and §65.102, where applicable;

(11) affidavits indicating that the transfer of the assets and the certificate of convenience and necessity has been properly noticed to the executive director and customers in accordance with §291.109 of this title (relating to Report of Sale, Merger, Etc.; Investigation; Disallowance of Transaction) and §291.112 of this title (relating to Transfer of Certificate of Convenience and Necessity);

(12) if the application includes a request for approval of a fire plan, information meeting the requirements of §293.123 of this title, except for a certified copy of a district board resolution, references to a district board having adopted a plan, and the additional $100 filing fee; and

(13) other information as the executive director requires.

(i) Creation applications for TWC, Chapter 66, Stormwater Control Districts, shall contain items listed in subsection (a) or this section and the following:

(1) a petition as required by TWC, §§66.014 - 66.016, requesting creation of a storm water control district signed by at least 50 persons who reside within the boundaries of the proposed district or signed by a majority of the members of the county commissioners court in each county or counties in which the district is proposed. The petition shall include the following:

(A) a boundary description by metes and bounds or lot and block number if there is a recorded map or plat and survey;

(B) a statement of the general nature of the work proposed and an estimated cost of the work proposed; and

(C) the proposed name of the district;
(2) a map showing the district boundaries in metes and bounds, area, physical culture, and computation sheet for survey closure;

(3) a preliminary engineering report including:

   (A) a description of the existing area, conditions, topography, and proposed improvements;

   (B) preliminary itemized cost estimate for the proposed improvements and associated plans for financing such improvements;

   (C) a listing of other entities capable of providing same or similar services and reasons why those are unable to provide such services;

   (D) copies of any agreements, meeting minutes, contracts, or permits executed or in draft form with other entities including, but not limited to, federal, state, or local entities or governments or persons;

   (E) an evaluation of the effect the district and its projects will have on the following:

       (i) land elevations;

       (ii) subsidence/groundwater level and recharge;

       (iii) natural run-off rates and drainage; and

       (iv) water quality;

   (F) a table summarizing overlapping taxing entities and the most recent tax rates by those entities; and

   (G) complete justification for creation of the district supported by evidence that the project is feasible, practical, necessary, and will benefit all the land to be included in the district;

(4) affidavits by those persons desiring appointment by the commission as temporary or initial directors, showing compliance with applicable statutory requirements of qualifications and eligibility for temporary or initial directors, in accordance with TWC, §49.052 and §66.102, where applicable; and

(5) other data as the executive director may require.
(j) Creation applications for Local Government Code, Chapter 375, Municipal Management Districts in General, shall contain the items listed in subsection (a) of this section and the following:

(1) a petition requesting creation signed by owners of a majority of the assessed value of real property in the proposed district, or 50 persons who own property in the proposed district, if more than 50 people own real property in the proposed district. The petition shall include the following:

(A) a boundary description by metes and bounds, by verifiable landmarks, including a road, creek, or railroad line, or by lot and block number if there is a recorded map or plat and survey;

(B) purpose(s) for which district is being created;

(C) general nature of the work, projects or services proposed to be provided, the necessity for those services, and an estimate of the costs associated with such;

(D) name of proposed district, which must be generally descriptive of the location of the district, followed by "Management District" or "Improvement District";

(E) list of proposed initial directors and experience and term of each; and

(F) a resolution of municipality in support of creation, if inside a city;

(2) a preliminary plan or report providing sufficient details on the purpose and projects of district as allowed in Local Government Code, Chapter 375, including budget, statement of expenses, revenues, and sources of such revenues;

(3) a certificate by the central appraisal district indicating the owners and tax valuation of land within the proposed district as reflected on the county tax rolls as of the date of the petition or any amended petition. If the tax rolls do not show the petitioner(s) to be the owners of the majority of value of the land within the proposed district, then the petitioner(s) shall submit to the executive director a certified copy of the deed(s) tracing title from the person(s) listed on the central appraisal district certificate as owners of the land to the petitioner(s) and any additional information required by the executive director necessary to show accurately the ownership of the land to be included in the district;
(4) affidavits by those persons desiring appointment by the commission as initial directors, showing compliance with applicable statutory requirements of qualifications and eligibility for initial directors, in accordance with Local Government Code, §375.063; and

(5) if the application includes a request for approval of a fire plan, information meeting the requirements of §293.123 of this title, except for a certified copy of a district board resolution, references to a district board having adopted a plan, and the additional $100 filing fee.

