

Biography: Brandon Marsh, P.E.

Air Permits Division
Texas Commission on Environmental Quality

Current Position

Brandon is an Engineer in the Operating Permits Section. His primary responsibilities include reviewing Federal Operating (Title V) Permits for various source types. Brandon also works on updating the Decision Support System used in Title V application process. He joined the TCEQ in November 2016.

Prior Experience and Education

Brandon received his Bachelor of Science degree in Chemical Engineering from the University of Houston in 1998. After graduation Brandon moved to Austin in 1998 to work as a consulting engineer preparing air permit applications and working on air pollution control projects for coal fired power plants. Brandon has over 10 years of experience in the environmental field, primarily in air permitting. He is a licensed professional engineer in the state of Texas.
