

COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

AVISO DE RECIBIMIENTO DE LA SOLICITUD E INTENCIÓN DE OBTENER RENOVACIÓN DEL PERMISO DE AIRE (NORI)

NÚMERO DE PERMISO 6296A

SOLICITUD. Brauntex Materials, Inc., ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por su siglas en inglés) la renovación del permiso de calidad del aire número 6296A, que autorizaría la operación continua de una planta trituradora de roca ubicada en 1504 Wald Road, New Braunfels, Condado de Comal, Texas 78132. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación se ofrece como cortesía pública y no forma parte de la solicitud o del anuncio. Para conocer la ubicación exacta, consulte la solicitud. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-98.170363,29.68363&level=13>. La instalación existente está autorizada a emitir los siguientes contaminantes atmosféricos: material particulado que incluye material particulado con diámetros de 10 micras o menos y 2,5 micras o menos.

Esta solicitud se presentó a la TCEQ el 22 de abril de 2025. La solicitud estará disponible para su visualización y copia en la oficina central de la TCEQ, la oficina regional de la TCEQ en San Antonio, y la Biblioteca Pública de New Braunfels, 700 East Common Street, New Braunfels, Condado de Comal, Texas, 78130 a partir del primer día de la publicación de este aviso. El expediente de cumplimiento de la instalación, si existe, está a disposición del público en la oficina regional de la TCEQ en San Antonio. La solicitud, incluidas las actualizaciones, está disponible electrónicamente en la siguiente página web: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>.

El director ejecutivo ha determinado que la solicitud está administrativamente completa y llevará a cabo una revisión técnica de la misma. La información contenida en la solicitud indica que esta renovación del permiso no supondrá un aumento de las emisiones permitidas ni dará lugar a la emisión de un contaminante atmosférico no emitido anteriormente. **La TCEQ puede actuar sobre esta solicitud sin buscar más comentarios del público o dar la oportunidad de una audiencia de caso impugnado si se cumplen ciertos criterios.**

COMENTARIOS DEL PÚBLICO. Puede presentar comentarios públicos a la Oficina del Secretario Oficial en la dirección indicada a continuación. La TCEQ considerará todos los comentarios del público al elaborar una decisión final sobre la solicitud y el director ejecutivo preparará una respuesta a esos comentarios. Cuestiones como el valor de la propiedad, el ruido, la seguridad del tráfico y la zonificación están fuera de la jurisdicción de la TCEQ para ser tratadas en el proceso de permiso.

OPORTUNIDAD DE UNA AUDIENCIA DE CASO IMPUGNADO. Puede solicitar una audiencia de caso impugnado si usted es una persona que puede verse afectada por las emisiones de contaminantes atmosféricos de la instalación tiene derecho a solicitar una audiencia. Si solicita una audiencia de caso impugnado, deberá presentar lo siguiente (1) su nombre (o, en el caso de un grupo o asociación, un representante oficial), dirección postal y número de teléfono durante el día; (2) el nombre del solicitante y el número de permiso; (3) la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado"; (4) una descripción específica de cómo se vería/n afectado/s por la solicitud y las emisiones atmosféricas de la instalación de una manera no común al público en general; (5) la ubicación y la distancia de su propiedad en relación con la instalación; (6) una descripción del uso que usted hace de la propiedad que puede verse afectada por la instalación; y (7) una lista de todas las cuestiones de hecho controvertidas que presente durante el periodo de comentarios. Si la solicitud la realiza un grupo o asociación, deberá identificarse con nombre y dirección física a uno o varios miembros que estén legitimados para solicitar una audiencia. También deben identificarse los intereses que el grupo o asociación pretende proteger. También puede presentar sus propuestas de ajustes a la solicitud/permiso que satisfagan sus preocupaciones.

El plazo para presentar una solicitud de audiencia de caso impugnado es de 15 días a partir de la publicación del anuncio en el periódico. Si la solicitud se presenta a tiempo, el plazo para solicitar una audiencia de caso impugnado se ampliará a 30 días después del envío de la respuesta a los comentarios.

Si se presenta a tiempo cualquier solicitud de audiencia de caso impugnado, el Director Ejecutivo remitirá la solicitud y cualquier solicitud de audiencia de caso impugnado a los Comisionados para su consideración en una reunión programada de la Comisión. A menos que la solicitud se remita directamente a una audiencia de caso impugnado, el director ejecutivo enviará por correo la respuesta a los comentarios junto con la notificación de la reunión de la Comisión a todas las personas que hayan presentado comentarios o estén en la lista de correo de esta solicitud. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante haya presentado en sus comentarios a tiempo y que no hayan sido retirados posteriormente. **Si se concede una audiencia, el objeto de la misma se limitará a las cuestiones de hecho controvertidas o a las cuestiones mixtas de hecho y de derecho relativas a los problemas de calidad del aire pertinentes y materiales presentados durante el periodo de comentarios.** Cuestiones como el valor de la propiedad, el ruido, la seguridad del tráfico y la zonificación quedan fuera de la jurisdicción de la Comisión para ser tratadas en este procedimiento.

LISTA DE CORREO. Además de presentar comentarios públicos, puede solicitar que se le incluya en una lista de correo para recibir futuros avisos públicos sobre esta solicitud específica enviando una solicitud por escrito a la Oficina del Secretario Oficial en la dirección que figura a continuación.

CONTACTOS E INFORMACIÓN DE LA AGENCIA. Los comentarios y solicitudes del público deben presentarse vía electrónicamente en www14.tceq.texas.gov/epic/eComment/, o por escrito a la Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información de contacto que proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física, formará parte del registro público de la agencia. Para obtener más información sobre esta solicitud de permiso o sobre el proceso de autorización, llame al Programa de Educación Pública al número gratuito 1-800-687-4040. Si desea información en español, puede llamar al 1-800-687-4040.

También se puede obtener más información de Brauntex Materials, Inc., 1504 Wald Road, New Braunfels, Texas 78132-5018 o llamando a la Sra. Melissa Fitts, Vicepresidente Senior, Westward Environmental, Inc. al (830) 249-8284.

Fecha de emisión del aviso: 7 de mayo de 2025

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT (NORI) RENEWAL

PERMIT NUMBER 6296A

APPLICATION. Brauntex Materials, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 6296A, which would authorize continued operation of the Rock Crushing Plant located at 1504 Wald Road, New Braunfels, Comal County, Texas, 78132. **AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/air/newsourcesreview/airpermits-pendingpermit-apps>. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-98.170363,29.68363&level=13>. The existing facility is authorized to emit the following air contaminants: particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on April 22, 2025. The application will be available for viewing and copying at the TCEQ central office, TCEQ San Antonio regional office, and the New Braunfels Public Library, 700 East Common Street, New Braunfels, Comal County, Texas, 78130, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the San Antonio regional office of the TCEQ. The application, including any updates, is available electronically at the following webpage: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

PUBLIC COMMENT. You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application and the executive director will prepare a response to those comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

OPPORTUNITY FOR A CONTESTED CASE HEARING. You may request a contested case hearing if you are a person who may be affected by emissions of air contaminants from the facility. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

The deadline to submit a request for a contested case hearing is 15 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after mailing of the response to comments.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST. In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Brauntex Materials, Inc., 1504 Wald Road, New Braunfels, Texas 78132-5018, or by calling Mrs. Melissa Fitts, Senior Vice President, Westward Environmental, Inc., at (830) 249-8284.

COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

AVISO DE RECIBIMIENTO DE LA SOLICITUD E INTENCIÓN DE OBTENER RENOVACIÓN DEL PERMISO DE AIRE (NORI)

NÚMERO DE PERMISO 6296A

SOLICITUD. Brauntex Materials, Inc., ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por su siglas en inglés) la renovación del permiso de calidad del aire número 6296A, que autorizaría la operación continua de una planta trituradora de roca ubicada en 1504 Wald Road, New Braunfels, Condado de Comal, Texas 78132. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación se ofrece como cortesía pública y no forma parte de la solicitud o del anuncio. Para conocer la ubicación exacta, consulte la solicitud.
<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-98.170363,29.68363&level=13>. La instalación existente está autorizada a emitir los siguientes contaminantes atmosféricos: material particulado que incluye material particulado con diámetros de 10 micras o menos y 2,5 micras o menos.

Esta solicitud se presentó a la TCEQ el 22 de abril de 2025. La solicitud estará disponible para su visualización y copia en la oficina central de la TCEQ, la oficina regional de la TCEQ en San Antonio, y la Biblioteca Pública de New Braunfels, 700 East Common Street, New Braunfels, Condado de Comal, Texas, 78130 a partir del primer día de la publicación de este aviso. El expediente de cumplimiento de la instalación, si existe, está a disposición del público en la oficina regional de la TCEQ en San Antonio. La solicitud, incluidas las actualizaciones, está disponible electrónicamente en la siguiente página web: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>.

