

40 CFR Part 60, Subpart J - Requirements Reference Tables

Subpart J Standards

- [§60.102\(a\)\(1\)](#) PM requirements FCCU catalyst regenerators
- [§60.102\(a\)\(2\)](#) Opacity requirements for FCCU catalyst regenerators
- [§60.103\(a\)](#) CO requirements for FCCU catalyst regenerators
- [§60.104\(a\)\(1\)](#) H₂S requirements for fuel gas combustion devices
- [§60.104\(a\)\(2\)\(i\)1](#) SO₂ requirements for Claus sulfur recovery plants with an oxidation control system
- [§60.104\(a\)\(2\)\(i\)2](#) SO₂ requirements for Claus sulfur recovery plants with a reduction control system followed by incineration
- [§60.104\(a\)\(2\)\(ii\)](#) SO₂ requirements for Claus sulfur recovery plants with a reduction control system not followed by incineration
- [§60.104\(b\)\(1\)](#) SO₂ requirements for FCCU catalyst regenerators with an add-on control device
- [§60.104\(b\)\(2\)](#) SO₂ requirements for FCCU catalyst regenerators without an add-on control device
- [§60.104\(b\)\(3\)](#) SO₂ requirements in terms of fresh feed sulfur content for FCCU catalyst regenerators
