Certification

I certify that I am the duly Authorized Representative for this application and that, based on information and belief formed after reasonable inquiry, the statements and information on this form are true, accurate, and complete.

1. I am Heriberto Carreon, the owner of the STEERS account ER060815.
2. I have the authority to sign this data on behalf of the applicant named above.
3. I have personally examined the foregoing and am familiar with its content and the content of any attachments, and based upon my personal knowledge and/or inquiry of any individual responsible for information contained herein, that this information is true, accurate, and complete.
4. I further certify that I have not violated any term in my TCEQ STEERS participation agreement and that I have no reason to believe that the confidentiality or use of my password has been compromised at any time.
5. I understand that use of my password constitutes an electronic signature legally equivalent to my written signature.
6. I also understand that the attestations of fact contained herein pertain to the implementation, oversight and enforcement of a state and/or federal environmental program and must be true and complete to the best of my knowledge.
7. I am aware that criminal penalties may be imposed for statements or omissions that I know or have reason to believe are untrue or misleading.
8. I am knowingly and intentionally signing Title V Existing 3555.
9. My signature indicates that I am in agreement with the information on this form, and authorize its submittal to the TCEQ.

Liam:

As requested, please see attached form revisions. These will be uploaded into STEERS later this evening and signed/certified in STEERS by the DAR as early as tomorrow.

As a minor revision, we do not think that public notice should be required. Can you clarify the purpose/requirement of the public announcement?

Thank you,

Doug

WARNING: EXTERNAL EMAIL: PROCEED WITH CAUTION.

Do not respond, click on links or open attachments unless you recognize the sender or know the content is safe

Good Afternoon Doug,

After team leader review, there is an update needed with the application which is listed below.

1. The application indicates the unit ID CFRTHTR represents multiple heaters. The individual heaters must be separately listed on Table 1 of the OP-SUMR. If you wish to then place those units into a group, you can indicate that on Table 2 of the OP-SUMR. Groups begin with "GRP", so for example, GRP-CFRTHTR. The group ID can then be used on the OP-UA15 and OP-MON so that only one entry on each of those forms is needed. Or, you can opt not to use a group and just list the individual units on every form. Please provide an updated OP-SUMR, OP-UA15, and OP-MON with your chosen representation of these heaters.

All of the updated forms may be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please submit the updated forms by close of business (COB) Friday, **September 20, 2024.**

Sincerely,

Liam Lin

Liam:

1. Regarding your comment on PBR 106.102, we are not registering the comfort heaters, so the group should not go on Table A. It is being retained on Table C. Please note that this is consistent with the approach taken for another site where the permit was recently updated in a similar fashion.
2. We will proceed with adding the PBR 106.102 to OP-REQ1

If you have any further concerns with this approach, please let me know.

Thank you!

Doug

Hi Liam:

Can we get an extension on those updates to 9/4/24? I have a consultant helping me and would like to make sure we can balance the workload effectively.

Thank you,

Doug

Good Afternoon Mr. Hamm,

There was an issue found with your application which is listed below,

- Form OP-PBRSUP - For Unit ID: CFRTHTR (Comfort Heater), PBR. 106.102 , you mentioned in your application that they were previously claimed (not registered) identified on Table C , however, in this application you want to incorporate CFRTHTR. Please submit an updated form OP-PBRSUP removing PBR 106.102 from Table C and include it in Table A and D.
- OP-REQ1 – Please update page 88 of form OP-REQ1 to include PBR 106.102.

Please submit the updated forms via STEERS by Close of Business on **August 28, 2024**.

Thank you

Sincerely,

Liam Lin

Subject: Technical Review & Working Draft Permit -- FOP O3555/Project 36553, El Paso Natural Gas Company LLC / Schafer Compressor Station

Good Afternoon Katie Jeziorski,

I have been assigned to the Federal Operating Permit (FOP) Minor Revision application of Permit No. O3555 for El Paso Natural Gas Company LLC, Schafer Compressor Station. This application has been assigned Project No. 36553. Please address all correspondence pertaining to this permit application, including any updates, to me at the address below, and use both the Permit and Project reference numbers above to facilitate tracking.

In addition, I wanted to let you know that EPA has, on occasion, objected to Title V permits based on the following:

- a. NSR permit and PBR monitoring sufficiency –please refer to our periodic monitoring guidance for reference of monitoring that EPA has, so far, considered sufficient.
- b. Reference to confidential business information (CBI) in NSR permits and PBR submittals.
- c. High level terms in the SOP Applicable Requirement Summary Table. The high level terms are sometimes used in SOPs when unit attribute forms have not yet been updated due to regulatory amendments.

- d. Accuracy of PBR information provided on the supplemental table and in the permit – please refer to Forms OP-PBR SUP and OP-REQ1 Instructions.

