EXAMPLE F

SIGN POSTING

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and be legible during that designated comment period (15 days). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

WHITE BACKGROUND WITH BLACK LETTERS

All lettering must be no less than 1-1/2 inch block printed capitals.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

July 29, 2026

THE HONORABLE LEO HUNG
REEVES COUNTY JUDGE
100 E. 4TH STREET SUITE 104A
PECOS TX 79772-4050

Re: Renewal of Registration under an Air Quality Standard Permit for Concrete Batch Plants

Dear Judge Hung:

Pursuant to the requirements of Section 382.0516 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, this letter is to notify you of the recent receipt of a renewal application for an air quality standard permit registration for a concrete batch plant which is located in your county. As part of the air permitting process, this applicant will be required to publish a formal public notice in a newspaper of general circulation in the municipality which the plant is located or is proposed to be located or in the municipality nearest to the location or proposed location of the facility. The notice will inform the public of their right to ask questions, make comments, request a contested case, or request a public meeting. This letter is being sent to you for information only and no action is required. The status of all pending air quality applications may be viewed by visiting our agency Web site at www2.tceq.texas.gov/airperm/index.cfm?fuseaction=airpermits.start.

Miniconcrete Materials, Inc., 15001 Horizon Boulevard, El Paso, Texas 79928-8567, has applied to renew the registration for a Concrete Batch Plant located from Intersection of Hwy 285 and Roberson Road travel north 2.95 miles to site on east side of road, Pecos, Reeves County, Texas 79772. The Air Quality Registration Number is 142335L001.

If you need further information or have any questions, please call Mr. Joe Nicosia at (512) 239-1644 or write him at the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

A handwritten signature in cursive script that reads "Nancy Birdsong".

Nancy Birdsong, Team Leader
Air Permits Initial Review Team

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

July 29, 2026

MR JOSE SOTO
PRESIDENT
MINICONCRETE MATERIALS INC
15001 HORIZON BLVD
EL PASO TX 79928-8567

Re: Declaration of Administrative Completeness
Renewal of Registration under an Air Quality Standard Permit for Concrete Batch Plants
Air Quality Registration No. 142335L001
Concrete Batch Plant
Pecos, Reeves County
Customer Reference Number: CN604122762
Regulated Entity Number: RN109362046

Dear Mr. Soto:

The Texas Commission on Environmental Quality (TCEQ) has declared the above-referenced application, received on July 22, 2026, administratively complete on July 29, 2026.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List
- Air Quality Standard Permit for Concrete Batch Plants

Please note that it is very important that you follow all directions in the enclosed instructions. If you do not, you may be required to republish the notice. Some common errors are the unauthorized changing of notice wording or font, omission of air contaminants, and inaccurate plant site location information represented in the application. Additional information can be found at www.tceq.texas.gov/permitting/air/bilingual/how1_2_pn.html or **if you have any questions, please contact us before you proceed with publication.**

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time limitations are not met (i.e.; submitting proof of publication within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification**

Mr. Jose Soto
Page 2
July 29, 2026

Re: Registration: 142335L001

form within 10 business days after the end of the designated comment period). This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

If you do not comply with all requirements described in the instructions, the TCEQ cannot continue processing the application and may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Ms. Arielle Perez at (512) 239-1031.

Sincerely,

A handwritten signature in black ink, appearing to read "Nancy Birdsong", with a long horizontal flourish extending to the right.

Nancy Birdsong, Team Leader
Air Permits Initial Review Team
Air Permits Division

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR QUALITY STANDARD PERMIT REGISTRATION RENEWAL

AIR QUALITY REGISTRATION NO. 142335L001

APPLICATION Miniconcrete Materials, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Registration No. 142335L001, for an Air Quality Standard Permit for a Concrete Batch Plant, which would authorize continued operation of a Concrete Batch Plant located from Intersection of Hwy 285 and Roberson Road travel north 2.95 miles to site on east side of road, Pecos, Reeves County, Texas 79772. **AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en