El director ejecutivo ha determinado que la solicitud está administrativamente completa y llevará a cabo una revisión técnica de la misma. La información contenida en la solicitud indica que esta renovación del permiso no supondrá un aumento de las emisiones permitidas ni dará lugar a la emisión de un contaminante atmosférico no emitido anteriormente. **La TCEQ puede actuar sobre esta solicitud sin buscar más comentarios del público o dar la oportunidad de una audiencia de caso impugnado si se cumplen ciertos criterios.**

COMENTARIOS DEL PÚBLICO. Puede presentar comentarios públicos a la Oficina del Secretario Oficial en la dirección indicada a continuación. La TCEQ considerará todos los comentarios del público al elaborar una decisión final sobre la solicitud y el director ejecutivo preparará una respuesta a esos comentarios. Cuestiones como el valor de la propiedad, el ruido, la seguridad del tráfico y la zonificación están fuera de la jurisdicción de la TCEQ para ser tratadas en el proceso de permiso.

OPORTUNIDAD DE UNA AUDIENCIA DE CASO IMPUGNADO. Puede solicitar una audiencia de caso impugnado si usted es una persona que puede verse afectada por las emisiones de contaminantes atmosféricos de la instalación tiene derecho a solicitar una audiencia. Si solicita una audiencia de caso impugnado, deberá presentar lo siguiente (1) su nombre (o, en el caso de un grupo o asociación, un representante oficial), dirección postal y número de teléfono durante el día; (2) el nombre del solicitante y el número de permiso; (3) la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado"; (4) una descripción específica de cómo se vería/n afectado/s por la solicitud y las emisiones atmosféricas de la instalación de una manera no común al público en general; (5) la ubicación y la distancia de su propiedad en relación con la instalación; (6) una descripción del uso que usted hace de la propiedad que puede verse afectada por la instalación; y (7) una lista de todas las cuestiones de hecho controvertidas que presente durante el periodo de comentarios. Si la solicitud la realiza un grupo o asociación, deberá identificarse con nombre y dirección física a uno o varios miembros que estén legitimados para solicitar una audiencia. También deben identificarse los intereses que el grupo o asociación pretende proteger. También puede presentar sus propuestas de ajustes a la solicitud/permiso que satisfagan sus preocupaciones.

El plazo para presentar una solicitud de audiencia de caso impugnado es de 15 días a partir de la publicación del anuncio en el periódico. Si la solicitud se presenta a tiempo, el plazo para solicitar una audiencia de caso impugnado se ampliará a 30 días después del envío de la respuesta a los comentarios.

Si se presenta a tiempo cualquier solicitud de audiencia de caso impugnado, el Director Ejecutivo remitirá la solicitud y cualquier solicitud de audiencia de caso impugnado a los Comisionados para su consideración en una reunión programada de la Comisión. A menos que la solicitud se remita directamente a una audiencia de caso impugnado, el director ejecutivo enviará por correo la respuesta a los comentarios junto con la notificación de la reunión de la Comisión a todas las personas que hayan presentado comentarios o estén en la lista de correo de esta solicitud. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante haya presentado en sus comentarios a tiempo y que no hayan sido retirados posteriormente. **Si se concede una audiencia, el objeto de la misma se limitará a las cuestiones de hecho controvertidas o a las cuestiones mixtas de hecho y de derecho relativas a los problemas de calidad del aire pertinentes y materiales presentados durante el periodo de comentarios.** Cuestiones como el valor de la propiedad, el ruido, la seguridad del tráfico y la zonificación quedan fuera de la jurisdicción de la Comisión para ser tratadas en este procedimiento.

LISTA DE CORREO. Además de presentar comentarios públicos, puede solicitar que se le incluya en una lista de correo para recibir futuros avisos públicos sobre esta solicitud específica enviando una solicitud por escrito a la Oficina del Secretario Oficial en la dirección que figura a continuación.

CONTACTOS E INFORMACIÓN DE LA AGENCIA. Los comentarios y solicitudes del público deben presentarse vía electrónicamente en www14.tceq.texas.gov/epic/eComment/, o por escrito a la Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información de contacto que proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física, formará parte del registro público de la agencia. Para obtener más información sobre esta solicitud de permiso o sobre el proceso de autorización, llame al Programa de Educación Pública al número gratuito 1-800-687-4040. Si desea información en español, puede llamar al 1-800-687-4040.

Subject: Request for Spanish Translation of Ex A and B for permit 6296A

We have attached Example A aka Ejemplo A and the Example B drafts for this permit with the Spanish templates included.

You may utilize the [Spanish Tools for Air Permitting Public Notices](#) to help with air contaminant translation. **The applicant is responsible for ensuring that the publication in the alternative language is complete and accurate for the required languages. The templates provided are only templates.** Complete instructions on publishing the bilingual notice and posting signs will be available in the public notice package once issued.

The NORI approval and Alternative Language Spanish template including any additional Alternative Language notices as applicable **must be completed and returned within 2 business days** before we can issue the NORI and post to the agency's website. This is in accordance with [Title VI Compliance](#). **Please ensure that there are no brackets left on the translated document(s), and that the document is formatted neatly and accurately. This project will not be considered administratively complete until this is done.** **Be advised that although the Spanish templates for the Nori and Example B have been provided, it is still the responsibility of the applicant for the English Nori draft to be translated to Spanish exactly as it appears, any errors or inconsistencies would be the fault of the business.** If you have any questions, please let me know.

The NORI is a legally approved document and only the items listed below are subject to approval/correction. Please review carefully and provide corrections including a revised workbook as needed:

- Street address or driving directions to the facility
- Hyperlink for the map to facility - please confirm the map shows the general vicinity location of the facility
- **Contaminant's list**
- Public viewing place (must be in the same county as the facility and may be required to have internet access)
- **For renewal applications, check all previous permitting actions since initial issuance or last renewal to make sure they are listed in Example A**
 - **Incorporation / consolidation of registrations for PBRs (Permit by Rule) (Permits by Rule) and Standard Permits being included with this application**
 - **Emission factor changes**
 - **Qualified facility changes**
- Public Notice Technical Contact information
- Big or small business status (Small businesses will not receive Example B)

Please do not publish until you receive an email containing an administratively complete letter and public notice package.

Your prompt assistance is appreciated.

Thank you,
Ariel Vargas

MR FISCHER
PRESIDENT
BRAUNTEX MATERIALS INC
1504 WALD RD
NEW BRAUNFELS TX 78132-5018

Re: Declaration of Administrative Completeness
Permit Renewal Application
Air Quality Permit Number 6296A
Rock Crushing Plant
New Braunfels, Comal County
Customer Reference Number: CN600618581
Regulated Entity Number: RN101060960

Dear Mr. Fischer:

The Texas Commission on Environmental Quality (TCEQ) has declared the above-referenced application, received on April 22, 2025, **administratively complete on tbd.**

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List

Please note that it is very important that you follow all directions in the enclosed instructions. If you do not, you may be required to republish the notice. Some common errors are the unauthorized changing of notice wording or font, omission of air contaminants, and inaccurate plant site location information represented in the application. Additional information can be found at www.tceq.texas.gov/permitting/air/bilingual/how1_2_pn.html or **if you have any questions, please contact us before you proceed with publication.**

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e. submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

Mr. Will Fischer
Page 2
tbd

Re: Permit: 6296A

If you do not comply with all requirements described in the instructions, the TCEQ cannot continue processing the application and may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Ms. Ariel Vargas at (512) 239-4573.

Sincerely,

A handwritten signature in black ink, appearing to read "Nancy Birdsong", with a long horizontal flourish extending to the right.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT (NORI) RENEWAL

PERMIT NUMBER 6296A

APPLICATION. Brauntex Materials, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 6296A, which would authorize continued operation of the Rock Crushing Plant located at 1504 Wald Road, New Braunfels, Comal County, Texas, 78132. **AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/air/newsourcesreview/airpermits-pendingpermit-apps>. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-98.170363,29.68363&level=13>. The existing facility is authorized to emit the following air contaminants: particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on April 22, 2025. The application will be available for viewing and copying at the TCEQ central office, TCEQ San Antonio regional office, and the New Braunfels Public Library, 700 East Common Street, New Braunfels, Comal County, Texas, 78130, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the San Antonio regional office of the TCEQ. The application, including any updates, is available electronically at the following webpage: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

PUBLIC COMMENT. You may submit public comments to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application and the executive director will prepare a response to those comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

OPPORTUNITY FOR A CONTESTED CASE HEARING. You may request a contested case hearing if you are a person who may be affected by emissions of air contaminants from the facility. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

The deadline to submit a request for a contested case hearing is 15 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after mailing of the response to comments.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST. In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Brauntex Materials, Inc., 1504 Wald Road, New Braunfels, Texas 78132-5018, or by calling Mrs. Melissa Fitts, Senior Vice President, Westward Environmental, Inc., at (830) 249-8284.

