Welcome to ePay, the TCEQ's online payment application. This application uses the Texas.gov Online Portal by NICUSA to provide a secure environment for your financial transaction. TCEQ does not store your banking account or credit card information after the payment transaction has been completed.

- » For single items that cost \$1000.00 or less, you may pay by credit card. You may combine all of these items into one transaction.
- » You may pay by electronic funds transfer regardless of the cost of each item. If some of your items are \$1000.00 or less and others cost more, you may combine your payments in either of these ways:
 - Do two transactions (pay by electronic funds transfer for all items costing more than \$1000.00, then pay by credit card for all items costing \$1000.00 or less) **or**
 - Do one transaction (pay for everything by electronic funds transfer)
- » Credit card checks are NOT valid for electronic funds transfers!
- » You **cannot** use this ePay application to renew an occupational license or obtain a new license. You **can** use it to pay the application fee for a new license. For assistance with occupational licenses, see [how to renew your license online](#) or [how to apply for a new license](#).

Select if this payment IS being funded specifically by a foreign source (bank or company), an International ACH Transaction ("IAT").
As defined by NACHA, IAT means a credit or debit entry that is part of a payment transaction involving a financial agency's office that is not located in the territorial jurisdiction of the United States. For purposes of this definition a financial agency means an entity that is authorized by applicable law to accept deposits or is in the business of issuing money orders or transferring funds. An office of a financial agency is involved in the payment transaction if it:

- Holds an account that is credited or debited as part of the payment transaction;
- Receives payment directly from a Person or makes payment directly to a Person as part of the payment transaction; or
- Serves as an intermediary in the settlement of any part of the payment transaction.
