Hello Kimberly,

Thank you for providing the documents. You followed the instructions on the NORI letter correctly. However, also providing the permit reviewer with the publication documents can improve application processing speeds.

Ty Parrish

Good morning Ty,

Sorry about that. I was following the instructions on the NORI letter and sent it to those listed on the notification list. It was sent to Matthew Ray. I didn't see you listed. But here it is attached.

Let me know if you need anything else.

Thanks,

Kim Hughes, PE | Environmental Manager | office: 469.405.8282 | cell: 469.371.2404

Good morning Steven,

Wanted to follow up on our conversation from yesterday and see if you have any update on the amended NORI (to include HAPs). Also, wanted to see what guidance you found out on if the Microsoft issue is not resolved prior to the deadline date of publishing (Jan. 11th) what we should do. Our deadline to approve the notice with the newspaper is today for publishing on Thursday.

Would the Notice Issuance Date be revised to a later date so that we have ample time to publish?

Thanks,

Kim Hughes, PE | Environmental Manager | office: 469.405.8282 | cell: 469.371.2404

EXTERNAL EMAIL

Hello Kim,

Thank you for providing an updated PI-1. Combustion turbines are considered a type of combustion engine. TCEQ recognizes engines to have HAPs emissions. Please be advised that you will receive an email from the APIRT reviewer with an amended NORI attached. Please review this email and complete the necessary steps.

EXTERNAL EMAIL

Hello,

I am the permit reviewer assigned to the renewal of NSR Permit 9668. TCEQ recognizes engines to have HAPs emissions, which may not have been quantified on the MAERT in the past, but they need to be listed on the public notice. Please submit a new PI-1 Workbook with Row 37 of the "Public Notice" tab stating "Yes." Once we receive the updated PI-1 Workbook, I will reach out to the assigned APIRT reviewer to have them draft a new NORI document with HAPs listed.

Please let me know if there are any questions.

Thank you,

Ty Parrish
