Dear Mr. Edlund:

On June 11, 2010, the U.S. Environmental Protection Agency (EPA) Region 6 Office signed a letter identifying objections to the issuance of the proposed federal operating permit (FOP) for the above referenced site.

On August 10, 2010, NRG Texas Power LLC notified the Texas Commission on Environmental Quality (TCEQ) that they were withdrawing the FOP revision that was the subject of your objections. Since the FOP revision application has been withdrawn by NRG Texas Power LLC, we will no longer be processing the FOP revision, and will not be providing detailed responses to the objections noted in your letter dated June 11, 2010.

Mr. Carl E. Edlund, P.E.
