

**Exemption § 106.393 Checklist
(Previously Standard Exemption 27)
Plastic/Rubber Handling Facilities**

The following checklist has been developed so the Texas Commission on Environmental Quality (TCEQ) can confirm you meet exemption requirements. The questions are derived from § 106, Subchapter A, and the exemption List. Please read all questions and check "Yes," or "No," (equivalent to True or False), or give specific information as applicable to your facility. If you do not meet all conditions of a specific exemption, you will not be allowed to operate the facility under exemption and you must apply for a construction permit as required under § 116.111 prior to construction.

For additional assistance with your application, including resources to help calculate your emissions, please visit the Small Business and Local Government Assistance (SBLGA) webpage at the following link:
www.TexasEnviroHelp.org

Please Complete The Following:		
Equipment at this facility is used exclusively for conveying and storing plastic and/or rubber solid materials	<input type="checkbox"/>	YES <input type="checkbox"/>
Visible emissions occur	<input type="checkbox"/>	YES <input type="checkbox"/>
Powders and Resins are handled at this facility	<input type="checkbox"/>	YES <input type="checkbox"/>
Equipment used for conveying powders and resins to storage silos is vented to a fabric filter baghouse	<input type="checkbox"/>	YES <input type="checkbox"/>
Table 11 "Fabric Filters" is attached for above device	<input type="checkbox"/>	YES <input type="checkbox"/>
The fabric filter has a maximum filtering velocity of 7.0 feet/minute and is equipped with an air cleaning system	<input type="checkbox"/>	YES <input type="checkbox"/>
The fabric filter has a maximum filtering velocity of 4.0 feet/minute and is equipped with a mechanical cleaning system	<input type="checkbox"/>	YES <input type="checkbox"/>
Transfer of powders and resins is accomplished in an enclosed system	<input type="checkbox"/>	YES <input type="checkbox"/>