<https://www.tceq.texas.gov/permitting/air/newsourcesreview/airpermits-pendingpermit-apps>. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-103.49935,31.46205&level=13>. The existing facility is authorized to emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on July 22, 2026. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Midland regional office, and the Pecos City Hall, 115 West 3rd Street, Pecos, Reeves County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Midland regional office of the TCEQ. The application, including any updates, is available electronically at the following webpage: <https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>

The executive director has determined the application is administratively complete and will conduct a technical review of the application. Information in the application indicates that this permit renewal would not result in an increase in allowable emissions and would not result in the emission of an air contaminant not previously emitted. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after the final newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to consider in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. **If no hearing request is received within this 15-day period, no further opportunity for hearing will be provided.** According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the

Commission's decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk, at the address below.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requester submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to consider in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION. All public comments and requests must be submitted either electronically at www14.tceq.texas.gov/epic/eComment/, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040. You can also view our website for public participation opportunities at www.tceq.texas.gov/goto/participation.

Further information may also be obtained from Miniconcrete Materials, Inc., 15001 Horizon Boulevard, El Paso, Texas 79928-8567 or by calling Mr. Mark Rodriguez, Consultant, Environmental & Safety Solutions at (915) 775-1171.

Notice Issuance Date: July 29, 2026

Example B

Publication Elsewhere in the Newspaper:

TO ALL INTERESTED PERSONS AND PARTIES:

Miniconcrete Materials, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Registration No. 142335L001, for an Air Quality Standard Permit for a Concrete Batch Plant, which would authorize continued operation of a Concrete Batch Plant located from Intersection of Hwy 285 and Roberson Road, travel north 2.95 miles to site on east side of road, Pecos, Reeves County, Texas 79772. Additional information concerning this application is contained in the public notice section of this newspaper.

Example C

Sign Posting

Sign(s) must be in place on day of publication of first newspaper notice **and must remain in place and the lettering must be legible during that designated comment period (15 days).** It is recommended **that the signs remain in place until 30 days after the last newspaper publication of the second notice** (either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

WHITE BACKGROUND WITH BLACK LETTERS

All lettering must be no less than 1-1/2 inch block printed capitals.

Public Notice Checklist
***Notice of Receipt of Application and Intent to Obtain Permit
(1st Notice)***

The following tasks must be completed for public notice. If publication in an alternative language is required, please complete the tasks for both the English and alternative language publications. Detailed instructions are included in the "Instructions for Public Notice" section of this package.

Within 30 calendar days after date of administrative completeness letter
Publish <i>Notice of Receipt of Application and Intent to Obtain Permit</i> - Example A must be published in "public notice" section of newspaper. Review for accuracy prior to publishing. - Example B must be published in prominent location (other than "public notice") in same issue of newspaper. Provide copy of application at a public place for review and copying. Keep it there until end of the designated comment period. Prepare signs.
First day of newspaper publication
Review published newspaper notice for accuracy. If errors, contact Air Permits Division. Post signs and keep them up for duration of the designated comment period (see Example C). Ensure copy of application is at the public place.
Within 10 business days after date of publication
Proof of publication showing publication date and newspaper name should be emailed to PROOFS@tceq.texas.gov or mailed to: Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105 Attn: Notice Team P.O. Box 13087 Austin, Texas 78711-3087 Mail or email, as instructed, photocopies of newspaper clippings showing publication date and newspaper name to persons listed on <i>Notification List</i>
Within 30 calendar days after date of publication
Affidavit of publication for air permitting and alternative language affidavit of publication for air permitting (if applicable) should be emailed to PROOFS@tceq.texas.gov or mailed to: Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105 Attn: Notice Team P.O. Box 13087 Austin, Texas 78711-3087 Mail or email, as instructed, photocopies of affidavits to persons listed on <i>Notification List</i>
Within 10 business days after end of the designated comment period
Public Notice Verification Form should be emailed to PROOFS@tceq.texas.gov or mailed to: Texas Commission on Environmental Quality Office of the Chief Clerk, MC-105 Attn: Notice Team P.O. Box 13087 Austin, Texas 78711-3087 Mail or email, as instructed, photocopies of Public Notice Verification Form to persons listed on <i>Notification List</i>

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Instructions for Public Notice For New Source Review Air Quality Standard Permit

Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper should be of general circulation in the municipality nearest to the location or proposed location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side at least 3 inches.
- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold, italics**). **Failure to do so may require re-notice.**

Alternative Language Notice

In certain circumstances, applicants for air permits must complete notice in alternative languages.

- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs, or signs and newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication primarily printed in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the **Public Notice Verification Form (Form TCEQ-20778)** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**
- It is suggested the applicant work with the local school district to do the following:
 - (a) determine if a bilingual program is required in the district;
 - (b) determine which language is required by the bilingual program;
 - (c) locate the nearest elementary and middle schools; and
 - (d) determine if any students attending either school are eligible to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements after receipt of the full public notice package, you are responsible for ensuring that the publication in the alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html. All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication. Email a copy to Air Permits Division staff.**
- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

Public Comment Period

- The public comment period should last at least **15 calendar days**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.

- The comment period for the permit may lengthen depending on whether a public meeting is held. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period, if applicable.

Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain newspaper clippings or tear sheets of the notice for your records.
- You must submit an **affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavit forms.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the *Public Notice Verification Form* to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met alternative language notice requirements.
- The **affidavits of publication for air permitting, *Public Notice Verification Form*, and acceptable proof of publication of the published notices** should be emailed to PROOFS@tceq.texas.gov or mailed to:

Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk have all blanks on the affidavit filled in correctly.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

Sign Posting

Applicants for air quality permits must also post signs.

- You must post at least one sign in English and as applicable, in each alternative language.

- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible and be visible from the street for the entire duration of the publications' designated comment period (see Example C).
- The sign template enclosed (*Example C*) is an example only. Read the sign template carefully and notify the TCEQ if it has an error or omissions. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TCEQ must be approved by the agency.
- Signs placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street, or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public highway, street, or road. Sign(s) must be placed at a sufficient height above the ground that is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be at least 1½" in height with block printed capital lettering. The sign must be at least 18" wide and 28" tall, and consist of black lettering on a white background.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.
- Inspect each posted sign daily to ensure it is present and visible throughout the entire comment period.
- You must submit verification of sign posting using the **Public Notice Verification Form (Form TCEQ-20778)** within **10 business days** after end of the publications' designated comment period. Do not submit the *Public Notice Verification Form* verifying sign posting until after the comment period is over. You cannot certify that the sign posting is in compliance until after the comment period is over. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

Application in a Public Place

- **You must provide a copy of the administratively complete application at a public place for review and copying by the public.** This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, public libraries, county courthouses, or city halls could be public viewing places.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available during the entire public comment period.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the **Public Notice Verification Form (Form TCEQ-20778)** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the

application was in a public place during the entire public comment period. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you wish to obtain an electronic copy, please contact the initial reviewer who assisted in the preparation of this public notice package. The electronic version is available in Microsoft Word format only and can be requested once your application has been declared administratively complete. Please ensure that the electronic version is correct and consistent with the hard copies that were provided. Any revisions made may not be accepted. **You may download copies of the Public Notice Verification Form and Affidavit of Publication by visiting our agency Web site at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the administrative reviewer listed in the cover letter.

Comisión de Calidad Ambiental de Texas

EJEMPLO A

AVISO DE RECIBIMIENTO DE LA SOLICITUD E INTENCIÓN DE OBTENER RENOVACIÓN DE REGISTRO DEL PERMISO ESTÁNDAR DE CALIDAD DEL AIRE

REGISTRO DE CALIDAD DEL AIRE No. 142335L001

SOLICITUD. Miniconcrete Materials, inc., ha solicitado a la Comisión de Calidad Ambiental de Texas TCEQ, (por sus siglas en inglés) la renovación del Número de Registro. 142335L001, para un Permiso Estándar de Calidad del Aire para Plantas Mezcladoras de Concreto, que autorizaría la operación continua de una Planta [permanente / temporal de dosificación / especial] Mezcladora de Concreto ubicada en El planta Desde la intersección de la Hwy 285 y Roberson Rd., circula hacia el norte 2,95 millas hasta el lugar en el lado este de la carretera Pecos, Reeves Condado, Texas 79772. Este enlace a un mapa electrónico de la ubicación general del sitio o instalación se proporciona como cortesía pública y no como parte de la solicitud o aviso. Para conocer la ubicación exacta, consulte la aplicación.

