You don't often get email from [gabriela.chio@tceq.texas.gov](mailto:gabriela.chio@tceq.texas.gov). [Learn why this is important](#)

Good morning Ryan,

Thank you for submitting the OP-REQ1 pgs. 88-89 in STEERS. Attached is the WDP that was revised based on the updated OP-REQ1 pgs.88-89 and the OP-PBRSUP form submitted. Please review the following updates in the WDP and provide a response **by 3:30pm Friday Feb 14, 2025**.

- The New Source Review Authorization References table was updated to include all preconstruction authorizations.
- Registration numbers and any missing PBRs were added to the units in the New Source Review Authorization by Emissions Unit Table.

Let me know if you have any questions.

FYI- I've been having technical issues with my email address, so please ensure you are replying using my correct email address: [gabriela.chio@tceq.texas.gov](mailto:gabriela.chio@tceq.texas.gov).

Thank you,

**Gaby**

Good morning Ryan,

The project went through another review, and it was noted that the preconstruction authorizations should be updated in the OP-REQ1 form.

Please submit OP-REQ1, pg.88 with all the site preconstruction authorizations through STEERS by **3:30pm Friday Feb 14, 2025**.

Thank you again for your cooperation and timely submittal of application form updates.

Best,

**Gaby**

Good morning Ryan,

While preparing the RVN-5 and after further review from our technical specialist, it was noted that OP-PBR SUP, Table D needs to be updated.

Please submit the following **through STEERS at your earliest convenience or by Tuesday February 11, 2025.**

- Update and resubmit OP-PBR SUP, Table D with sufficient Monitoring Requirements for the units where “Per the requirement in the PBR” was entered under the Monitoring Requirement section of the form. “Per the requirement in the PBR” is not sufficient and specification of the monitoring requirements is required. I attached Table D for your reference.

Please notify me once the updates have been submitted in STEERS.

Thank you,

**Gaby**

**Subject:** [External Message]Working Draft Permit -- FOP O2733/Project 37061, Colonial Pipeline Company/Port Arthur Products Station

**WARNING: This email originated outside of Colonial Pipeline.**  
**DO NOT CLICK** links or attachments unless you recognize the sender and know the content is safe.

Good afternoon Ryan,

I have conducted a technical review of minor revision application for Colonial Pipeline Company, Port Arthur Products Station. An electronic copy of the Working Draft Permit (WDP) is attached for your review. This WDP contains the TCEQ determination of applicable requirements based on the information submitted in your application, and any updates

provided.

Please review the WDP and submit to me any comments you have on the working draft permit by **January 6, 2025**.

Please submit a written response by this deadline, even if you are not making any comments on the content of the WDP.

Please review the second portion of the "SOP Technical Review Fact Sheet" located at [http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title\\_V/sop\\_wdp\\_factsheet.pdf](http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title_V/sop_wdp_factsheet.pdf). This guidance contains important information regarding WDP review and comment procedures.

Note that a Certification by Responsible Official (Form OP-CRO1) for any uncertified application information, including application updates supporting the WDP comments, is required. After final review of the WDP, additional changes supported by application updates may require certification. I will advise you of these changes at a later date. Prior to transmittal of the Public Notice/Announcement Authorization Package, a duly signed OP-CRO1 form may be required which includes the specific dates or time-period of all submitted application documentation that was not previously certified. I will advise you of this requirement prior to sending the Public Notice/Announcement Authorization.

Application updates may now be submitted through **Title V STEERS**. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

**As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at [R6AirPermitsTX@epa.gov](mailto:R6AirPermitsTX@epa.gov) and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).**

Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Best,

**Gaby**

## Certification

I certify that I am the Duly Authorized Representative for this application and that, based on information and belief formed after reasonable inquiry, the statements and information on this form are true, accurate, and complete.

1. I am Dustin K Harris, the owner of the STEERS account ER070686.
2. I have the authority to sign this data on behalf of the applicant named above.
3. I have personally examined the foregoing and am familiar with its content and the content of any attachments, and based upon my personal knowledge and/or inquiry of any individual responsible for information contained herein, that

this information is true, accurate, and complete.

