---

Good morning Rosa,

I have a couple of minor comments on the Spanish NORI and Example B. Attached are clean versions of the documents, as well as versions with comments outlining the suggested changes.

Please feel free to give me a call if you have any questions.

Thanks,  
**Jennifer Arreola**  
Managing Consultant

Hello,

Please promptly review the amended public notice drafts and respond with your approval **within 48 hours**, so we may proceed to finalize this project.

Please do not publish until you receive an email containing an administratively complete letter and public notice package.

Your prompt assistance is appreciated.

Sincerely,

Rosa Mora-Nichols, License & Permit Specialist

## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

May 13, 2026

MR OMAR CHAVEZ  
SITE MANAGER  
INDORAMA VENTURES OXIDES LLC  
3892 HIGHWAY 90  
DAYTON TX 77535-7772

Re: *Amended* Notice of Receipt of Application and Intent to Obtain Permit

Declaration of Administrative Completeness  
Permit Renewal Application  
Air Quality Permit Number 3275A  
Chemical Manufacturing Facility  
Dayton, Liberty County  
Customer Reference Number: CN605743038  
Regulated Entity Number: RN100225721

Dear Mr. Chavez:

The Texas Commission on Environmental Quality (TCEQ) has declared the above-referenced application, received on April 13, 2026, administratively complete on April 20, 2026.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List

**Please note that it is very important that you follow all directions in the enclosed instructions.** If you do not, you may be required to republish the notice. Some common errors are the unauthorized changing of notice wording or font, omission of air contaminants, and inaccurate plant site location information represented in the application. Additional information can be found at [www.tceq.texas.gov/permitting/air/bilingual/how1\\_2\\_pn.html](http://www.tceq.texas.gov/permitting/air/bilingual/how1_2_pn.html) or **if you have any questions, please contact us before you proceed with publication.**

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e. submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice**

Mr. Omar Chavez  
Page 2  
May 13, 2026

Re: Permit: 3275A

**verification form within 10 business days after the end of the designated comment period).** This checklist should be used as a tool in conjunction with the enclosed, detailed instructions. If you do not comply with all requirements described in the instructions, TCEQ cannot continue processing the application and may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Ms. Rosa Mora-Nichols at (512) 239-2071.

Sincerely,

A handwritten signature in cursive script that reads "Nancy Birdsong".

Project Number: 407826

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## EXAMPLE A

### **AMENDED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT (NORI) RENEWAL**

PERMIT NUMBER 3275A

**APPLICATION.** Indorama Ventures Oxides LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for Renewal of Air Quality Permit Number 3275A, which would authorize continued operation of the Chemical Manufacturing Facility located at 3892 Highway 90, Dayton, Liberty County, Texas 77535. **AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/air/newsourcereview/airpermits-pendingpermit-apps>. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-94.953055,30&level=13>. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, hazardous air pollutants, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, and sulfur dioxide.

This application was submitted to TCEQ on April 13, 2026. The application will be available for viewing and copying at the TCEQ central office, TCEQ Houston Regional Office, and the Jones Public Library, 801 South Cleveland Street, Suite A, Dayton, Liberty County, Texas 77535, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston Regional Office of the TCEQ. The application, including any updates, is available electronically at the following webpage: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>

*The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of permits-by-rule related to this permit. An amendment application that is not subject to public notice or an opportunity for a contested case hearing is also being reviewed. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.***

**PUBLIC COMMENT.** You may submit public comments to the Office of the Chief Clerk at the address below. TCEQ will consider all public comments in developing a final decision on the application and the executive director will prepare a response to those comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** You may request a contested case hearing if you are a person who may be affected by emissions of air contaminants from the facility. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[l/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

***The deadline to submit a request for a contested case hearing is 15 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after mailing of the response to comments.***

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST.** In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

**AGENCY CONTACTS AND INFORMATION.** All public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). Si desea información en Español, puede llamar al 1-800-687-4040. You can also view our website for public participation opportunities at [www.tceq.texas.gov/goto/participation](http://www.tceq.texas.gov/goto/participation).

Further information may also be obtained from Indorama Ventures Oxides LLC, 3892 Highway 90, Dayton, Texas 77535-7772, or by calling Mr. Tory Wingate, Houston Area Environmental Manager, at (409) 723-4072.

