Re: Executive Director's Response to EPA Objection, Formosa Plastics Corporation,
Polypropylene Plant, Calhoun County, Title V Permit Number O1956

Dear Mr. Wilson:

On December 18, 2009, the Environmental Protection Agency (EPA) objected to the proposed Title V permit for Formosa Plastics Corporation, for its Polypropylene Plant located in Calhoun County, Texas. On June 30, 2010, we received the Texas Commission on Environmental Quality (TCEQ) Executive Director's Response to Public Comment and EPA's Objection (RTO), proposed permit, and associated Statement of Basis. In addition, we received supplemental information on November 15, 2012, from your office. We have reviewed the documents, and have no further comments. Please note that EPA may review the issued permit if it receives a public petition pursuant to 40 CFR § 70.8(d).

We are committed to working with the TCEQ to ensure that permits address all applicable requirements, including the Texas SIP, and are consistent with the federally-approved Texas Title V air permitting program. If you have questions or wish to discuss this further, please contact Jeff Robinson, Chief, Air Permits Section at (214) 665-6435, or Stephanie Kordzi, Texas Permit Coordinator at (214) 665-7520.

Sincerely yours,