4. I further certify that I have not violated any term in my TCEQ STEERS participation agreement and that I have no reason to believe that the confidentiality or use of my password has been compromised at any time.
5. I understand that use of my password constitutes an electronic signature legally equivalent to my written signature.
6. I also understand that the attestations of fact contained herein pertain to the implementation, oversight and enforcement of a state and/or federal environmental program and must be true and complete to the best of my knowledge.
7. I am aware that criminal penalties may be imposed for statements or omissions that I know or have reason to believe are untrue or misleading.
8. I am knowingly and intentionally signing Title V Existing 2733.
9. My signature indicates that I am in agreement with the information on this form, and authorize its submittal to the TCEC

Good morning Ryan,

I do see the forms were submitted successfully in STEERS. I will review the updates and will notify you if additional information or forms are needed.

Thank you,

**Gaby**

Hi Ryan,

Thanks for your call today. As we discussed, I attached the STEERS guidance document in this email. Section VI in the guidance may be the most helpful.

Try clicking "Edit" after logging in. Hopefully that takes you to the existing permit application section.

Also, this is the link to where the STEERS guidance is located on the TCEQ website.

[Where to Submit FOP Applications and Permit-Related Documents](#)

Please let me know if you are still having issues and I can assist further.

Best,

**Gaby**

Morning Gaby,

Forms OP-2, OP-PBR SUP, and OP-SUMR have been submitted to STEERS for your review. Colonial reviewed the current applicability and effective permit for T1484. Changes proposed to T1484 do not change the currently applicable regulations or permit shields. Thus, T1484 should remain as part of GRPTK1.

Let me know if you have any questions.

Thanks,

---

**Subject:** RE: [External Message] Technical Review -- FOP O2733/Project 37061, Colonial Pipeline Company/Port Arthur Products Station

Good afternoon,

Thank you, Ryan. After further review and since the project has changed to a minor revision to incorporate the modification of unit T1484, further information is needed.

Please submit the following by **October 24, 2024**:

- Submit a new OP-2 since the project was changed to a minor revision (streamline revision) and to provide all the revisions needed.
- Submit an OP-PBRSUP.
- Submit an OP-SUMR.
- Since unit T1484 was revised, review the applicability for the unit and the effective permit to determine what revisions are needed. Unit T1484 is in group GRPTK1, so if the unit attributes or permit shields change, then the unit will need to be removed from the group **and** this revision should be reflected on the OP-SUMR and OP-2 form. Provide updated unit attribute forms and an OP-REQ2 if needed.

Please notify me when the requested application updates have been submitted through STEERS.

Thank you,

**Gaby**

You don't often get email from [gabriela.chio@tceq.texas.gov](mailto:gabriela.chio@tceq.texas.gov). [Learn why this is important](#)

Good morning,

Thank you for providing the requested information. Since the PBR was revised and PBR revisions are not state only changes, we will need to process the application as a minor revision application. I will proceed with my technical review of the application and will reach out if further information is needed.

If you have any questions or concerns on any of these items or think you need to do any

additional updates, let me know and we can discuss further.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

**As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at [R6AirPermitsTX@epa.gov](mailto:R6AirPermitsTX@epa.gov) and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).**

Please review the "SOP Technical Review Fact Sheet" located at [http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title\\_V/sop\\_wdp\\_factsheet.pdf](http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title_V/sop_wdp_factsheet.pdf). This guidance contains important information regarding the review process and application update procedures. Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Sincerely,

**Gaby**

Ms. Chio,

A revision application to PBR Registration Number 56343 was submitted on October 10, 2022, to revise certified emissions for Tank 1484. The revised PBR registration was issued on October 24, 2022. Attached for your reference are the initial application, technical review, and final action. If you have any questions or require additional information to process the requested change, please let me know.

Thank you,

**Subject:** [External Message]Technical Review -- FOP O2733/Project 37061, Colonial Pipeline Company/Port Arthur Products Station

You don't often get email from [gabriela.chio@tceq.texas.gov](mailto:gabriela.chio@tceq.texas.gov). [Learn why this is important](#)

**WARNING: This email originated outside of Colonial Pipeline.**  
**DO NOT CLICK** links or attachments unless you recognize the sender and know the content is safe.

Good morning,

I have been assigned to the Federal Operating Permit (FOP) administrative revision application of Permit No. O2733 for Colonial Pipeline Company, Port Arthur Products Station. This application has been assigned Project No. 37061. Before I can commence processing the application, additional information is needed.

Please reply to the following by **October 7, 2024**.

1. Were there any changes made to the PBR requirements for unit T1484? What were the

changes made to the PBR? In the application, you indicate that the change occurred last year, and it was authorized under PBR 106.478. We want to identify if the PBR registration was revised or if it was a new PBR authorization. The revision cannot be processed as an administrative revision if the PBR was changed or a new PBR registration or claim was used for the change to the tank since new or revised PBR authorizations are not state only changes. The revision would need to be processed as a minor revision if this is the case.

Please let me know if you have any questions.

Best,

**Gaby**

SUBMITTED VIA STEERS

Texas Commission on Environmental Quality  
Air Permits Initial Review Team  
MC-161 P.O. Box 13087  
Austin, Texas 78711-3087

Subject: Title V Permit SOP O2733 Administrative Revision  
Colonial Pipeline Company  
Port Arthur Products Station  
Customer Number: 600300453  
Regulated Entity Number: 102027174

To the Agency:

Colonial Pipeline Company (Colonial) is submitting to Texas Commission on Environmental Quality (TCEQ) an administrative revision under 30 TAC 122.211 to Title V Site Operating Permit (SOP) No. O2733 to incorporate changes made to the facility over the previous 12-month period.

This application includes:

1) A description of each change being made:

On 10/11/23 Tank 1484 finished conversion from an external floating roof (EFR) tank to an internal floating roof (IFR) tank and was brought back into service. This change was authorized under Permit By Rule 106.478.

2) A description of the emission units affected:

Tank 1484 is a 7.602 million gallon tank that stores distillate.

3) The provisional terms and conditions as defined in 122.10 that codify the new applicable requirements or state only requirements:

In the New Source Review Authorization References by Emissions Unit Table in SOP O2733, the emission unit description for Tank 1484 should be changed from EFR to IFR.

4) A statement that each change qualifies for an administrative revision:

The changes authorized by this revision are state-only level requirements (PBR requirements) and/or typographical changes to the permit (description changes in the SOP), and thus meet the requirements of 30 TAC 122.211 for administrative revisions.

5) A certification in accordance with 30 TAC 122.165:

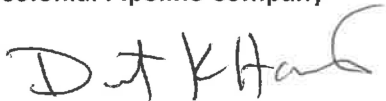

"I certify that, based on information and belief formed after reasonable inquiry, the statements and information contained in the attached documents are true, accurate, and complete."

A certification by responsible official form OP-CRO1 is included as Attachment A.

If you have any questions regarding this submittal or require additional information, please feel free to contact Ryan Tedford, Environmental Specialist - Texas, at [rtedford@colpipe.com](mailto:rtedford@colpipe.com), (281) 900-7576.

Sincerely,

Colonial Pipeline Company

A handwritten signature in black ink, appearing to read "Dustin Harris", with a stylized flourish at the end.

Dustin Harris  
Manager, Operations

**ATTACHMENT A – OP-CRO1**

**Form OP-CRO1**  
**Certification by Responsible Official**  
**Federal Operating Permit Program**

All initial permit application, revision, renewal, and reopening submittals requiring certification must be addressed using this form. Updates to site operating permit (SOP) and temporary operating permit (TOP) applications, other than public notice verification materials, must be certified prior to authorization of public notice or start of public announcement. Updates to general operating permit (GOP) applications must be certified prior to receiving an authorization to operate under a GOP.