*Amended Notice Issuance Date: May 13, 2026*

## Example B

### Publication Elsewhere in the Newspaper:

TO ALL INTERESTED PERSONS AND PARTIES:

Indorama Ventures Oxides LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for Renewal of Air Quality Permit Number 3275A, which would authorize continued operation of the Chemical Manufacturing Facility located at 3892 Highway 90, Dayton, Liberty County, Texas 77535. Additional information concerning this application is contained in the public notice section of this newspaper.

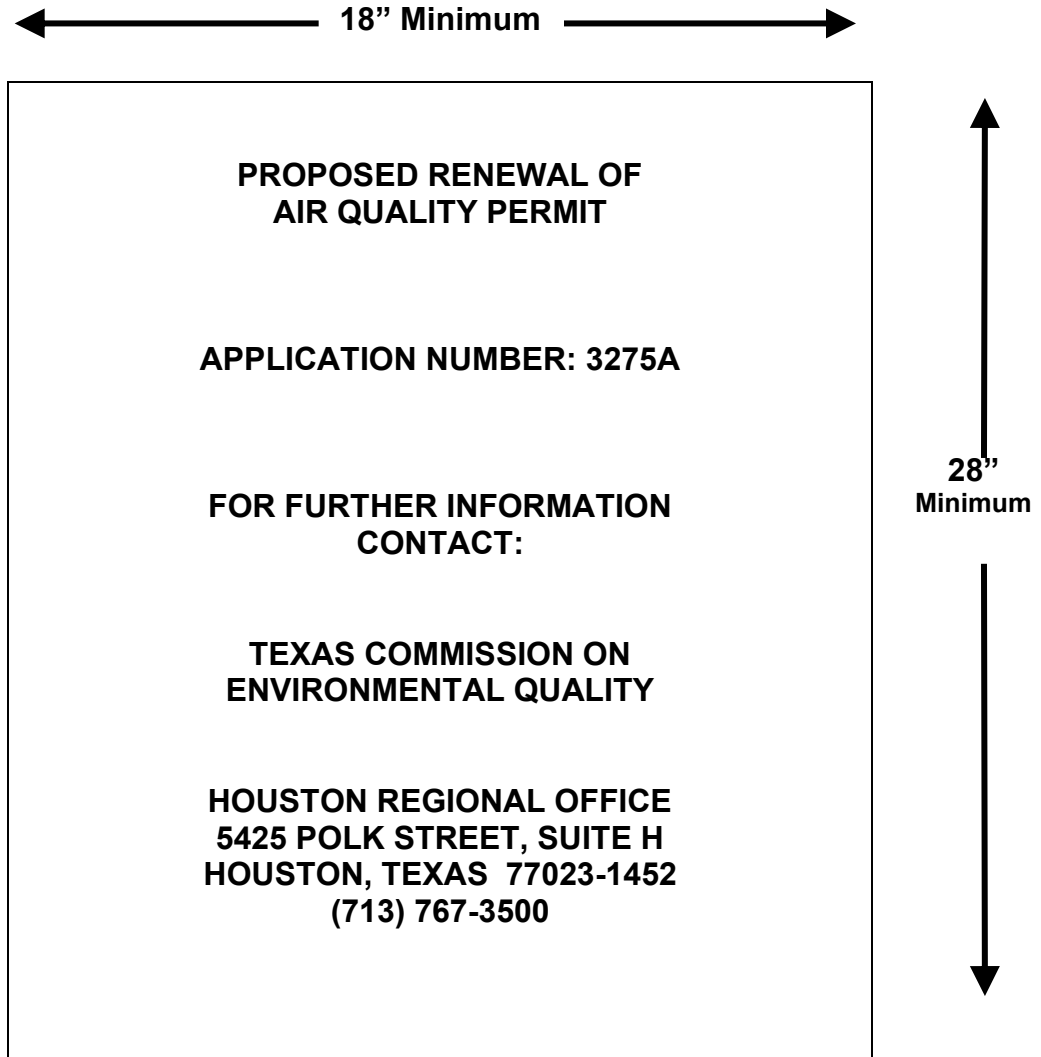

↑  
3"  
minimum

← Minimum 2 column widths or 4 inches →

## Example C

### Sign Posting

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and the lettering must be legible for the 15-day public comment period (which begins on the last day of newspaper publication, either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street, or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