Notice Issuance Date: **tbd**

← Minimum 2 column widths or 4 inches →

Example C

Sign Posting

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and the lettering must be legible for the 15-day public comment period (which begins on the last day of newspaper publication, either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street, or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

WHITE BACKGROUND WITH BLACK LETTERS

All lettering must be no less than 1-1/2-inch block printed capitals.

Public Notice Checklist
Notice of Receipt of Application and Intent to Obtain Permit
(1st Notice)

The following tasks must be completed for public notice. If publication in an alternative language is required, please complete the tasks for both the English and alternative language publications. Detailed instructions are included in the "Instructions for Public Notice" section of this package.

Within 30 calendar days after date of administrative completeness letter
<p>Publish <i>Notice of Receipt of Application and Intent to Obtain Permit</i></p> <ul style="list-style-type: none">- Example A must be published in "public notice" section of newspaper. Review for accuracy prior to publishing.- Example B must be published in prominent location (other than "public notice") in same issue of newspaper. <p>Provide copy of application at a public place for review and copying. Keep it there until end of the designated comment period.</p> <p>Prepare signs.</p>
First day of newspaper publication
<p>Review published newspaper notice for accuracy. If errors, contact Air Permits Division.</p> <p>Post signs and keep them up for duration of the designated comment period (see Example C).</p> <p>Ensure copy of application is at the public place.</p>
Within 10 business days after date of publication
<p>Proof of publication showing publication date and newspaper name should be emailed to PROOFS@tceq.texas.gov or mailed to:</p> <p style="padding-left: 40px;">Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105 Attn: Notice Team P.O. Box 13087 Austin, Texas 78711-3087</p> <p>Mail or email, as instructed, photocopies of newspaper clippings showing publication date and newspaper name to persons listed on <i>Notification List</i></p>
Within 30 calendar days after date of publication
<p>Affidavit of publication for air permitting and alternative language affidavit of publication for air permitting (if applicable) should be emailed to PROOFS@tceq.texas.gov or mailed to:</p> <p style="padding-left: 40px;">Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105 Attn: Notice Team P.O. Box 13087 Austin, Texas 78711-3087</p> <p>Mail or email, as instructed, photocopies of affidavits to persons listed on <i>Notification List</i></p>
Within 10 business days after end of the designated comment period
<p>Public Notice Verification Form should be emailed to PROOFS@tceq.texas.gov or mailed to:</p> <p style="padding-left: 40px;">Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105 Attn: Notice Team P.O. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Instructions for Public Notice For New Source Review Air Permit Renewal

Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper should be of general circulation in the municipality nearest to the location or proposed location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side at least 3 inches.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

- In certain circumstances, applicants for air permits must complete notice in alternative languages.
- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs, or signs and newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication primarily printed in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the **Public Notice Verification Form (Form TCEQ-20244)** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**
- It is suggested the applicant work with the local school district to do the following:
 - (a) determine if a bilingual program is required in the district.
 - (b) determine which language is required by the bilingual program.
 - (c) locate the nearest elementary and middle schools; and
 - (d) determine if any students attending either school are eligible to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements after receipt of the full public notice package, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html. All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication. Email a copy to Air Permits Division staff.**
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

Public Comment Period

- The public comment period should last at least **30 calendar days**. With the exception of renewals whose comment period should last at least **15 calendar days**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held or if second notice is required. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly, you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavits of publication.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with proof of publication described above.
- You must submit the **Public Notice Verification Form (Form TCEQ-20244)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met alternative language notice requirements. **This form is available at** www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.
- The **affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** should be emailed to PROOFS@tceq.texas.gov or be mailed to:

Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

Sign Posting

Applicants for air quality permits must also post signs.

- You must post at least one sign in English and as applicable, in each alternative language.
- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible and be visible from the street for the entire duration of the publications' designated comment period (see Example C).
- The sign template enclosed (*Example C*) is an example only. Read the sign template carefully and notify the TCEQ if it has an error or omissions. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TCEQ must be approved by the agency.
- Signs placed at the site must be located within 10 feet of each (every) property line paralleling a public street, road, or highway. Signs must be spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public street, road, or highway. Sign(s) must be placed at a sufficient height above the ground that is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be no less than 1½" in height with block printed capital lettering. The sign must be at least 18" wide and 28" tall and consist of black lettering on a white background.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.
- Inspect each posted sign daily to ensure it is present and visible throughout the entire comment period.
- You must submit verification of sign posting using the **Public Notice Verification Form (Form TCEQ-20244)** within **10 business days** after end of the publications' designated comment period. Do not submit the *Public Notice Verification Form* verifying sign posting until after the comment period is over. You cannot certify that the sign posting is in compliance until after the comment period is over. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

Application in a Public Place

- You must provide a copy of the administratively complete application at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, libraries, county courthouses, or city halls.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available during the entire public comment period.

- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the **Public Notice Verification Form (Form TCEQ-20244)** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you wish to obtain an electronic copy, please contact the initial reviewer who assisted in the preparation of this public notice package. The electronic version is available in Microsoft Word format only and can be requested once your application has been declared administratively complete. Please ensure that the electronic version is correct and consistent with the hard copies that were provided. Any revisions made may not be accepted. **You may download copies of the Public Notice Verification Form and Affidavits of publication by visiting our agency Web site at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the administrative reviewer listed in the cover letter.

THE TEXAS SENATE

Senator Donna Campbell: District 25

Occupation: Emergency Room Physician

Education: B.S. Central State University; M.N. Texas Woman's University; M.D. Texas Tech Health Science Center; General Surgical Internship, Methodist Hospital of Dallas; Residency in Ophthalmology, University of Texas Health Science Center Houston

Legislative Experience: Senate Member: 2013 - present

Hometown: New Braunfels

Party: Republican

Senator Donna Campbell, M.D. is a board certified emergency room physician and proud parent of four daughters. In 2012, she became just the fifteenth woman ever elected to serve in the Texas Senate. She lives in the New Braunfels area and represents Senate District 25, a seven county, Texas Hill Country district which includes portions of San Antonio and Austin.

Senator Campbell was born on a naval base and grew up with a great respect for the military and law enforcement. Her father served in the U.S. Navy and later as a trooper in the highway patrol. Her mother worked in factories most of her life until studying to become a nurse at the age of 48.

Senator Campbell completed her Masters of Nursing from Texas Woman's University and received her M.D. from Texas Tech University, where she was a member of Alpha Omega Alpha, the honor society for medical schools. She completed her residency at the University of Texas Health Science Center in Houston and was awarded the prestigious Morton Award as an outstanding resident in ophthalmology. As a proud woman of faith, Senator Campbell has volunteered with Christian Eye Ministries and performed hundreds of eye surgeries in the West African nation of Ghana.

Senator Campbell has received top honors for her legislative accomplishments from the National Rifle Association, Texas Alliance for Life, Texas Values, and the Texas Veterans Commission. She has been recognized as a Top Courageous Conservative three times in a row by the Texas Conservative Coalition and designated as a Fighter for Free Enterprise by the Texas Association of Business.

During the 88th Legislative Session, Senator Campbell was appointed by the Lieutenant Governor to serve as chairwoman of the Senate Committee on Nominations and vice-chair of Senate Committee on Education. Additionally, she is a member of the Business & Commerce and Finance committees. Prior to the 88th Legislative Session in 2023, Senator Campbell served as chairwoman for Veteran Affairs from 2015-2021.

In her spare time, Senator Campbell enjoys spending time with her family and is an avid runner and hiker.

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 6296A**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Brauntex Materials, Inc. (CN600618581) has submitted an application for renewal of permit number 6296A. The Aggregate Plant (RN101060960) produces crushed stone located at 1504 Wald Rd, New Braunfels, Comal County.

This renewal will authorize the continued operation of a rock crushing and screening plant. Brauntex Materials, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
PM	3.79
PM ₁₀	1.53
PM _{2.5}	0.26

The facilities being renewed continue to be controlled by water sprays. Stockpiles and roads are watered to control dust.

