Re: Executive Director's Response to EPA Objection, ExxonMobil Oil Corporation, Colonial Storage Facility, Jefferson County, Title V Permit Number O2715

Dear Mr. Hagle:

On March 5, 2010, the Environmental Protection Agency (EPA) objected to the proposed Title V permit for ExxonMobil Colonial Storage Facility. On June 3, 2010, we received the Texas Commission on Environmental Quality (TCEQ) Executive Director's Response to EPA's Objection (RTO), proposed permit, and associated Statement of Basis (SOB). We have reviewed the documents, and have no further comments. Please note that EPA may review the issued permit if it receives a public petition pursuant to 40 CFR § 70.8(d).

We are committed to working with the TCEQ to ensure that permits address all applicable requirements, including the Texas SIP, and are consistent with the federally-approved Texas Title V air permitting program. If you have questions or wish to discuss this further, please contact Jeff Robinson, Chief, Air Permits Section at (214) 665-6435, or Stephanie Kordzi, Texas Permit Coordinator at (214) 665-7520.

Sincerely yours,