Adopted March 27, 2013 Effective April 19, 2013

§293.12. Creation Notice Actions and Requirements.

(a) On receipt by the executive director of all required documentation associated with an application for creation of a district by the commission in accordance with Texas Water Code (TWC), Chapter 51, multi-county Water Control and Improvement Districts or single-county Water Control and Improvement Districts requesting additional powers; Chapter 54, Municipal Utility Districts; Chapter 55, Water Improvement Districts; Chapter 58, multi-county Irrigation Districts; Chapter 59, Regional Districts; Chapter 65, Special Utility Districts; and Chapter 66, Stormwater Control Districts, the executive director shall notify the chief clerk that the application is administratively complete.

(b) For those applications described in subsection (a) of this section, the chief clerk shall send a copy of a notice to the applicant indicating that an application has been received and notifying interested persons of the procedures for requesting a public hearing. The applicant shall cause the notice to be published as follows:

(1) notice must be published once a week for two consecutive weeks in a newspaper regularly published or circulated in the county or counties where the district is proposed to be located with the last publication not later than the 30th day before the date on which the commission may act on the application; and

(2) not later than the 30th day before the date on which the commission may act on the application, the notice must be posted on the bulletin board used for posting legal notices in each county in which all or part of the proposed district is to be located.

(c) For those applications described in subsection (a) of this section, the commission may act on an application without holding a public hearing if a public hearing is not requested by the commission, the executive director, or an affected person in the manner prescribed by commission rule during the 30 days following the final
publication of notice under this section. If the commission determines that a public hearing is necessary, the chief clerk shall advise all parties of the time and place of the hearing. The commission is not required to provide public notice of a hearing under this subsection.

(d) For a petition for the creation of a Special Utility District in accordance with TWC, Chapter 65, which includes transfer of the certificate of public convenience and necessity, the applicant shall also, unless waived by executive director, mail copies of the notice to customers of the water supply corporation and other affected parties at least 120 days prior to approval. Such notice shall include the following:

(1) name and business address of the district;

(2) a description of the service area involved;

(3) the anticipated effect of the conversion on the operation or the rates and services provided to customers; and

(4) a statement that if a hearing is granted, persons may attend the hearing and participate in the process.

(e) If a petition for the creation of a Special Utility District in accordance with TWC, Chapter 65, contains a request for approval of an impact fee, the applicant shall comply with the notice provisions of §293.173 of this title (relating to Impact Fee Notice Actions and Requirements).

(f) Regardless of whether a public hearing is held or not, for an application for creation of a Special Utility District in accordance with TWC, Chapter 65, the commission may only consider a purpose for which the district is being created that is specified in the resolution.

(g) The hearing action and notice requirements for Local Government Code, Chapter 375, Municipal Management Districts In General, are as follows.

(1) The chief clerk shall send a copy of the notice of hearing to all counties in which the proposed district is located and all municipalities which have extraterritorial jurisdiction in the county or counties in which the proposed district is located and which have formally requested notice of creation of all districts in their county or counties. The chief clerk shall prepare a certificate indicating that notice was properly mailed to any such counties and/or municipalities.

(2) The chief clerk shall send a copy of the notice of hearing to the petitioners, or their agents, who shall:
(A) cause the notice to be published in a newspaper with general circulation in the municipality in which the proposed district is located once a week for two consecutive weeks with the first publication being at least 31 days prior to the date of the commission hearing;

(B) send the notice of the hearing by certified mail, return receipt requested, to all property owners within the district at least 30 days before the hearing.

(h) Upon receipt of a petition to create a district under TWC, Chapter 54, all of which is to be located outside the corporate limits of a municipality, the executive director shall notify the commissioners court of any county in which the proposed district is to be located that the petition has been filed.

Adopted October 22, 2014 Effective November 13, 2014

§293.13. Commission Actions Following Consideration of Creation Application.