Resumen en Lenguaje Sencillo Para la Certificación de la Renovación del Permiso de Revisión de Fuentes Nuevas

Solicitud de Permiso de Revisión de Nuevas Fuentes de Aire Número 6296A

El siguiente resumen se proporciona para esta solicitud de permiso de aire pendiente que está siendo revisada por la Comisión de Calidad Ambiental de Texas, según lo dispuesto en el capítulo 39 del Código Administrativo de Texas. La información proporcionada en este resumen puede cambiar durante la revisión técnica de la solicitud y no son representaciones federales ejecutables de la solicitud de permiso.

Brauntex Materials, Inc. (CN600618581) ha presentado una solicitud de renovación del permiso número 6296A. El Aggregate Plant (RN101060960) producirá piedra triturada ubicada en 1504 Wald Rd, New Braunfels, Condado de Comal.

Esta renovación autorizará la continuación del funcionamiento de la planta trituradora y cribadora de rocas. Brauntex Materials, Inc. ha certificado que no habrá cambios en el permiso. Los siguientes índices de emisión permitidos seguirán siendo los mismos.

Los Contaminantes	Cantidad Total Permitida (toneladas por año)
PM	3.79
PM ₁₀	1.53
PM _{2.5}	0.26

Las instalaciones que se renuevan siguen siendo controladas por rociadores de agua. Acopios y carreteras se riegan para controlar el polvo.

Project No.: 10101-064

Attention: Mr. Samuel Short

Subject: Renewal Certification – Air Quality Permit No. 6296A
Brauntex Materials, Inc. – CN600618581
Aggregate Plant – RN101060960
New Braunfels, Comal County, Texas

Mr. Short,

On behalf of Brauntex Materials, Inc., we are submitting this Air Quality Permit Renewal Certification application for the above-referenced facility. A Form PI-1 General Application and supporting documents are attached with this application. The renewal application package is being submitted prior to the expiration date of April 22, 2025 as required.

Westward Environmental, Inc. (WESTWARD) will serve as the technical representative for Brauntex Materials, Inc. on this project. **Please ensure that WESTWARD is copied on all correspondence including, but not limited to, the public notice packages and final approval letter.** If you have any questions regarding this application, please contact our office.

Respectfully Submitted,
WESTWARD ENVIRONMENTAL, INC.

A handwritten signature in blue ink, appearing to read "Eric Shelander".

Form PI-1 General Application
General

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

I. Applicant Information

I acknowledge that I am submitting an authorized TCEQ application workbook and any necessary attachments. Except for inputting the requested data and adjusting row height and column width, I have not changed the TCEQ application workbook in any way, including but not limited to changing formulas, formatting, content, or protections.

I agree

A. Company Information

Company or Legal Name: Brauntex Materials, Inc.

Permits are issued to either the facility owner or operator, commonly referred to as the applicant or permit holder. List the legal name of the company, corporation, partnership, or person who is applying for the permit. We will verify the legal name with the Texas Secretary of State at (512) 463-5555 or at the link below.

<https://www.sos.state.tx.us>

Texas Secretary of State Charter/Registration Number (if given): 23295700

B. Company Official Contact Information: must not be a consultant

Prefix (Mr., Ms., Dr., etc.): Mr.
First Name: Will
Last Name: Fischer
Title: President
Mailing Address: 1504 Wald Rd
Address Line 2:
City: New Braunfels
State: TX
ZIP Code: 78132
Telephone Number: 830-625-6276
Fax Number:
Email Address: wdfischer@brauntexmaterials.com

C. Technical Contact Information: This person must have the authority to make binding agreements and representations on behalf of the applicant and may be a consultant. **Additional technical contact(s) can be provided in a cover letter.**

Prefix (Mr., Ms., Dr., etc.): Mr.
First Name: Eric
Last Name: Shelandier
Title: Air Team Leader
Company or Legal Name: Westward Environmental, Inc.
Mailing Address: P.O. Box 2205
Address Line 2:
City: Boerne
State: TX
ZIP Code: 78006
Telephone Number: 830-249-8284
Fax Number: 830-249-0221
Email Address: eshelandier@westwardenv.com

D. Assigned Numbers

The CN and RN below are assigned when a Core Data Form is initially submitted to the Central Registry. The RN is also assigned if the agency has conducted an investigation or if the agency has issued an enforcement action. If these numbers have not yet been assigned, leave these questions blank and include a Core Data Form with your application submittal. See Section VI.B. below for additional information.

Texas Commission on Environmental Quality
Form PI-1 General Application
General

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

Enter the CN. The CN is a unique number given to each business, governmental body, association, individual, or other entity that owns, operates, is responsible for, or is affiliated with a regulated entity.	CN600618581
Enter the RN. The RN is a unique agency assigned number given to each person, organization, place, or thing that is of environmental interest to us and where regulated activities will occur. The RN replaces existing air account numbers. The RN for portable units is assigned to the unit itself, and that same RN should be used when applying for authorization at a different location.	RN101060960

II. Delinquent Fees and Penalties

<p>Does the applicant have unpaid delinquent fees and/or penalties owed to the TCEQ? This form will not be processed until all delinquent fees and/or penalties owed to the TCEQ or the Office of the Attorney General on behalf of the TCEQ are paid in accordance with the Delinquent Fee and Penalty Protocol. For more information regarding Delinquent Fees and Penalties, go to the TCEQ Web site at the link below: https://www.tceq.texas.gov/agency/financial/fees/delin</p>	No
--	----

III. Permit Information

A. Permit and Action Type (multiple may be selected, leave no blanks)

Additional information regarding the different NSR authorizations can be found at the link below:
<https://www.tceq.texas.gov/permitting/air/guidance/authorize.html>

Select from the dropdown the type of action being requested for each permit type. **If that permit type does not apply, you MUST select "Not applicable".**

Provide all assigned permit numbers relevant for the project. Leave blank if the permit number has not yet been assigned.

Permit Type	Action Type Requested (do not leave blank)	Permit Number (if assigned)
Minor NSR (can be a Title V major source): <i>Not applicable, Initial, Amendment, Renewal, Renewal Certification, Renewal/Amendment, Relocation/Alteration, Change of Location, Alteration, Extension to Start of Construction</i>	Renewal Certification	6296A
Special Permit: <i>Not applicable, Amendment, Renewal, Renewal Certification, Renewal/Amendment, Alteration, Extension to Start of Construction</i>	Not applicable	
De Minimis: <i>Not applicable, Initial</i>	Not applicable	
Flexible: <i>Not applicable, Initial, Amendment, Renewal, Renewal Certification, Renewal/Amendment, Alteration, Extension to Start of Construction</i>	Not applicable	
PSD: <i>Not applicable, Initial, Major Modification</i>	Not applicable	
Nonattainment: <i>Not applicable, Initial, Major Modification</i>	Not applicable	

Texas Commission on Environmental Quality
Form PI-1 General Application
General

Date: 4/22/2025
 Permit #: 6296A
 Company: Brauntex Materials, Inc.

HAP Major Source [FCAA § 112(g)]: <i>Not applicable, Initial, Major Modification</i>	Not applicable	
PAL: <i>Not applicable, Initial, Amendment, Renewal, Renewal/Amendment, Alteration</i>	Not applicable	
GHG PSD: <i>Not applicable, Initial, Major Modification, Voluntary Update</i>	Not applicable	

B. MSS Activities

How are/will MSS activities for sources associated with this project be authorized?	This permit

C. Consolidating NSR Permits

Will this permit be consolidated into another NSR permit with this action?	No
Will NSR permits be consolidated into this permit with this action?	No

D. Incorporation of Standard Permits, Standard Exemptions, and/or Permits By Rule (PBR)

To ensure protectiveness, previously issued authorizations (standard permits, standard exemptions, or PBRs) including those for MSS, are incorporated into a permit either by consolidation or by reference.

- Authorizations entirely incorporated by consolidation will be voided when the project is complete, and the sources and allowable emissions will be added to the NSR permit's MAERT.
- Authorizations incorporated by reference will be referenced with the final action for this project but will not be voided. Sources will continue to be authorized in the current manner.

At the time of renewal and/or amendment, consolidation (in some cases) may be voluntary and referencing is mandatory. More guidance regarding incorporation can be found in:

- 30 TAC § 116.116(d)(2),
- 30 TAC § 116.615(3),
- and the memo titled "Revised Permits by Rule and Standard Permit Consolidation Into Permits - September 2006" which can be found at the link below.