If you have any questions or concerns on any of these items or think you need to do any additional updates, let me know and we can discuss further.

I have conducted a technical review of this application and I have attached an electronic copy of the Working Draft Permit (WDP) for your review. This WDP contains the TCEQ determination of applicable requirements based on the information submitted in your application, and any updates provided.

Please review the WDP and submit to me any comments you have regarding it by Close of Business (C.O.B) May 31, 2024. Please submit a written response by this deadline, even if you are not making any comments on the content of the WDP. Note that any application updates necessary to make requested changes must accompany the WDP comments.

Please submit a written response by this deadline, even if you are not making any comments on the content of the WDP.

Please review the "SOP Technical Review Fact Sheet" located at http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title_V/sop_wdp_factsheet.pdf. This guidance contains important information regarding the review process, application updates, WDP review and comment procedures.

Note that a Certification by Responsible Official (Form OP-CRO1) for any uncertified submittals, including application updates supporting the WDP comments is required to be submitted with the WDP response. After final review of the WDP, additional changes, supported by application updates, may require certification. I will advise you of these changes at a later date. Prior to transmittal of the Public Notice/Announcement Authorization Package, a duly signed OP-CRO1 form may be required which includes the specific dates or time-period of all submitted application documentation that were not previously certified. I will advise you of this requirement prior to sending the Public Notice/Announcement Authorization.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at R6AirPermitsTX@epa.gov and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).

Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Sincerely,

Liam Lin

*RE: Site Operating Permit No. O-3555 Revision Application
Schafer Compressor Station, Carson County, TX
TCEQ Account No. CF-0034-D, RN100216894, CN600311682*

Dear APIRT:

El Paso Natural Gas Company LLC owns and operates the Schafer Compressor Station, a natural gas compressor station located in White Deer, Carson County, Texas. The Schafer Compressor Station operates under Title V Site Operating Permit (SOP) No. O-3555. Off-permit sources at the site includes natural gas-fired comfort heaters. These comfort heaters are authorized under Permit by Rule (PBR) pursuant to Title 30 of the Texas Administrative Code (30 TAC) Section 106.102, *Comfort Heating* and have negligible emissions.

With this permit revision application, the site proposes to modify the method by which compliance with the visible emissions standard contained in 30 TAC Section 111.111(a)(1)(B) is demonstrated for these units, from visible emissions observations as specified in SOP Special Condition No. 3.A to an alternative monitoring method. It is the site's understanding that this change qualifies as a minor revision. This permit revision application is being submitted in accordance with 30 TAC §122.216, *Applications for Minor Permit Revisions*, and includes all required documentation.

The following forms are included with this submittal:

- ▶ TCEQ Form OP-CRO1
- ▶ TCEQ Form OP-2
- ▶ TCEQ Form OP-SUMR
- ▶ TCEQ Form OP-UA15
- ▶ TCEQ Form OP-MON

Form OP-2-Table 2
Texas Commission on Environmental Quality**

Date: 04/15/2024
Permit No.: O-3555
Regulated Entity No.: RN100216894
Company Name: El Paso Natural Gas Company LLC

Using the table below, provide a description of the revision.

Revision No.	Revision Code		Unit/Group	Process	NSR Authorization	Description of Change and Provisional Terms and Conditions
		New Unit	ID No.	Applicable Form		
1	MS-C	No	CFRTHTR	OP-UA15	N/A	To incorporate alternative Periodic Monitoring (PM) Requirements for demonstrating compliance with 30 TAC 111.111(a)(1)(B). These comfort heaters were previously identified on Table C of OP-PBRSUP for claimed (not registered) PBRs; these are existing sources but for which a Title V Unit ID has not been previously assigned.

I. Identifying Information		
Account No.: CF-0034-D	RN No.: RN100216894	CN: CN600311682
Permit No.: O-3555	Project No.: TBA	
Area Name: Schafer Compressor Station		
Company Name: El Paso Natural Gas Company LLC		
II. Unit/Emission Point/Group/Process Information		
Revision No.: 1		
Unit/EPN/Group/Process ID No.: CFRTHTR		
Applicable Form: OP-UA15		
III. Applicable Regulatory Requirement		
Name: 30 Texas Administrative Code Chapter 111, Subchapter A: Visible Emissions		
SOP/GOP Index No.: R1111-1		
Pollutant: PM (OPACITY)		
Main Standard: 30 TAC 111.111(a)(1)(B)		
IV. Title V Monitoring Information		
Monitoring Type: PM		
Unit Size:		
CAM/PM Option No.: PM-P-030		
Deviation Limit: Alternate fuel fired (Units will be fired by pipeline quality natural gas only)		
CAM/PM Option No.:		
Deviation Limit:		
V. Control Device Information		
Control Device ID No.:		
Control Device Type:
