Hello Alyson:

I choose option 2 (Submit all updates in STEERS). However, my RO will not be available for signing until June 25, 2025 (Wednesday). Can I submit the final certified documents via STEERS on June 25?

Thanks,

Adam Kuehn

Hi Adam,

Thank you for the quick reply. Please do **one** of the following by **Tuesday, June 24, 2025**.

1. Send me an OP-CRO1. You can use the Time Period or Specific Date option on the form as long as the dates 04/23/2025 and 06/17/2025 are covered. You may email me a scan, but please follow up with the wet ink original in the mail afterwards. You could also upload the OP-CRO1 in STEERS.
2. Submit all updates in STEERS (you can upload the 04/23/2025 and 06/17/2025 emails and the attachments). It will be certified via the submittal process by having the RO or DAR sign and submit.

Please let me know if you have any questions regarding this request.

Best Regards,

Alyson H. Haynes

Good afternoon:

Please incorporate the latest issuance date (10/04/2024) of the NSR permit (148259). I have attached the OP-REQ1 and copy of the recent permit. Let me know if you have any further questions.

Thank you,

Adam Kuehn

This Message Is From an External Sender:

This email originated from outside of the Motiva organization. Do not click links or open attachments unless you recognize the sender and know the content is safe. NEVER give out your user ID or password!

Mr. Kuehn,

Review the following information and provide a response by **06/20/2025**.

- Please confirm that this revision application should incorporate the latest issuance date (10/04/2024) of the NSR permit (148259). If so, provide an OP-REQ1 form, Pg. 88 with the 10/04/2024 issuance date listed.

Note that a Certification by Responsible Official (Form OP-CRO1) for any uncertified application updates is required to be submitted. Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Best Regards,

Alyson H. Haynes

Thank you, Alyson:

That is what I thought. For this permit revision, we are requesting currently not to revise the permit shield. Therefore, we are retracting our request at time to modify the permit shield. Please proceed without modification of permit shield.

Thank you,

Hi Adam,

During the secondary review of the application, the permit shield for DOCK3VCU under regulation 30 TAC Chapter 115, loading and unloading of VOC could not be added to the revised draft permit because the application is a minor revision. Permit shields can only be added under a significant revision or renewal application. I have attached a copy of the updated working draft permit. I am going to proceed with preparing the public announcement package.

Hi Alyson:

Thank you for the updates based on our requests! For Comment 3 below, I have attached an updated OP-UA3 Form to better represent that the tanks are Subpart Kb tanks, without reference to WW. Also, for Comment 6, after review of the rule, Beaumont-Port Arthur area is still listed as an ozone non-attainment for 115 exemptions. Even though the Beaumont-Port Arthur area is now in attainment, the rule has not been updated. Therefore, no changes to 30.115.217(a)(5)(A)(i).

Thanks,

Adam Kuehn

Subject: RE: [EXTERNAL]RE: Working Draft Permit -- FOP O3277/Project 37513, Motiva Enterprises LLC, Port Neches terminal

Hi Adam,

I hope you had a great weekend. I have reviewed your comments and included responses below. Please review the WDP and submit to me any comments you have on the working draft permit by **04/28/2025**.

- Comment 1 - Page 21 for Tank LOUT34030, 115.118(a)(3) belongs under recordkeeping requirements not reporting requirements. – [Done, please see revision on page 20.](#)
- Comment 2 & 4 – For Tanks TT1815 and LOUT34030, the 40 CFR Part 60, Subpart Kb rules reference 40 CFR Part 63, Subpart WW. To prevent 40 CFR Part 63 applicability confusion, can we have similar requirements as other applicable KB tanks already found in the permit. - [The applicable requirements for TT1815 and LOUT34030 in the permit are based on the unit attributes submitted for each emission unit. Please review the OP-UA3 for Tanks TT1815 and LOUT34030 and update if needed. Please visit the \[decision support system\]\(#\) for further support.](#)
- Comment 3 – Page 22 for Tank TT1815 – Can Empty be changed to EU under Unit Group Process Type – [Done, please see revisions on page 22.](#)
- Comment 5 – Permit Shield Page 27 – DOCK3VCU - DOCK3VCU does not have any tank truck loading. To prevent confusion, can we remove this negative applicability. Marine loading only at the dock. - [Done, see revision on page 27.](#)
- Comment 6 – Permit Shield Page 27 – DOCK3VCU – I think 115.217(b)(6) is more accurate for a non-attainment area. 30 115.217(a)(5)(A)(i) applies to ozone non-attainment areas other than Houston-Galveston, The Beaumont/Port Arthur area is attainment for ozone. - [Submit a revised OP-REQ2 with the desired citation.](#)

Since this is a follow-up review to the previously submitted and reviewed WDP, only comments concerning changes since the last WDP may be considered by TCEQ. Any

comments outside the scope of the most recent changes should be submitted as a separate project.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at R6AirPermitsTX@epa.gov and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).

Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Alyson:

For the Working Draft Permit, I have the following comments:

- Comment 1 - Page 21 for Tank LOUT34030, 115.118(a)(3) belongs under recordkeeping requirements not reporting requirements.
- Comment 2 & 4 – For Tanks TT1815 and LOUT34030, the 40 CFR Part 60, Subpart Kb rules reference 40 CFR Part 63, Subpart WW. To prevent 40 CFR Part 63 applicability confusion, can we have similar requirements as other applicable KB tanks already found in the permit.
- Comment 3 – Page 22 for Tank TT1815 – Can Empty be changed to EU under Unit Group Process Type
- Comment 5 – Permit Shield Page 27 – DOCK3VCU - DOCK3VCU does not have any tank truck loading. To prevent confusion, can we remove this negative applicability. Marine loading only at the dock.
- Comment 6 – Permit Shield Page 27 – DOCK3VCU – I think 115.217(b)(6) is more accurate for a non-attainment area. 30 115.217(a)(5)(A)(i) applies to ozone non-attainment areas other than Houston-Galveston, The Beaumont/Port Arthur area is attainment for ozone.

LLC, Port Neches terminal

Hi Adam,

I have attached an updated Working Draft Permit(WDP). Please review the WDP and submit to me any comments you have on the working draft permit by **04/16/2025**.

- The requirements you requested below are only applicable to DOCK3VCU if the site is a major source of HAPS. If this is the case, submit a revised OP-1 and OP-2. If the site is not a major source of HAPS, DOCK3VCU will not be subject to MACT Y requirements.
- I have added the 40 CFR 60, Subpart Kb requirements for Tank TT1815. Please see this revision on page 13.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at R6AirPermitsTX@epa.gov and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).

Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Hi Alyson:

Thank you adding DOCK3VCU to the permit; however, DOC3VCU has a few requirements that apply to it concerning 40 CFR Part 63, Subpart Y. These requirements ,§63.560(a)(2) §63.560(a)(4), §63.565(l), and §63.567(j)(4), concern existing sources with HAP emissions less than 10 and 25 tons. Essentially, the regulated entity by these requirements must demonstrate compliance with 153.282 (Coast Guard rule) and document that its emissions are less than 10 to 25 tons. I feel this needs to be added to the permit due to the fact DOCK3VCU is applicable even as a site that is mostly not applicable. Let me know if this can be added. Also, please add the 40 CFR 60, Subpart Kb requirements for Tank TT1815.

Thank you for the quick responses,

Adam Kuehn

This Message Is From an External Sender:

This email originated from outside of the Motiva organization. Do not click links or open attachments unless you recognize the sender and know the content is safe. NEVER give out your user ID or password!

Hi Adam,

I hope you had a pleasant weekend. Attached to this email is an updated Working Draft Permit. The only difference between this permit and the permit sent on Thursday is Emission Unit LOUT34030 has been renamed to match the revisions submitted on 03/19/2025.

Please review the WDP and submit to me any comments you have on the working draft permit by **April 14, 2025**. Please submit a written response by this deadline, even if you are not making any comments on the content of the WDP.

Please review the second portion of the "SOP Technical Review Fact Sheet" located at http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title_V/sop_wdp_factsheet.pdf. This guidance contains important information regarding WDP review and comment procedures.

Note that a Certification by Responsible Official (Form OP-CRO1) for any uncertified application information, including application updates supporting the WDP comments, is required. After final review of the WDP, additional changes supported by application updates may require certification. I will advise you of these changes at a later date. Prior to transmittal of the Public Notice/Announcement Authorization Package, a duly signed OP-CRO1 form may be required which includes the specific dates or time-period of all submitted application documentation that was not previously certified. I will advise you of this requirement prior to sending the Public Notice/Announcement Authorization.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at R6AirPermitsTX@epa.gov and to the TCEQ regional office having jurisdiction. This

submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).

Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Best Regards,

Alyson H. Haynes

Subject: Working Draft Permit -- FOP O3277/Project 37513, Motiva Enterprises LLC, Port Neches terminal

Mr. Kuehn,

I have conducted a technical review of the revision application for Motiva Enterprises LLC, Port Neches terminal. An electronic copy of the Working Draft Permit (WDP) is attached for your review. This WDP contains the TCEQ determination of applicable requirements based on the information submitted in your application, and any updates provided.

Please review the WDP and submit to me any comments you have on the working draft permit by **April 14, 2025**. Please submit a written response by this deadline, even if you are not making any comments on the content of the WDP.

Please review the second portion of the "SOP Technical Review Fact Sheet" located at http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title_V/sop_wdp_factsheet.pdf. This guidance contains important information regarding WDP review and comment procedures.

Note that a Certification by Responsible Official (Form OP-CRO1) for any uncertified application information, including application updates supporting the WDP comments, is

required. After final review of the WDP, additional changes supported by application updates may require certification. I will advise you of these changes at a later date. Prior to transmittal of the Public Notice/Announcement Authorization Package, a duly signed OP-CRO1 form may be required which includes the specific dates or time-period of all submitted application documentation that was not previously certified. I will advise you of this requirement prior to sending the Public Notice/Announcement Authorization.

Subject: FW: [EXTERNAL]Motiva Enterprises LLC Title V Permit 3277, Project 37513

Hi Adam,

Thank you for your quick response. Additional information is necessary to complete the technical review for project 37513 review.

Please provide the following items no later than **March 28, 2025:**

- Submit a revised OP-CRO2 that includes the Appointment Effective date.
- Unit ID is listed as "LOU34030" on UA3 form vs "LOUT34030" on OP-SUMR form. Clarify correct Unit ID and submit a revised form for whichever is listed incorrectly.
- Submit an updated OP-UA3; Pg.12, Table 3 for 40 CFR Part 60 Subpart Kb for units LOU34030 and TT1815. Based on the form instructions, neither has a valid response for "Guidepole".

Note that a Certification by Responsible Official (Form OP-CRO1) for any uncertified application updates is required to be submitted. Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at R6AirPermitsTX@epa.gov and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).

Good afternoon:

Please see the attached Form OP-CRO2 form concerning the Responsible Official and Form OP-1 for Technical Contact. If you have any further questions, please contact me. The OP-CRO2 form was submitted to TCEQ and EPA on July 11, 2024 with Andy LaHaye as the new RO. The form was also resubmitted on January 30, 2025, per request of Carolyn Thomas. The OP-1 form was also submitted with updates on January 30, 2025. I thought the OP-1 was required to be submitted to the EPA if it was an initial application; however, if this is incorrect, I will submit the OP-1 form to EPA. Please provide clarification. Further, Naomi McElroy is no longer with Motiva, so please direct all correspondence to me. I am the new technical contact.

Thank you,

Adam Kuehn

**Re: Update to Responsible Official and Designation of Duly Authorized Representative
Motiva Enterprises LLC
Port Arthur, Jefferson County, Texas
CN Number: CN600124051
Port Arthur Chemicals RN Number: RN100217389; FOP Number: O1317
Port Neches Terminal RN Number: RN100210103; FOP Number: O3277**

To the TCEQ Air Permits Division:

Enclosed are signed TCEQ OP-CRO2 and OP-DEL forms for the Motiva Enterprises LLC (Motiva) Port Arthur Chemicals facility and the Port Neches Terminal. Mr. Andy LaHaye, General Manager - Chemicals & Distribution, is replacing Mr. Jeff Newman as the Responsible Official (RO) for the Port Arthur Chemicals facility and Mr. Bill Spurgeon as the RO for the Port Neches Terminal. Additionally, Mr. LaHaye is designating Mr. Justin Collins, Business Team Leader – Chemicals, as the Duly Authorized Representative (DAR) for the Port Arthur Chemicals facility and the Port Neches Terminal. The effective date of these changes is July 11, 2024.

Please revise the information in your records to reflect this change. If you have any questions, please contact me at (409) 989-3051.

Sincerely,

A handwritten signature in black ink, appearing to read "Euclides Jasso", with a long horizontal line extending to the right.