General

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

https://www.tceq.texas.gov/permitting/air/memos/nsr_memos.html

Are there any standard permits, standard exemptions, or PBRs to be incorporated by reference?	No
Are there any PBR, standard exemptions, or standard permits associated to be incorporated by consolidation? Note: Emission calculations, a BACT analysis, and an impacts analysis must be attached to this application at the time of submittal for any authorization to be incorporated by consolidation.	No

E. Associated Federal Operating Permits

Is this facility located at a site required to obtain a site operating permit (SOP) or general operating permit (GOP) ?	No

IV. Facility Location and General Information

A. Location

County: Enter the county where the facility is physically located.	Comal
TCEQ Region:	Region 13
County attainment status:	attainment or unclassified for all pollutants
Street Address:	1504 Wald Rd
City: If the address is not located in a city, then enter the city or town closest to the facility, even if it is not in the same county as the facility.	New Braunfels
ZIP Code: Include the ZIP Code of the physical facility site, not the ZIP Code of the applicant's mailing address.	78132
Site Location Description: If there is no street address, provide written driving directions to the site. Identify the location by distance and direction from well-known landmarks such as major highway intersections.	

Texas Commission on Environmental Quality
Form PI-1 General Application
General

Date: 4/22/2025
 Permit #: 6296A
 Company: Brauntex Materials, Inc.

Is this a project for a lead smelter, concrete crushing facility, and/or a hazardous waste management facility?	No

B. General Information

Site Name:	Aggregate Plant
Area Name: Must indicate the general type of operation, process, equipment or facility. Include numerical designations, if appropriate. Examples are Sulfuric Acid Plant and No. 5 Steam Boiler. Vague names such as Chemical Plant are not acceptable.	Aggregate Plant
Are there any schools located within 3,000 feet of the site boundary?	No

C. Portable Facility

Permanent or portable facility?	Permanent

D. Industry Type

Principal Company Product/Business:	Construction Materials
A list of SIC codes can be found at the link below: https://www.naics.com/sic-codes-industry-drilldown/	
Principal SIC code:	1422
NAICS codes and conversions between NAICS and SIC Codes are available at the link below: https://www.census.gov/naics/	
Principal NAICS code:	212312

E. State Senator and Representative for this site

This information can be found at the link below (note, the website is not compatible to Internet Explorer): https://wrm.capitol.texas.gov/	
State Senator:	Donna Campbell
District:	25
State Representative:	Carrie Isaac
District:	73

V. Project Information

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

All representations regarding construction plans and operation procedures contained in the permit application shall be conditions upon which the permit is issued. (30 TAC § 116.116)

Is confidential information submitted with this application?	No

[illegible]

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

[illegible]

The owner or operator of the facility must apply for authority to construct. The appropriate company official (owner, plant manager, president, vice president, or environmental director) must sign all copies of the application. The applicant's consultant cannot sign the application.

This application must be submitted and signed in STEERS.

Texas Commission on Environmental Quality
Form PI-1 General Application
Renewals

Date: 4/22/2025
 Permit #: 6296A
 Company: Brauntex Materials, Inc.

I. Type of Permit Renewal and Associated Actions

A. Current Operations

Do all dockside vessel emissions associated with the facility comply with all rules and regulations of the commission and with the intent of the TCAA, including protection of the health and property of the public and minimization of emissions to the extent possible, consistent with good air pollution practices? (30 TAC § 116.311(a)(1))	N/A
Is the facility being operated in accordance with all requirements and conditions of the existing permit, including representations in the application for permit to construct and subsequent amendments, and any previously granted renewal, unless otherwise authorized for a qualified facility?	Yes
Are there any permit actions pending before the TCEQ?	No
Have any qualified facility changes under 30 TAC § 116.116(e) occurred since originally issued or last renewed?	No
Have emission factors changed since the last permitting action?	No

B. Changes Made Since Last Amendment or Renewal

Have any of the following changes been made to or proposed for the facilities covered by this permit since it was last amended or renewed and are not currently authorized by a PBR, standard permit, or other authorization? *Select*

Construction of a new emission source?	No
The emission of new chemical species or a change in character of emissions?	No
An increase in emission rates on a short term or annual basis? (This includes increases of a criteria pollutant as well as increases of a chemical species.)	No
A change in the method of emission control if the emission control is a source itself, such as a thermal oxidizer or flare?	No
Are new pollutants being added in the renewal process, not currently listed in the permit?	No

If "yes" to any question in Section B above is selected, a concurrent permit amendment is required before the permit can be renewed.

II. Federal Regulatory Questions

Indicate if any of the following requirements apply to the proposed facility. Note that some federal regulations apply to minor sources. Enter all applicable Subparts.

A. Title 40 CFR Part 60

Do NSPS subpart(s) apply to a facility in this application?	Yes
---	-----

Texas Commission on Environmental Quality
Form PI-1 General Application
Renewals

Date: 4/22/2025
 Permit #: 6296A
 Company: Brauntex Materials, Inc.

If applicable, list applicable subparts you will demonstrate compliance with (e.g. Subpart M)	A & OOO
---	---------

B. Title 40 CFR Part 61

Do NESHAP subpart(s) apply to a facility in this application?	No

C. Title 40 CFR Part 63

Do MACT subpart(s) apply to a facility in this application?	No

III. Renewal Certification

A. Renewal Certification Eligibility Determination

Select "Yes" or "No" to answer each question.

Does the permitted facility emit an air contaminant on the watch list and is the permitted facility located in the area on the watch list?	No
Is the permitted facility required to participate in the Houston/Galveston Area (HGA) cap and trade program for highly reactive VOCs? In addition, do the HRVOCs need to be speciated on the maximum allowable emission rates table (MAERT)?	No
Does the company have an unsatisfactory compliance history?	No
Is the permit a Flexible Permit or an Existing Facilities Flexible Permit?	No
Does this permit require the inclusion of marine loading emissions?	No
Is there a concurrent amendment application being submitted for this permit?	No
Is there a permit amendment application currently under review for this permit?	No
Is the addition of Compliance Assurance Monitoring conditions required with this renewal?	No
Are scheduled MSS emissions not authorized by PBR or standard permit, required to be newly authorized or modified in the permit? (30 TAC 101.222(h))	No
Are there any facilities that have been shutdown that are proposed to be removed from the permit at the time of renewal?	No
Have the emissions factors changed for any source or have the emissions calculation methodology changed for any source?	No
Is this permit being consolidated into another permit or are other NSR permits being consolidated into this permit as part of this renewal?	No
Is there inclusion of any sources never before identified but always present and previously represented?	No
Are there any changes whatsoever to the current permit special conditions or MAERT being proposed?	No
Are there any Permit by Rule authorizations (30 TAC Chapter 106) or Pollution Control Project Standard Permit authorizations that need or are proposed to be incorporated by consolidation into the permit?	No

Texas Commission on Environmental Quality
Form PI-1 General Application
Renewals

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

B. Renewal Certification Option

This permit is eligible for Renewal Certification. Continue to the next question.

I acknowledge that my project meets all renewal requirements of 30 TAC § 116.311 and is eligible for Renewal Certification. I choose the Renewal Certification Option. <i>Select "I agree." or "I do not agree."</i>	I agree
--	---------

When submitting the renewal certification application, enclose a copy of the current permit special conditions and maximum allowable emission rates tables.

Note: If comments are received during the public notice comment period, the Renewal Certification Option is no longer available.

Date: 4/22/2025
Permit #: 6296A

G. Rock and Concrete Crushers

Is this a project for a rock or concrete crushing facility?	Yes
If the project is for a rock or concrete crushing facility, is the proposed facility currently authorized at the same location by the Air Quality Standard Permit for Permanent Rock and Concrete Crushers or the Air Quality Standard Permit for Temporary Rock and Concrete Crushers?	No
If you comply with condition (1)(E) of the Permanent Rock and Concrete Crushers Standard Permit or (1U) of the Temporary Rock and Concrete Crushers Standard Permit continue with this application.	

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

[illegible]

Question	Response	Notes
Are any HAPs to be authorized/re-authorized with this project?	No	The category "HAPs" must be specifically listed in the public notice if the project authorizes (reauthorizes for renewals) any HAP pollutants.
List all pollutants listed on your current MAERT including any HAPs.	PM, PM10, PM2.5	These pollutants may be included in the Public Notice.

Requested information	Response	Notes
Is public notice required for this project as represented in this PI-1?	Yes	Public notice applicability for this project may change throughout the technical review.

A. Contact Information

1. Enter the contact information for the person responsible for publishing. This representative is responsible for ensuring public notice is properly published in the appropriate newspaper and signs are posted at the facility site. The TCEQ will contact this person directly when it is time to authorize the public notice for the application.

2. Enter the contact information for the Technical Contact. This representative will be listed in the public notice as a contact for additional information.