**WHITE BACKGROUND WITH BLACK LETTERS**

**All lettering must be no less than 1-1/2-inch block printed capitals.**

**Public Notice Checklist**  
**Notice of Receipt of Application and Intent to Obtain Permit**  
**(1st Notice)**

The following tasks must be completed for public notice. If publication in an alternative language is required, please complete the tasks for both the English and alternative language publications. Detailed instructions are included in the "Instructions for Public Notice" section of this package.

<b>Within 30 calendar days after date of administrative completeness letter</b>
<p>Publish <i>Notice of Receipt of Application and Intent to Obtain Permit</i></p> <ul style="list-style-type: none"><li>- Example A must be published in "public notice" section of newspaper. Review for accuracy prior to publishing.</li><li>- Example B must be published in prominent location (other than "public notice") in same issue of newspaper.</li></ul> <p>Provide copy of application at a public place for review and copying. Keep it there until end of the designated comment period.</p> <p>Prepare signs.</p>
<b>First day of newspaper publication</b>
<p>Review published newspaper notice for accuracy. If errors, contact Air Permits Division.</p> <p>Post signs and keep them up for duration of the designated comment period (see Example C).</p> <p>Ensure copy of application is at the public place.</p>
<b>Within 10 business days after date of publication</b>
<p>Proof of publication showing publication date and newspaper name should be emailed to <a href="mailto:PROOFS@tceq.texas.gov">PROOFS@tceq.texas.gov</a> or mailed to:</p> <ul style="list-style-type: none"><li>Texas Commission on Environmental Quality</li><li>Office of the Chief Clerk, MC-105</li><li>Attn: Notice Team</li><li>P.O. Box 13087</li><li>Austin, Texas 78711-3087</li></ul> <p>Mail or email, as instructed, photocopies of newspaper clippings showing publication date and newspaper name to persons listed on <i>Notification List</i></p>
<b>Within 30 calendar days after date of publication</b>
<p>Affidavit of publication for air permitting and alternative language affidavit of publication for air permitting (if applicable) should be emailed to <a href="mailto:PROOFS@tceq.texas.gov">PROOFS@tceq.texas.gov</a> or mailed to:</p> <ul style="list-style-type: none"><li>Texas Commission on Environmental Quality</li><li>Office of the Chief Clerk, MC-105</li><li>Attn: Notice Team</li><li>P.O. # TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## Instructions for Public Notice For New Source Review Air Permit Renewal

### Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

#### Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

#### Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper should be of general circulation in the municipality nearest to the location or proposed location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side at least 3 inches.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

## Alternative Language Notice

- In certain circumstances, applicants for air permits must complete notice in alternative languages.
- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs, or signs and newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication primarily printed in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the **Public Notice Verification Form (Form TCEQ-20244)** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- It is suggested that the applicant works with the local school district to do the following:
  - (a) determine if a bilingual program is required in the district.
  - (b) determine which language is required by the bilingual program.
  - (c) locate the nearest elementary and middle schools; and
  - (d) determine if any students attending either school are eligible to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements after receipt of the full public notice package, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html). All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication. Email a copy to Air Permits Division staff.**
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

## Public Comment Period

- The public comment period should last at least **30 calendar days**. With the exception of renewals whose comment period should last at least **15 calendar days**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held or if second notice is required. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

## Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly, you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavits of publication.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with proof of publication described above.
- You must submit the **Public Notice Verification Form (Form TCEQ-20244)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met alternative language notice requirements. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**
- The **affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** should be emailed to [PROOFS@tceq.texas.gov](mailto:PROOFS@tceq.texas.gov) or be mailed to:

Texas Commission on Environmental Quality  
Office of the Chief Clerk, MC-105  
Attn: Notice Team  
P.O. Box 13087  
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

## Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

## Sign Posting

Applicants for air quality permits must also post signs.

