

Biography: Bonnie Evridge

Air Permits Division
Texas Commission on Environmental Quality

Current Position

Bonnie Evridge is the Mechanical/Coatings Section Manager.

Prior Experience and Education

Bonnie received a Bachelor of Science in Environmental Science from Texas State University in 2004. Bonnie joined the Texas Commission on Environmental Quality Air Permits program in 2004 starting in the Rules Registration Section. She transferred to the Mechanical-Agricultural-Construction Section in 2007 as a permit reviewer in the Mechanical-Agricultural Team. She then worked as the Mechanical-Agricultural Team Leader from 2009 to 2013 until she took the position as the Mechanical Team Leader which is primarily responsible for technical reviews of permit applications in the industrial construction areas (concrete batch plants, rock crushing plants, hot mix asphalt plants, etc.). Bonnie is currently the Mechanical/Coatings Section Manager.
