

## **Start 30-Day Public Comment Period**

### Description:

This date indicates the date the notice is published in the newspaper of general circulation in the municipality in which the site or proposed site is located, or the municipality nearest to the location of the site or proposed site and sign postings are in place, at the site, thereby starting the public notice comment period. The applicant is required to notify the Air Permits Division (APD) staff within 2 days of commencement of public notice comment period. The APD staff will post this public notice comment start date as soon as this information is received. This report is updated daily to reflect the latest information. If this column is blank and does not show a date 30 days after the public notice authorization date, the reasons could include:

- applicant has not published public notice and is in violation of 30 Texas Administrative Code Chapter 122.320; or
- the Webpage has not reflected the updated information yet.
