

**Exemption § 106.149 Checklist
(Previously Standard Exemption 114)
Sand and Gravel Production Facilities**

The following checklist has been developed so the Texas Commission on Environmental Quality (TCEQ) can confirm that you meet exemption requirements. The questions are derived from § 106.4, previously § 116.211(a), and the exemption list. Please read all questions and check “YES,” or “NO,” (equivalent to True or False), or give specific information as applicable to your facility. If you do not meet all conditions of a specific exemption, you will not be allowed to operate the facility under exemption and you must apply for a construction permit as required under § 116.110(a) prior to construction.

For additional assistance with your application, including resources to help calculate your emissions, please visit the Small Business and Local Government Assistance (SBLGA) webpage at the following link: www.TexasEnviroHelp.org

CHECK THE MOST APPROPRIATE ANSWER			
Sand and gravel is obtained from deposits of sand and gravel created by natural disintegration of rock and stone. <input type="checkbox"/> YES <input type="checkbox"/> NO			
Crushing or braking operations are used? <input type="checkbox"/> YES <input type="checkbox"/> NO			
Blasting is conducted to obtain the material? <input type="checkbox"/> YES <input type="checkbox"/> NO			
Water sprays are installed at all screens and transfer points and used as necessary? <input type="checkbox"/> YES <input type="checkbox"/> NO			
All in-plant roads shall be paved and cleaned or sprinkled with water and/or chemicals? <input type="checkbox"/> YES <input type="checkbox"/> NO			
The plant is located at least ¼ mile from any recreational area or residence or other structure not occupied or used solely by the owner of the facility or the owner of the property <input type="checkbox"/> YES <input type="checkbox"/> NO			
The plant production rate is 50 tons per hour or less. <input type="checkbox"/> YES <input type="checkbox"/> NO
