

Biography: Beth Akers

Air Permits Division
Texas Commission on Environmental Quality

Current Position

Beth is a permit reviewer in the Chemical Section, where she reviews case-by-case New Source Review permits for chemical plants. She is also on the team that developed the NSR Workbook, which is now titled the PI-1 form.

Prior Experience and Education

Beth received her Bachelor of Science degree in Mechanical Engineering from Oklahoma State University. Prior to joining the TCEQ, Beth worked as a project engineer at Motorola and at Texas Instruments. She joined the TCEQ in the fall of 2011 in the Rule Registrations Section. In the fall of 2013, she transferred to the Chemical Section where she reviews case-by-case permits and has worked on teams to update the MERA and fugitive guidance documents.