<https://www.tceq.texas.gov/permitting/air/newsourcereview/airpermits-pendingpermit-apps>. La instalación existente está autorizada a emitir los siguientes contaminantes del aire: material particulado que incluye (pero no se limita a) agregados, cemento, polvo de carretera y material particulado con diámetros de 10 micras o menos y 2.5 micras o menos.

Esta solicitud se presentó a la TCEQ el 26 de Julio 2026. La solicitud estará disponible para su visualización y copia en la oficina central de la TCEQ, la oficina regional de la TCEQ Midland y Pecos City Hall, 115 West 3rd St., el condado de Reeves, Texas a partir del primer día de publicación de este aviso. El archivo de cumplimiento de la instalación, si existe alguno, está disponible para su revisión pública en la oficina regional Midland de la TCEQ. La solicitud (cualquier actualización inclusive) está disponible electrónicamente en la siguiente página web:

<https://www.tceq.texas.gov/permitting/air/airpermit-applications-notices>.

El director ejecutivo ha determinado que la solicitud está administrativamente completa y llevará a cabo una revisión técnica de la solicitud. La información contenida en la solicitud indica que la renovación de este permiso no daría lugar a un aumento de las emisiones admisibles y no daría lugar a la emisión de un contaminante atmosférico no emitido anteriormente. **La TCEQ puede actuar sobre esta solicitud sin buscar más comentarios públicos o brindar la oportunidad de una audiencia de caso impugnado si se cumplen ciertos criterios.**

COMENTARIO PÚBLICO. Puede enviar comentarios públicos o una solicitud de una audiencia de caso impugnado a la Oficina del Secretario Oficial en la dirección a continuación. La TCEQ considerará todos los comentarios públicos al desarrollar una decisión final sobre la solicitud. **La fecha límite para enviar comentarios públicos es de 15 días después de que se publique el aviso final del periódico.** Después de la fecha límite para los comentarios públicos, el director ejecutivo preparará una respuesta a todos los comentarios públicos relevantes y materiales, o significativos. Cuestiones como los valores de la propiedad, el ruido, la seguridad del tráfico y la zonificación están fuera de la jurisdicción de la TCEQ para considerar en el proceso de permiso.

Una vez que se complete la revisión técnica, el director ejecutivo considerará los comentarios y preparará una respuesta a todos los comentarios públicos relevantes y materiales, o significativos. Si solo se reciben comentarios, la respuesta a los comentarios, junto con la decisión del director ejecutivo sobre la solicitud, se enviará por correo a todos los que enviaron comentarios públicos o que están en la lista de correo para esta solicitud, a menos que la solicitud se remita directamente a una audiencia de caso impugnada.

OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO. Puede solicitar una audiencia de caso impugnado. El solicitante o el director ejecutivo también podrán solicitar que la solicitud se remita directamente a una audiencia de caso impugnado después de la revisión técnica de la solicitud. Una audiencia de caso impugnado es un procedimiento legal similar a un juicio civil en un tribunal de distrito estatal. A menos que se presente una solicitud por escrito para una audiencia de caso impugnado dentro de los 15 días posteriores a este aviso, el director ejecutivo puede actuar sobre la solicitud. **Si no se recibe ninguna solicitud de audiencia dentro de este periodo de 15 días, no se brindará ninguna otra oportunidad de audiencia.** De acuerdo con la Ley del Aire Limpio de Texas § 382.056 (o), una audiencia de caso impugnado solo se puede otorgar si el historial de cumplimiento del solicitante se encuentra en la clasificación más baja según los requisitos de historial de cumplimiento aplicables y si la solicitud de audiencia se basa en cuestiones de hecho controvertidas que son relevantes y materiales para la decisión de la Comisión sobre la solicitud. Además, la Comisión solo podrá conceder una audiencia sobre las cuestiones presentadas durante el periodo de comentarios públicos y no retiradas.