(a) If the commission finds that the petition does not conform to the requirements of the applicable statutes the commission shall deny the petition. With respect to regional plan implementation agencies, the commission will consider the regional plan submitted with the petition in connection with its findings.

(b) If the commission grants the petition for creation:

1) the commission shall issue an order including a finding that the project meets applicable statutory requirements;

2) if the commission finds that any of the lands to be included in the district will not be benefitted by the creation of the district, the commission shall exclude the lands not to be benefitted and shall redefine the boundaries of the proposed district to include only those lands that will receive benefits from the district;

3) the commission shall appoint directors as provided in applicable statutes, who shall serve until permanent directors are elected and qualified;

(c) A copy of the order of the commission granting or denying the petition shall be mailed by the chief clerk to each city having extraterritorial jurisdiction and/or to each county.

Adopted May 7, 1998 Effective June 5, 1998
§293.14. District Reporting Actions Following Creation.

(a) A certified copy of the order canvassing results of the confirmation election shall be recorded in the office of the county clerk of each county in which a portion of the district lies and shall be submitted to the executive director.

(b) The governing board of the district shall submit to the executive director the information required by §293.92 of this title (relating to Additional Reports and Information Required of Certain Districts) and a certificate from the county clerk of each county in which all or part of the district is located showing compliance with Texas Water Code, §49.455. The certificate shall show on its face the date of the confirmation election, and the date that the information required by Texas Water Code, §49.455, was filed with the county clerk(s).

Adopted September 30, 1996

Effective October 22, 1996

§293.15. Addition of Wastewater and/or Drainage Powers and Conversion of Districts into Municipal Utility Districts.

(a) Any water improvement district, water control and improvement district, fresh water supply district, levee improvement district, irrigation district or any other conservation and reclamation district or any special utility district created under the Texas Constitution, Article XVI, §59, may be converted into a municipal utility district operating under the Texas Water Code, Chapter 54 or obtain additional wastewater and/or drainage powers.

(b) The application shall be accompanied by the following:

(1) a certified copy of the resolution adopted by the board of directors requesting the commission to hold a hearing on the question of conversion of the district or the addition of wastewater and/or drainage powers for the district;

(2) a $700 application fee;

(3) unless waived by the executive director, a preliminary plan (22-24 inches by 36 inches or digital data in electronic format) showing the location of existing facilities including highways, roads, and other improvements together with the location of proposed utility mains and sizing, general drainage patterns, principal drainage ditches and structures, utility plant sites, recreational areas, commercial and school sites, areas within the 100-year flood plain, and any other information pertinent to the project;
(4) unless waived by the executive director, a preliminary engineering report including:

(A) a description of existing area, conditions, topography and proposed improvements;

(B) land use plan;

(C) 100-year flood computations or source of information;

(D) existing and projected populations;

(E) tentative itemized cost estimates of the proposed capital improvements, if any and itemized cost summary for anticipated bond issue requirements;

(F) projected tax rate and water and wastewater rates; and

(G) total tax assessments on all land within the district.

(5) other data and information as the executive director may require.

(c) Prior to the hearing, the following requirements shall be met with evidence of such compliance filed with the chief clerk at or prior to the hearing:

(1) Notice of the hearing in a form issued by the chief clerk shall be given by publishing notice in a newspaper with general circulation in the county or counties in which the district is located. The notice shall be published once a week for two consecutive weeks with the first publication to be made not less than 14 days before the time set for the hearing. The notice shall:

(A) state the time and place of the hearing;

(B) set out the resolution adopted by the district in full; and

(C) notify all interested persons to appear and offer testimony for or against the proposed contained in the resolution.

(2) the district shall file its resolution requesting conversion or additional powers with the city secretary or clerk of each city, in whose corporate limits or extraterritorial jurisdiction any part of the district is located, concurrently with submitting its application for conversion to the commission.
(d) A special utility district formed pursuant to the Texas Water Code, Chapter 65, which applies for conversion to a district having taxing authority that provides water, wastewater or other public utility services, must comply with the requirements of Local Government Code, §42.042.

Adopted May 7, 1998

Effective June 5, 1998