- You must post at least one sign in English and as applicable, in each alternative language.
- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible and be visible from the street for the entire duration of the publications' designated comment period (see Example C).
- The sign template enclosed (*Example C*) is an example only. Read the sign template carefully and notify the TCEQ if it has an error or omissions. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TCEQ must be approved by the agency.
- Signs placed at the site must be located within 10 feet of each (every) property line paralleling a public street, road, or highway. Signs must be spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public street, road, or highway. Sign(s) must be placed at a sufficient height above the ground that is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be no less than 1½" in height with block printed capital lettering. The sign must be at least 18" wide and 28" tall and consist of black lettering on a white background.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.
- Inspect each posted sign daily to ensure it is present and visible throughout the entire comment period.
- You must submit verification of sign posting using the **Public Notice Verification Form (Form TCEQ-20244)** within **10 business days** after end of the publications' designated comment period. Do not submit the *Public Notice Verification Form* verifying sign posting until after the comment period is over. You cannot certify that the sign posting is in compliance until after the comment period is over. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

## Application in a Public Place

- You must provide a copy of the administratively complete application at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, libraries, county courthouses, or city halls.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available during the entire public comment period.

- If the application is submitted to TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: “Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087.”
- You must submit verification of file availability using the **Public Notice Verification Form (Form TCEQ-20244)** within **10 business days** after end of the publications’ designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

### **General Information**

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you wish to obtain an electronic copy, please contact the initial reviewer who assisted in the preparation of this public notice package. The electronic version is available in Microsoft Word format only and can be requested once your application has been declared administratively complete. Please ensure that the electronic version is correct and consistent with the hard copies that were provided. Any revisions made may not be accepted. **You may download copies of the Public Notice Verification Form and Affidavits of publication by visiting our agency Web site at [www.tceq.texas.gov/permitting/air/nav/air\\_publicnotice.html](http://www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html).**

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the administrative reviewer listed in the cover letter.

# COMISIÓN DE CALIDAD AMBIENTAL DE TEXAS

## Ejemplo A

### ENMENDADO AVISO DE RECIBIMIENTO DE LA SOLICITUD E INTENCIÓN DE OBTENER RENOVACIÓN DEL PERMISO DE AIRE (NORI) NÚMERO DE PERMISO 3275A

**SOLICITUD.** Indorama Ventures Oxides LLC, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ, por sus siglas en inglés) la renovación del permiso de calidad del aire número 3275A, que autorizaría la continuación del funcionamiento de la Planta de fabricación de productos químicos situado en 3892 Highway 90, Dayton, Condado de Liberty, Texas 77535. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación se ofrece como cortesía pública y no forma parte de la solicitud o del anuncio. Para conocer la ubicación exacta, consulte la solicitud. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-94.953055,30&level=13> La instalación existente está autorizada a emitir los siguientes contaminantes atmosféricos: monóxido de carbono, contaminantes atmosféricos peligrosos, óxidos de nitrógeno, compuestos orgánicos, material particulado incluyendo material particulado con diámetros de 10 micras o menos y de 2.5 micras o menos, y dióxido de azufre.

Esta solicitud se presentó a la TCEQ el 13 de Abril del 2026. La solicitud estará disponible para su visualización y copia en la Oficina Central de la TCEQ, la Oficina Regional de la TCEQ en Houston, y la Biblioteca Publica Jones, 801 South Cleveland Street, Suite A, Dayton, Condado de Liberty, Texas 77535, a partir del primer día de la publicación de este aviso. El expediente de cumplimiento de la instalación, si existe, está a disposición del público en el Houston oficina regional de la TCEQ. La solicitud (cualquier actualización inclusive) está disponible electrónicamente en la siguiente página web: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notice>.

*El director ejecutivo ha determinado que la solicitud está administrativamente completa y llevará a cabo una revisión técnica de la misma. Además de la renovación, esta acción de autorización incluye la incorporación de permisos mediante reglamento relacionados con este permiso. También se está revisando una solicitud de modificación que no está sujeta a notificación pública ni a la posibilidad de una audiencia contenciosa. Las razones de cualquier cambio o incorporación, en la medida en que se incluyan en el permiso renovado, pueden incluir la mejora del control operativo en la planta o la exigibilidad del permiso. La TCEQ puede actuar sobre esta solicitud sin buscar más comentarios del público o dar la oportunidad de una audiencia de caso impugnado si se cumplen ciertos criterios.*

**COMENTARIOS DEL PÚBLICO.** Puede presentar comentarios públicos a la Oficina del Secretario Oficial en la dirección indicada a continuación. La TCEQ considerará todos los comentarios del público al elaborar una decisión final sobre la solicitud y el director ejecutivo preparará una respuesta a esos comentarios. Cuestiones como el valor de la propiedad, el ruido, la seguridad del tráfico y la zonificación están fuera de la jurisdicción de la TCEQ para ser tratadas en el proceso de permiso.

