

Biography: Jennifer Harvey

Air Permits Division
Texas Commission on Environmental Quality

Current Position

Jennifer is an Environmental Permit Specialist for the Mechanical and Coatings Section. She is primarily responsible for reviewing permit applications associated with new and modified sources for mechanical-related New Source Review (NSR)-permitted facilities.

Prior Experience and Education

Jennifer received her Bachelor of Science degree in Environmental Science from Stephen F. Austin State University. Upon graduation, she worked for an environmental consulting firm in Dallas where she assisted with projects that were subject to the National Environmental Policy Act. In 2011 she began working for the City of Dallas Stormwater Department where she served as an Environmental Specialist for the Water Quality Monitoring Program. In 2014 she became the Environmental Coordinator for the City of Dallas Ambient Air Quality Monitoring Program. Jennifer moved to Austin in 2018 to join the Air Permits Division at the TCEQ.