Telephone Number:	830-249-8284	830-249-8284
Fax Number:	830-249-0221	830-249-0221
Email Address:	dmathews@westwardenv.com	mfitts@westwardenv.com

B. Public place

Place a hard copy of the full application (including the entire completed PI-1 and all attachments) at a public place in the county where the facilities are or will be located. You must state where in the county the application will be available for public review and comment. The location must be a public place and described in the notice. A public place is a location which is owned and operated by public funds (such as libraries, county courthouses, city halls) and cannot be a commercial enterprise. You are required to pre-arrange this availability with the public place indicated below. The application must remain available from the first day of publication through the designated comment period.

If this is an application for a PSD, nonattainment, or FCAA § 112(g) permit, the public place must have internet access available for the public as required in 30 TAC § 39.411(f)(3).

If the application is submitted to the agency with information marked as Confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the TCEQ Public Information Coordinator, MC 197, P.O. Box 13087, Austin, Texas 78711-3087."

Requested Information	Response
Name of Public Place:	New Braunfels Public Library
Physical Address:	700 E Common St
Address Line 2:	
City:	New Braunfels
ZIP Code:	78130
County:	Comal
Has the public place granted authorization to place the application for public viewing and copying?	Yes

C. Alternate Language Publication

In some cases, public notice in an alternate language is required. If an elementary or middle school nearest to the facility is in a school district required by the Texas Education Code to have a bilingual program, a bilingual notice will be required. If there is no bilingual program required in the school nearest the facility, but children who would normally attend those schools are eligible to attend bilingual programs elsewhere in the school district, the bilingual notice will also be required. If it is determined that alternate language notice is required, you are responsible for ensuring that the publication in the alternate language is complete and accurate in that language.

Question	Response
Is a bilingual program required by the Texas Education Code in the School District?	Yes
Are the children who attend either the elementary school or the middle school closest to your facility eligible to be enrolled in a bilingual program provided by the district?	Yes
If yes to either question above, list all languages required by the bilingual program.	Spanish

Texas Commission on Environmental Quality
Form PI-1 General Application
Public Notice

Date: 4/22/2025
 Permit #: 6296A
 Company: Brauntex Materials, Inc.

IV. Small Business Classification

Complete this section to determine small business classification. If a small business requests a permit, agency rules (30 TAC § 39.603(f)(1)(A)) allow for alternative public notification requirements if all of the following criteria are met. If these requirements are met, public notice does not have to include publication of the prominent (12 square inch) newspaper notice.

Question	Response
Does the company (including parent companies and subsidiary companies) have fewer than 100 employees or less than \$6 million in annual gross receipts?	Yes
Is the site a major source under 30 TAC Chapter 122, Federal Operating Permit Program?	No
Are the site emissions of any individual air contaminant greater than or equal to 50 tpy?	Yes
Small business classification:	No

V. Plain Language Summary

Applications deemed administratively complete on or after May 1, 2022 must provide a plain language summary of the application to be posted on the TCEQ website. Templates can be found at the link below.

<https://www.tceq.texas.gov/permitting/air/guidance/newsourcereview/nsrapp-tools.html>

Question	Response
Is a Plain Language Summary as required by 30 TAC § 39.405(k) provided with the application?	Yes
Is a Plain Language Summary in an alternative language as required by 30 TAC § 39.426(c) provided with the application?	Yes

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

Are you requesting to expedite this project?		No

[illegible]

Date: 4/22/2025
Permit #: 6296A
Company: Brauntex Materials, Inc.

The fee for renewal is based on the total annual allowable emissions from the permitted facility to be renewed. If this project includes an amendment, the amendment permit fee will be calculated separately.	
Enter the total allowable emissions (tons per year). The total emissions must include those represented in any PBR or standard permits to be incorporated by consolidation into this permit.	3.79
Permit fee due	\$ 600.00

Renewal Fee	\$ 600.00

Plain Language Summaries	STEERS	04/22/2025

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 6296A**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Brauntex Materials, Inc. (CN600618581) has submitted an application for renewal of permit number 6296A. The Aggregate Plant (RN101060960) produces crushed stone located at 1504 Wald Rd, New Braunfels, Comal County.

This renewal will authorize the continued operation of a rock crushing and screening plant. Brauntex Materials, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
PM	3.79
PM ₁₀	1.53
PM _{2.5}	0.26

The facilities being renewed continue to be controlled by water sprays. Stockpiles and roads are watered to control dust.

Resumen en Lenguaje Sencillo Para la Certificación de la Renovación del Permiso de Revisión de Fuentes Nuevas

Solicitud de Permiso de Revisión de Nuevas Fuentes de Aire Número 6296A

El siguiente resumen se proporciona para esta solicitud de permiso de aire pendiente que está siendo revisada por la Comisión de Calidad Ambiental de Texas, según lo dispuesto en el capítulo 39 del Código Administrativo de Texas. La información proporcionada en este resumen puede cambiar durante la revisión técnica de la solicitud y no son representaciones federales ejecutables de la solicitud de permiso.

Brauntex Materials, Inc. (CN600618581) ha presentado una solicitud de renovación del permiso número 6296A. El Aggregate Plant (RN101060960) producirá piedra triturada ubicada en 1504 Wald Rd, New Braunfels, Condado de Comal.

Esta renovación autorizará la continuación del funcionamiento de la planta trituradora y cribadora de rocas. Brauntex Materials, Inc. ha certificado que no habrá cambios en el permiso. Los siguientes índices de emisión permitidos seguirán siendo los mismos.

Los Contaminantes	Cantidad Total Permitida (toneladas por año)
PM	3.79
PM ₁₀	1.53
PM _{2.5}	0.26

Las instalaciones que se renuevan siguen siendo controladas por rociadores de agua. Acopios y carreteras se reigan para controlar el polvo.

Jon Niermann, *Chairman*
Emily Lindley, *Commissioner*
Bobby Janecka, *Commissioner*
Toby Baker, *Executive Director*

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

November 19, 2021

MR WILL FISCHER
VICE PRESIDENT
BRAUNTEX MATERIALS INC
1504 WALD RD
NEW BRAUNFELS TX 78132-5018

Re: Permit Amendment
Permit Number: 6296A
Expiration Date: April 22, 2025
Brauntex Materials, Inc.
Aggregate Screening Plant
New Braunfels, Comal County
Regulated Entity Number: RN101060960
Customer Reference Number: CN600618581

Dear Mr. Fischer:

Brauntex Materials, Inc. has requested an amendment to Permit Number 6296A. This letter serves as notice that your application for the above-referenced permit is technically complete as of November 16, 2021.

In accordance with Title 30 Texas Administrative Code (TAC) § 116.116(b) and § 116.160, Permit Number 6296A is hereby amended. Enclosed are revised general conditions, special conditions, and a maximum allowable emission rates table.

This permit amendment will automatically void upon the occurrence of any of the following, as indicated in 30 TAC § 116.120(a):

1. Failure to begin construction within 18 months of the date of issuance,
2. Discontinuance of construction for more than 18 months prior to completion, or
3. Failure to complete construction within a reasonable time.

Upon request, the executive director may grant extensions as allowed in 30 TAC § 116.120(b).

Mr. Will Fischer

Re: Permit Number: 6296A

If you need further information or have any questions, please contact Mr. Bill Moody at (512) 239-1859 or write to the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

A handwritten signature in black ink, appearing to read 'Samuel Short', followed by a long horizontal line extending to the right.