**OPORTUNIDAD DE UNA AUDIENCIA DE CASO IMPUGNADO.** Puede solicitar una audiencia de caso impugnado si usted es una persona que puede verse afectada por las emisiones de contaminantes atmosféricos de la instalación tiene derecho a solicitar una audiencia. Si solicita una audiencia de caso impugnado, deberá presentar lo siguiente (1) su nombre (o, en el caso de un grupo o asociación, un representante oficial), dirección postal y número de teléfono durante el día; (2) el nombre del solicitante y el número de permiso; (3) la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado"; (4) una descripción específica de cómo se vería/n afectado/s por la solicitud y las emisiones atmosféricas de la instalación de una manera no común al público en general; (5) la ubicación y la distancia de su propiedad en relación con la instalación; (6) una descripción del uso que usted hace de la propiedad que puede verse afectada por la instalación; y (7) una lista de todas las cuestiones de hecho controvertidas que presente durante el periodo de comentarios. Si la solicitud la realiza un grupo o asociación, deberá identificarse con nombre y dirección física a uno o varios miembros que estén legitimados para solicitar una audiencia. También deben identificarse los intereses que el grupo o asociación pretende proteger. También puede presentar sus propuestas de ajustes a la solicitud/permiso que satisfagan sus preocupaciones.

**El plazo para presentar una solicitud de audiencia de caso impugnado es de 15 días a partir de la publicación del anuncio en el periódico. Si la solicitud se presenta a tiempo, el plazo para solicitar una audiencia de caso impugnado se ampliará a 30 días después del envío de la respuesta a los comentarios.**

Si se presenta a tiempo cualquier solicitud de audiencia de caso impugnado, el Director Ejecutivo remitirá la solicitud y cualquier solicitud de audiencia de caso impugnado a los Comisionados para su consideración en una reunión programada de la Comisión. A menos que la solicitud se remita directamente a una audiencia de caso impugnado, el director ejecutivo enviará por correo la respuesta a los comentarios junto con la notificación de la reunión de la Comisión a todas las personas que hayan presentado comentarios o estén en la lista de correo de esta solicitud. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante haya presentado en sus comentarios a tiempo y que no hayan sido retirados posteriormente. **Si se concede una audiencia, el objeto de la misma se limitará a las cuestiones de hecho controvertidas o a las cuestiones mixtas de hecho y de derecho relativas a los problemas de calidad del aire pertinentes y materiales presentados durante el periodo de comentarios.** Cuestiones como el valor de la propiedad, el ruido, la seguridad del tráfico y la zonificación quedan fuera de la jurisdicción de la Comisión para ser tratadas en este procedimiento.

**LISTA DE CORREO.** Además de presentar comentarios públicos, puede solicitar que se le incluya en una lista de correo para recibir futuros avisos públicos sobre esta solicitud específica enviando una solicitud por escrito a la Oficina del Secretario Oficial en la dirección que figura a continuación.

**CONTACTOS E INFORMACIÓN DE LA AGENCIA.** Los comentarios y solicitudes del público deben presentarse vía electrónicamente en [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/), o por escrito a la Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información de contacto que proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física, formará parte del registro público de la agencia. Para más información sobre el proceso de tramitación de permisos, favor de llamar al Programa de Educación pública de la TCEQ sin costo al 1-800-687-4040, o bien visitar su sitio web, [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). Para información en español, favor de llamar al 1-800-687-4040. También es posible consultar oportunidades de participación pública en nuestro sitio web, [www.tceq.texas.gov/goto/participation](http://www.tceq.texas.gov/goto/participation).

