

**Texas Commission on Environmental Quality
Exemption § 106.150 Checklist
(Previously Standard Exemption 122)
Asphalt Concrete Storage Silo**

The following checklist has been developed so the TCEQ can confirm that you meet exemption requirements. The questions are derived from § 106.4, previously § 116.211(a), and the exemption List. Please read all questions and check “YES” or “NO” (equivalent to True or False), or give specific information as applicable to your facility. If you do not meet all conditions of a specific exemption, you will not be allowed to operate the facility under exemption and you must apply for a construction permit as required under § 116.110(a) prior to construction.

For additional assistance with your application, including resources to help calculate your emissions, please visit the Small Business and Local Government Assistance (SBLGA) webpage at the following link:
www.TexasEnviroHelp.org.

Please check the most appropriate answer	
1. Silo is used to store hot mix asphalt concrete?	<input type="checkbox"/> YES <input type="checkbox"/> NO
2. Silo is used to store asphalt emulsion concrete?	<input type="checkbox"/> YES <input type="checkbox"/> NO
3. Silo is used to store cutback asphalt concrete mixtures?	<input type="checkbox"/> YES <input type="checkbox"/> NO
4. Silo will be on location for less than six (6) months?	<input type="checkbox"/> YES <input type="checkbox"/> NO
5. All traffic areas will be sprinkled with water and/or chemicals?	<input type="checkbox"/> YES <input type="checkbox"/> NO
6. Silo will be on location for more than six (6) months?	<input type="checkbox"/> YES <input type="checkbox"/> NO
7. All traffic areas will be paved and cleaned?	<input type="checkbox"/> YES <input type="checkbox"/> NO
8. Fuel for heating the silo will be sweet natural gas?	<input type="checkbox"/> YES <input type="checkbox"/> NO
9. Fuel for heating the silo will be liquid petroleum gas?	<input type="checkbox"/> YES <input type="checkbox"/> NO
10. Fuel for heating the silo will be first run refinery grade diesel?	<input type="checkbox"/> YES <input type="checkbox"/> NO
11. Fuel for heating the silo will be Number 2 fuel oil that is not a blend containing waste oils or solvents and contains less than 0.5% by weight sulfur?	<input type="checkbox"/> YES <input type="checkbox"/> NO
12. The silo is located at least 300 feet from any recreational area, school, residence, or any structure not occupied or used solely by the owner of the property upon which the silo(s) is located?	<input type="checkbox"/> YES <input type="checkbox"/> NO
13. Construction has begun at the facility site?	<input type="checkbox"/> YES <input type="checkbox"/> NO
14. Form PI-7 is completed and attached?	<input type="checkbox"/> YES <input type="checkbox"/> NO