Samuel Short, Deputy Director
Air Permits Division
Office of Air
Texas Commission on Environmental Quality

Enclosure

cc: Eric Shelander, Westward Environmental Inc, Boerne
Air Section Manager, Region 13 - San Antonio

Project Number: 333012

Texas Commission on Environmental Quality Air Quality Permit

A Permit Is Hereby Issued To
Brauntex Materials, Inc.
Authorizing the Construction and Operation of
Aggregate Screening Plant
Located at New Braunfels, Comal County, Texas
Latitude 29° 41' 1" Longitude -98° 10' 13"

Permit: 6296A

Amendment Date: November 19, 2021

Expiration Date: April 22, 2025

For the Commission

1. **Facilities** covered by this permit shall be constructed and operated as specified in the application for the permit. All representations regarding construction plans and operation procedures contained in the permit application shall be conditions upon which the permit is issued. Variations from these representations shall be unlawful unless the permit holder first makes application to the Texas Commission on Environmental Quality (commission) Executive Director to amend this permit in that regard and such amendment is approved. [Title 30 Texas Administrative Code (TAC) Section 116.116 (30 TAC § 116.116)]¹
2. **Voiding of Permit.** A permit or permit amendment is automatically void if the holder fails to begin construction within 18 months of the date of issuance, discontinues construction for more than 18 months prior to completion, or fails to complete construction within a reasonable time. Upon request, the executive director may grant an 18-month extension. Before the extension is granted the permit may be subject to revision based on best available control technology, lowest achievable emission rate, and netting or offsets as applicable. One additional extension of up to 18 months may be granted if the permit holder demonstrates that emissions from the facility will comply with all rules and regulations of the commission, the intent of the Texas Clean Air Act (TCAA), including protection of the public's health and physical property; and (b)(1) the permit holder is a party to litigation not of the permit holder's initiation regarding the issuance of the permit; or (b)(2) the permit holder has spent, or committed to spend, at least 10 percent of the estimated total cost of the project up to a maximum of \$5 million. A permit holder granted an extension under subsection (b)(1) of this section may receive one subsequent extension if the permit holder meets the conditions of subsection (b)(2) of this section. [30 TAC § 116.120]
3. **Construction Progress.** Start of construction, construction interruptions exceeding 45 days, and completion of construction shall be reported to the appropriate regional office of the commission not later than 15 working days after occurrence of the event. [30 TAC § 116.115(b)(2)(A)]
4. **Start-up Notification.** The appropriate air program regional office shall be notified prior to the commencement of operations of the facilities authorized by the permit in such a manner that a representative of the commission may be present. The permit holder shall provide a separate notification for the commencement of operations for each unit of phased construction, which may involve a series of units commencing operations at different times. Prior to operation of the facilities authorized by the permit, the permit holder shall identify the source or sources of allowances to be utilized for compliance with Chapter 101, Subchapter H, Division 3 of this title (relating to Mass Emissions Cap and Trade Program). [30 TAC § 116.115(b)(2)(B)]
5. **Sampling Requirements.** If sampling is required, the permit holder shall contact the commission's Office of Compliance and Enforcement prior to sampling to obtain the proper data forms and procedures. All sampling and testing procedures must be approved by the executive director and coordinated with the regional representatives of the commission. The permit holder is also responsible for providing sampling facilities and conducting the sampling operations or contracting with an independent sampling consultant. [30 TAC § 116.115(b)(2)(C)]
6. **Equivalency of Methods.** The permit holder must demonstrate or otherwise justify the equivalency of emission control methods, sampling or other emission testing methods, and monitoring methods proposed as alternatives to methods indicated in the conditions of the permit. Alternative methods shall be applied for in writing and must be reviewed and approved by the executive director prior to their use in fulfilling any requirements of the permit. [30 TAC § 116.115(b)(2)(D)]
7. **Recordkeeping.** The permit holder shall maintain a copy of the permit along with records containing the information and data sufficient to demonstrate compliance with the permit, including production records and

operating hours; keep all required records in a file at the plant site. If, however, the facility normally operates unattended, records shall be maintained at the nearest staffed location within Texas specified in the application; make the records available at the request of personnel from the commission or any air pollution control program having jurisdiction in a timely manner; comply with any additional recordkeeping requirements specified in special conditions in the permit; and retain information in the file for at least two years following the date that the information or data is obtained. [30 TAC § 116.115(b)(2)(E)]

8. **Maximum Allowable Emission Rates.** The total emissions of air contaminants from any of the sources of emissions must not exceed the values stated on the table attached to the permit entitled "Emission Sources--Maximum Allowable Emission Rates." [30 TAC § 116.115(b)(2)(F)] ¹
9. **Maintenance of Emission Control.** The permitted facilities shall not be operated unless all air pollution emission capture and abatement equipment is maintained in good working order and operating properly during normal facility operations. The permit holder shall provide notification in accordance with 30 TAC § 101.201, 101.211, and 101.221 of this title (relating to Emissions Event Reporting and Recordkeeping Requirements; Scheduled Maintenance, Startup, and Shutdown Reporting and Recordkeeping Requirements; and Operational Requirements). [30 TAC § 116.115(b)(2)(G)]
10. **Compliance with Rules.** Acceptance of a permit by an applicant constitutes an acknowledgment and agreement that the permit holder will comply with all rules and orders of the commission issued in conformity with the TCAA and the conditions precedent to the granting of the permit. If more than one state or federal rule or regulation or permit condition is applicable, the most stringent limit or condition shall govern and be the standard by which compliance shall be demonstrated. Acceptance includes consent to the entrance of commission employees and agents into the permitted premises at reasonable times to investigate conditions relating to the emission or concentration of air contaminants, including compliance with the permit. [30 TAC § 116.115(b)(2)(H)]
11. **This** permit may not be transferred, assigned, or conveyed by the holder except as provided by rule. [30 TAC § 116.110(e)]
12. **There** may be additional special conditions attached to a permit upon issuance or modification of the permit. Such conditions in a permit may be more restrictive than the requirements of Title 30 of the Texas Administrative Code. [30 TAC § 116.115(c)]
13. **Emissions** from this facility must not cause or contribute to "air pollution" as defined in Texas Health and Safety Code (THSC) § 382.003(3) or violate THSC § 382.085. If the executive director determines that such a condition or violation occurs, the holder shall implement additional abatement measures as necessary to control or prevent the condition or violation.
14. **The** permit holder shall comply with all the requirements of this permit. Emissions that exceed the limits of this permit are not authorized and are violations of this permit. ¹

¹ Please be advised that the requirements of this provision of the general conditions may not be applicable to greenhouse gas emissions.

Special Conditions

Permit Number 6296A

Emission Standards

1. This permit authorizes those sources of emissions listed in the attached table entitled "Emission Sources - Maximum Allowable Emission Rates," and those sources are limited to the emission rates and other conditions specified in the table. In addition, this permit authorizes all emissions from planned startup and shutdown activities associated with facilities or groups of facilities that are authorized by this permit. **(11/21)**

Federal Applicability

2. These facilities shall comply with all applicable requirements of the U.S. Environmental Protection Agency (EPA) Regulations on Standards of Performance for New Stationary Sources (NSPS) promulgated in Title 40 Code of Federal Regulations (40 CFR) Part 60, specifically the following: **(11/21)**
 - A. Subpart A - General Provisions; and
 - B. Subpart OOO - Nonmetallic Mineral Processing Plants.

Opacity/Visible Emission Limitations

3. Visible fugitive emissions from the crushers, screens, all material handling transfer points, stockpiles, internal roads and work areas shall not leave the property for more than 30 cumulative seconds in any six-minute period.
4. In accordance with 40 CFR Part 60, Appendix A, Test Method 9 or equivalent, and except for those periods described in 30 Texas Administrative Code (30 TAC) § 101.201 and § 101.211, opacity of emissions from any transfer point on belt conveyors or from any screen shall not exceed 7 percent and from any crusher shall not exceed 12 percent for facilities (as defined in 40 CFR §§ 60.670 and 60.671) that commence construction, modification, or reconstruction on or after April 22, 2008. Opacity of emissions from any transfer point on belt conveyors or from any screen shall not exceed 10 percent and from any crusher shall not exceed 15 percent for facilities (as defined in 40 CFR §§ 60.670 and 60.671) that commenced construction, modification, or reconstruction after August 31, 1983 but before April 22, 2008. The opacity of emissions shall not exceed the indicated percent averaged over a six-minute period. **(07/16)**

Operational Limitations and Work Practices

5. The facilities are authorized to operate up to 12 hours per day, 7 days per week, 52 weeks per year 4,380 hours per year. **(07/16)**
6. The facilities are only authorized to operate from 6 AM to 6 PM. **(07/16)**
7. The facility shall be limited to the following hourly and rolling 12-month throughput rates: **(11/21)**

Table 1: Hourly and Annual Throughput Rates

Source	Tons per hour (tph)	Tons per year (tpy) in any rolling 12-month period	Minimum Distance from the Property Line (Feet)
Plant-wide (When Crushers #3 and #4, and Crusher #1 or Crusher #2 are operated simultaneously)	900	3,942,000	---
Primary Mobile Crushing Circuit #1 (Crusher #1 and associated Emission Point Numbers [EPNs] 1 – 7)	500	2,190,000	500
Primary Mobile Crushing Circuit #2 (Crusher #2 and associated EPNs 8 – 14)	500	2,190,000	500
Secondary Permanent Crushing Circuit (Crushers #3 and #4, and associated EPNs 15 – 29)	400	1,752,000	275

