Subject: RE: Permit 7916 West Silver, Inc: Republication of Spanish NORI

Hello Rosalio,

The alternative language Notice of Receipt and Intent to Obtain Permit (i.e., Spanish NORI) must be published in a newspaper or publication primarily printed in the Spanish language. The Spanish NORI will need to be republished. Please review the attached document for information regarding alternative language publication requirements.

Hello Rosalio,

The *Notice of Receipt of Application and Intent to Obtain Permit (NORI)* should be published within 30 calendar days of receiving a notice of administrative completeness letter. The deadline to publish the NORI (mailed on 8/4/2025) is **9/4/2025**. Please provide information regarding where you are at in the publication process (i.e., Have you published? When did you publish?). Furthermore, we have not received the following documents: *Proof of Publication* and *Affidavit of Publication*. We require these documents to continue processing your permit application. Please submit these documents to proofs@tceq.texas.gov and cc Tyrren.parrish@tceq.texas.gov. Please refer to the attachment for more information regarding submittal deadlines for documents required to complete the processing of your permit application.

Thank you,

Ty Parrish

Subject: Updated workbook request and Spanish Nori Translation request for permit 7916 W Silver

We have attached Example A aka Ejemplo A and the Example B drafts for this permit with the Spanish templates included. **Please also provide an updated workbook in which row 37 on the Public notice tab should say YES to include the air contaminant HAPS.**

You may utilize the [Spanish Tools for Air Permitting Public Notices](#) to help with air contaminant translation. **The applicant is responsible for ensuring that the publication in the alternative language is complete and accurate for the required languages. The templates provided are only templates. CAREFULLY READ THE INSTRUCTIONS ON THE EXAMPLE B TO AVOID PROCESSING DELAYS. CAREFULLY REVIEW IF THIS IS RENEWAL, AMENDMENT OR INITIAL APPLICATION. If the Example A or B is filled in incomplete or incorrectly, we will send back for your business to correct.** Complete instructions on publishing the bilingual notice and posting signs will be available in the public notice package once issued.

The NORI approval and Alternative Language Spanish template including any additional Alternative Language notices as applicable **must be completed and returned within 2 business days** before we can issue the NORI and post to the agency's website. This is in accordance with [Title VI Compliance](#). **Please ensure that there are no brackets left on the translated document(s), and that the document is formatted neatly and accurately. This project will not be considered administratively complete until this is done.** **Be advised that although the Spanish templates for the Nori and Example B have been provided, it is still the responsibility of the applicant for the English Nori draft to be translated to Spanish exactly as it appears, any errors or inconsistencies would be the fault of the business.** If you have any questions, please let me know.

The NORI is a legally approved document and only the items listed below are subject to approval/correction. Please review carefully and provide corrections including a revised workbook as needed:

- Street address or driving directions to the facility
- Hyperlink for the map to facility - please confirm the map shows the general vicinity location of the facility
- **Contaminant's list**
- Public viewing place (must be in the same county as the facility and may be required to have internet access)
- **For renewal applications, check all previous permitting actions since initial issuance or last renewal to make sure they are listed in Example A**

- **Incorporation / consolidation of registrations for PBRs (Permit by Rule) (Permits by Rule) and Standard Permits being included with this application**
- **Emission factor changes**
- **Qualified facility changes**
- Public Notice Technical Contact information
- Big or small business status (Small businesses will not receive Example B)

Please do not publish until you receive an email containing an administratively complete letter and public notice package.

Your prompt assistance is appreciated.

Thank you,
Ariel Vargas
