Austin, TX 78711-3087

Re: Executive Director's Response to EPA Objection, Chevron Phillips Chemical Company, LP, Ethylene Unit (EU 1592), Harris County, Title V Permit Number O2113

Dear Mr. Wilson:

On October 30, 2009, the Environmental Protection Agency (EPA) objected to the proposed Title V permit for Phillips 66 Company, Sweeny Refinery. On September 13, 2010, we received the Texas Commission on Environmental Quality (TCEQ) Executive Director's Response to Public Comment and EPA's Objection, proposed permit, and associated Statement of Basis. Based on that information and follow up information provided by the company, we withdrew the EPA's Part 71 application request on February 3, 2012, provided the Title V permit and Statement of Basis be revised as discussed in the letter. On January 13, 2013, the EPA received a revised permit package. Further, the TCEQ revised the Statement of Basis and forwarded the updated version to the EPA on April 15, 2013. We have reviewed the documents, and have no further comments. Please note that EPA may review the issued permit if it receives a public petition pursuant to 40 CFR § 70.8(d).

We are committed to working with the TCEQ to ensure that permits address all applicable requirements, including the Texas SIP, and are consistent with the federally-approved Texas Title V air permitting program. If you have questions or wish to discuss this further, please contact Jeff Robinson, Chief, Air Permits Section at (214) 665-6435, or Stephanie Kordzi, Texas Permit Coordinator at (214) 665-7520.

Sincerely yours,

A handwritten signature in blue ink that reads "Wren Stenger".

Wren Stenger  
Director  
Multimedia Planning  
and Permitting Division