8. Crusher #1 and Crusher #2 may be operated simultaneously and the combined production shall not exceed 500 tph during the daytime operation from 6 AM and 6 PM and 2,190,000 tpy. **(07/16)**
9. Crushers #3 and #4, and Crusher #1 or Crusher #2 may be operated simultaneously and the combined production shall not exceed 900 tph during the daytime operation from 6 AM and 6 PM and 3,942,000 tpy. **(11/21)**
10. The active stockpile (EPN STK) shall be limited to only 1.5 acres and daytime operations only from 6 AM to 6 PM. **(07/16)**
11. Stockpile heights shall not exceed 45 feet in height. **(11/21)**
12. Permanently mounted spray bars shall be installed at the inlet and outlet of all crushers, at all shaker screens, and at all material transfer points, except for equipment operated under partially enclosed, saturated or submerged conditions, or equipment that only handles washed materials. All water spray systems shall be operated as necessary to maintain compliance with TCEQ rules and regulations. **(11/21)**
13. The following process points shall be partially enclosed: EPNs 2, 4, 5, 9 – 11, 17, and 27. **(11/21)**
14. The following process points shall be operated under completely saturated conditions: EPNs 19, 21, 28, and 29. **(11/21)**
15. The following process points shall only handle washed materials: EPNs 22 – 26. **(11/21)**
16. The following process points shall be partially enclosed and operate under completely saturated or submerged conditions: EPNs 18 and 20. **(11/21)**

17. All in-plant roads and traffic areas, active work areas, and aggregate stockpiles shall be sprayed with water upon detection of visible particulate matter emissions to maintain compliance with all applicable TCEQ rules and regulations. **(03/13)**
18. A full-time watering truck shall be maintained on-site for watering of plant road surfaces, active work areas, and stockpiles as needed to control fugitive dust emissions. Care shall be taken to prevent oversaturated conditions which would cause outgoing trucks to track mud onto public streets. **(03/13)**

Demonstration of Continuous Compliance

19. Upon request by the TCEQ Executive Director or the TCEQ Regional Director having jurisdiction, the holder of this permit shall perform ambient air monitoring, and/or other testing as required to establish the actual pattern and quantities of air contaminants being emitted into the atmosphere. The test shall be performed during normal operation of the facilities and shall be performed in accordance with accepted TCEQ practices and procedures. **(11/21)**
20. The holder of this permit shall conduct a quarterly visible fugitive emissions determination to demonstrate compliance with the visible fugitive emissions limitation specified in this permit. This visible fugitive emissions determination shall be performed: 1) during normal plant operations, 2) for a minimum of six minutes, 3) approximately perpendicular to plume direction, 4) with the sun behind the observer (to the extent practicable), 5) at least 15 feet, but not more than 0.25 mile, from the plume, and 6) in accordance with EPA 40 CFR Part 60, Appendix A, Test Method 22, except where stated otherwise in this condition. If visible fugitive emissions leaving the property exceed 30 cumulative seconds in any six-minute period, the owner or operator shall take immediate action (as appropriate) to eliminate the excessive visible fugitive emissions. The corrective action shall be documented within 24 business hours of completion. **(11/21)**

Recordkeeping Requirements

21. In addition to the recordkeeping requirements specified in General Condition No. 7 and 40 CFR 60, Subparts A and OOO, the following records shall be kept and maintained on site and made available at the request of personnel from the TCEQ or any other air pollution control program having jurisdiction to demonstrate compliance with permit limitations. These records shall be retained for a rolling 24-month period and include the following: **(07/16)**
 - A. Daily and annual amounts of materials processed, summarized in tons per hour and tons per year;
 - B. Road cleaning, application of road dust control, or road maintenance for dust control;
 - C. All malfunctions, repairs, and maintenance of abatement systems, which includes replacements and the manufacturer's suggested cleaning and maintenance schedule;
 - D. Quarterly observations for visible emissions and/or opacity observations; and
 - E. Inspections of abatement devices shall be recorded as they occur.

Date November 19, 2021

Emission Sources - Maximum Allowable Emission Rates

Permit Number 6296A

This table lists the maximum allowable emission rates and all sources of air contaminants on the applicant's property covered by this permit. The emission rates shown are those derived from information submitted as part of the application for permit and are the maximum rates allowed for these facilities, sources, and related activities. Any proposed increase in emission rates may require an application for a modification of the facilities covered by this permit.

Air Contaminants Data

Emission Point No. (1)	Source Name (2)	Air Contaminant Name (3)	Emission Rates (6)	
			lbs/hour	TPY (4)
2	Crusher #1 (5)	PM	0.09	0.20
		PM ₁₀	0.04	0.09
		PM _{2.5}	0.01	0.02
9	Crusher #2 (5)	PM	0.09	0.20
		PM ₁₀	0.04	0.09
		PM _{2.5}	0.01	0.02
17	Crusher #3 (5)	PM	0.07	0.16
		PM ₁₀	0.03	0.07
		PM _{2.5}	0.01	0.01
4	Screen #1 (5)	PM	0.17	0.36
		PM ₁₀	0.06	0.12
		PM _{2.5}	<0.01	0.01
10	Screen #2 (5)	PM	0.17	0.36
		PM ₁₀	0.06	0.12
		PM _{2.5}	<0.01	0.01

		PM ₁₀	0.03	0.07
		PM _{2.5}	0.01	0.01
28	Wet Screen #5 (5)	PM	0.10	0.22
		PM ₁₀	0.03	0.08
		PM _{2.5}	0.01	0.01
(1, 3, 5-7 or 8, 11-14, combined) and (15-16,	Material Handling (5)	PM	0.45	0.99
		PM ₁₀	0.15	0.33

Emission Sources - Maximum Allowable Emission Rates

Emission Point No. (1)	Source Name (2)	Air Contaminant Name (3)	Emission Rates (6)	
			lbs/hour	TPY (4)
19, 21-26, 29)		PM _{2.5}	0.04	0.09
STK	Stockpiles (Including Loading and Unloading) (5)	PM	---	1.08
		PM ₁₀	---	0.54
		PM _{2.5}	---	0.08

- (1) Emission point identification - either specific equipment designation or emission point number (EPN) from plot plan.
- (2) Specific point source name. For fugitive sources, use area name or fugitive source name.
- (3) PM - total particulate matter, suspended in the atmosphere, including PM₁₀ and PM_{2.5}, as represented
 PM₁₀ - total particulate matter equal to or less than 10 microns in diameter, including PM_{2.5}, as represented
 PM_{2.5} - particulate matter equal to or less than 2.5 microns in diameter
- (4) Compliance with annual emission limits (tons per year) is based on a 12-month rolling period.
- (5) Emission rate is an estimate and is enforceable through compliance with the applicable special condition(s) and permit application representations.
- (6) Planned startup and shutdown emissions are included. Maintenance activities are not authorized by this permit.

An additional space to attach any other necessary information needed to complete the permit.

Expedite Case by Case

1) Per Texas Health and Safety Code, Section 382.05155, does the applicant want to expedite the processing of this application?

No

Certification

The electronic signature below indicates that the Responsible Official has knowledge of the facts herein set forth and that the same are true, accurate, and complete to the best of my knowledge and belief. I further state that to the best of my knowledge and belief, the project for which application is made will not in any way violate any provision of the Texas Water Code (TWC), Chapter 7, Texas Clean Air Act (TCAA), as amended, or any of the air quality rules and regulations of the Texas Commission on Environmental Quality or any local governmental ordinance or resolution enacted pursuant to the TCAA. I further state that I understand my signature indicates that this application meets all applicable nonattainment, prevention of significant deterioration, or major source of hazardous air pollutant permitting requirements. I further state that I have read and understand TWC 7.177-7.183, which defines CRIMINAL OFFENSES for certain violations, including intentionally or knowingly making or causing to be made false material statements or representations in this application, and TWC 7.187, pertaining to CRIMINAL PENALTIES.

1. I am William D Fischer, the owner of the STEERS account ER027683.
2. I have the authority to sign this data on behalf of the applicant named above.
3. I have personally examined the foregoing and am familiar with its content and the content of any attachments, and based upon my personal knowledge and/or inquiry of any individual responsible for information contained herein, that this information is true, accurate, and complete.
4. I further certify that I have not violated any term in my TCEQ STEERS participation agreement and that I have no reason to believe that the confidentiality or use of my password has been compromised at any time.
5. I understand that use of my password constitutes an electronic signature legally equivalent to my written signature.
6. I also understand that the attestations of fact contained herein pertain to the implementation, oversight and enforcement of a state and/or federal environmental program and must be true and complete to the best of my knowledge.
7. I am aware that criminal penalties may be imposed for statements or omissions that I know or have reason to believe are untrue or misleading.
8. I am knowingly and intentionally signing Case-by-Case Existing Permit Application 6296A.
9. My signature indicates that I am in agreement with the information on this form, and authorize its submittal to the TCEC
