NOV 02 2011
TCEQ
CENTRAL FILE ROOM

Dear Mr. Gaarder:

The revised effective federal operating permit (FOP) for Flint Hills Resources Corpus Christi, LLC, Corpus Christi West Refinery is enclosed. On March 26, 2010, the Environmental Protection Agency (EPA) notified the Texas Commission on Environmental Quality (TCEQ) of objections to the issuance of the FOP. The TCEQ responded to EPA objections on June 24, 2010. Based on EPA's July 11, 2011 letter to Flint Hills Resources, LP, TCEQ understands that all objections are fully resolved. This FOP constituted authority to operate the emission units identified in the FOP application.

Consistent with Title 30 Texas Administrative Code Chapter 122, Subchapter C, the permit holder shall submit an application to the Air Permits Division (APD) for a revision to an FOP for those activities at a site which change, add, or remove one or more FOP terms or conditions. The permit holder shall also submit an application to the APD for a revision to a permit to address the following: the adoption of an applicable requirement previously designated as federally enforceable only; the promulgation of a new applicable requirement; the adoption of a new state-only requirement; or a change in a state-only designation.

Thank you again for your cooperation in this matter. If you have questions concerning the review or this notice, please contact Mr. Alfredo Mendoza, P.E. at (512) 239-1335.

Mr. Phil Gaarder