Euclides Jasso
Environmental Manager - Chemicals & Distribution
Motiva Enterprises LLC

Delegation of Responsible Official Information
Federal Operating Permit Program

A Responsible Official (RO) may choose to delegate signature authority to a Duly Authorized Representative (DAR). Such delegation may be made to an individual that has responsibility for the overall operation of one or more manufacturing, production, or operating facilities applying for, or subject to, a federal operating permit. **Send this completed form to the TCEQ Central Office to the attention of the Air Permits Division.** Signature stamps can be accepted in place of an original signature. Faxes, photocopies, and electronic submittals can be accepted in place of an original Form OP-DEL; however, a follow-up submittal of the original Form OP-DEL is requested

Subject: Technical Review -- FOP 03277/Project 37513, Motiva Enterprises LLC, Port Neches Terminal
Date: Thursday, February 20, 2025 8:39:00 AM

Mrs. Naomi McElroy,

I have been assigned to the Federal Operating Permit (FOP) revision application of Permit No. 03277 for Motiva Enterprises LLC, Port Neches Terminal. This application has been assigned Project No. 37513. Please address all correspondence pertaining to this permit application, including any updates, to me at the address below, and use both the Permit and Project reference numbers above to facilitate tracking.

I have started the technical review and have determined that additional information is necessary to complete the review.

Please provide the following items no later than **February 24, 2025:**

- If the responsible official needs to change to “Andy LaHaye” submit an updated OP-CRO2 to designate them as the new RO. The current RO is Georganne Hodges.
- If the technical contact needs to change to “Naomi McElroy” submit an updated OP-1 to designate them as the new technical contact. The current technical contact is Brad Conreux.

Please complete the forms in their entirety.

In addition, I wanted to let you know that EPA has, on occasion, objected to Title V permits based on the following:

- a. NSR permit and PBR monitoring sufficiency –please refer to our periodic monitoring guidance for reference of monitoring that EPA has, so far, considered sufficient.
- b. Reference to confidential business information (CBI) in NSR permits and PBR submittals.
- c. High level terms in the SOP Applicable Requirement Summary Table. The high level terms are sometimes used in SOPs when unit attribute forms have not yet been updated due to regulatory amendments.
- d. Accuracy of PBR information provided on the supplemental table and in the permit – please refer to Forms OP-PBRSUP and OP-REQ1 Instructions.

If you have any questions or concerns on any of these items or think you need to do any additional updates, let me know and we can discuss further.

Application updates may now be submitted through Title V STEERS. Any application updates that are submitted by the RO/DAR through STEERS are certified and do not require the submittal of an original signature OP-CRO1. Application updates that are provided through email or physical mail require certification using an original signature OP-CRO1.

Please notify me when these updates have been submitted.

As required on Form OP-1, question IV.D, please remember the FOP application and all application updates must be submitted to EPA Region 6 at R6AirPermitsTX@epa.gov and to the TCEQ regional office having jurisdiction. This submittal information can be found on our website at [Where to Submit FOP Applications and Permit-Related Documents](#).

Please review the “SOP Technical Review Fact Sheet” located at http://www.tceq.texas.gov/assets/public/permitting/air/Guidance/Title_V/sop_wdp_factsheet.pdf. This guidance contains important information regarding the review process and application update procedures. Contact me if you have any questions regarding the guidelines, the project schedule, or any other details regarding your application or permit.

Thank you for your cooperation.

Best Regards,

Alyson H. Haynes

1) Per Texas Health and Safety Code, Section 382.05155, does the applicant want to expedite the processing of this application?	No
---	----

Certification

I certify that I am the Responsible Official for this application and that, based on information and belief formed after reasonable inquiry, the statements and information on this form are true, accurate, and complete.

- 1. I am Andrew D Lahaye, the owner of the STEERS account ER107124.
- 2. I have the authority to sign this data on behalf of the applicant named above.
- 3. I have personally examined the foregoing and am familiar with its content and the content of any attachments, and based upon my personal knowledge and/or inquiry of any individual responsible for information contained herein, that this information is true, accurate, and complete.
- 4. I further certify that I have not violated any term in my TCEQ STEERS participation agreement and that I have no reason to believe that the confidentiality or use of my password has been compromised at any time.
- 5. I understand that use of my password constitutes an electronic signature legally equivalent to my written signature.
- 6. I also understand that the attestations of fact contained herein pertain to the implementation, oversight and enforcement of a state and/or federal environmental program and must be true and complete to the best of my knowledge.
- 7. I am aware that criminal penalties may be imposed for statements or omissions that I know or have reason to believe are untrue or misleading.
- 8. I am knowingly and intentionally signing Title V Existing 3277.
- 9. My signature indicates that I am in agreement with the information on this form, and authorize its submittal to the TCEC