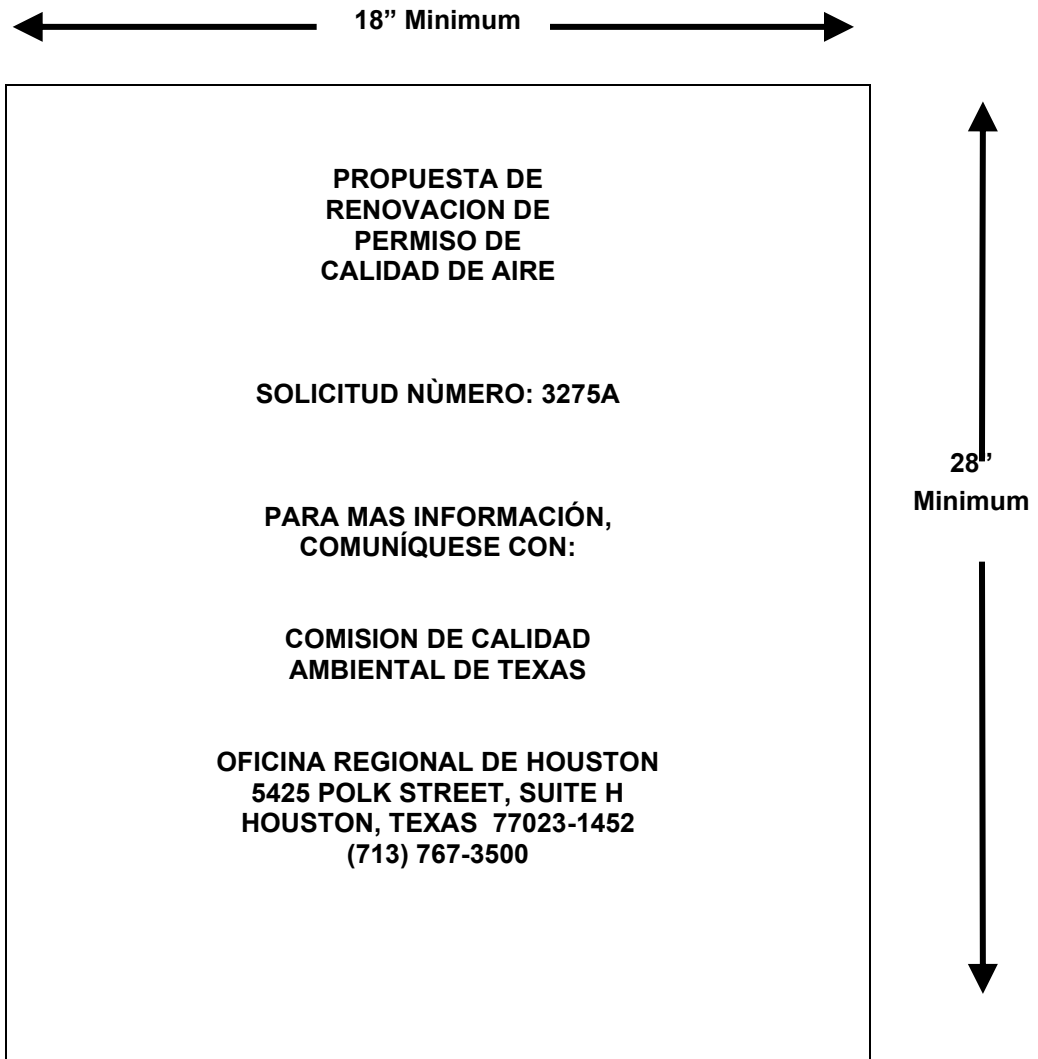

También se puede obtener más información de Indorama Ventures Oxides LLC, 3892 Highway 90, Dayton, Texas 77535-7772, o llamando al Señor Tory Wingate, Gerente Ambiental del Área de Houston, al (409) 723-4072.

*ENMENDADO Fecha de Emisión del Aviso: 13 de Mayo del 2026*

**EXAMPLE C**

**SIGN POSTING**

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and be legible for the 15-day public comment period (which begins on the last day of newspaper publication, either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street, or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

**WHITE BACKGROUND WITH BLACK LETTERS**

**All lettering must be no less than 1-1/2-inch block printed capitals.**