Una persona que pueda verse afectada por las emisiones de contaminantes atmosféricos de la instalación tiene derecho a solicitar una audiencia. Si solicita una audiencia de caso impugnado, debe presentar lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección postal, número de teléfono diurno; (2) nombre y número de permiso del solicitante; (3) la declaración "[Yo/nosotros] solicito/amos una audiencia de caso impugnado;" (4) una descripción específica de cómo se vería afectado negativamente por la aplicación y las emisiones atmosféricas de la instalación de una manera no común para el público en general; (5) la ubicación y distancia de su propiedad en relación con la instalación; (6) una descripción de cómo usa la propiedad que puede verse afectada por la instalación; y (7) una lista de todos los problemas de hecho en disputa que envíe durante el periodo de comentarios. Si la solicitud es hecha por un grupo o asociación, uno o más miembros que tienen legitimación para solicitar una audiencia deben ser identificados por su nombre y dirección física. También deben identificarse los intereses que el grupo o asociación pretende proteger. También puede presentar los ajustes propuestos a la solicitud / permiso que satisfagan sus inquietudes. Las solicitudes para una audiencia de caso impugnado deben presentarse por escrito dentro de los 15 días posteriores a este aviso a la Oficina del Secretario Oficial, en la dirección a continuación.

Después del cierre de todos los periodos de comentarios y solicitudes aplicables, el Director Ejecutivo enviará la solicitud y cualquier solicitud de audiencia de caso impugnado a los Comisionados para su consideración en una reunión programada de la Comisión. La Comisión sólo podrá conceder una solicitud de audiencia de caso impugnado sobre cuestiones que el solicitante haya presentado en sus observaciones oportunas que no hayan sido retiradas posteriormente. **Si se concede una audiencia, el tema de una audiencia se limitará a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas con preocupaciones relevantes y materiales sobre la calidad del aire presentadas durante el periodo de comentarios.** Cuestiones como los valores de las propiedades, el ruido, la seguridad del tráfico y la zonificación están fuera de la jurisdicción de la Comisión para considerar en este procedimiento.

LISTA DE CORREO. Además de enviar comentarios públicos, puede solicitar ser colocado en una lista de correo para recibir futuros avisos públicos para esta solicitud específica enviados por correo por la Oficina del Secretario Oficial enviando una solicitud por escrito a la Oficina del Secretario Oficial a la dirección a continuación.

CONTACTOS E INFORMACIÓN DE LA AGENCIA Los comentarios y solicitudes públicas deben enviarse electrónicamente a www14.tceq.texas.gov/epic/eComment/, o por escrito a Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información de contacto que proporcione, incluido su nombre, número de teléfono, dirección de correo electrónico y dirección física, se convertirá en parte del registro público de la agencia. Para más información sobre el proceso de tramitación de permisos, favor de llamar al Programa de Educación pública de la TCEQ sin costo al 1-800-687-4040, o bien visitar su sitio web, www.tceq.texas.gov/goto/pep. Para información en español, favor de llamar al 1-800-687-4040. También es posible consultar oportunidades de participación pública en nuestro sitio web, www.tceq.texas.gov/goto/participation.

También se puede obtener más información de Miniconcrete Materials, Inc., 15001 Horizon Boulevard, El Paso, TX., o llamando a Mark Rodriguez, El Consultor, Environmental and Safety Solutions a (915)775-1171.

Subject: Miniconcrete Materials, Inc draft Permit 142335L001 Project 412323
Attachments: 20260727-01_Spanish NORI.docx; 20260727-01_Spanish Example B.docx; Miniconcrete Materials, Inc. PN Draft.docx

We've attached the Plain Language Summary (PLS) template, a draft portion of the Notice of Receipt of Application and Intent to Obtain a Permit (NORI), and the Alternative Language Spanish template as applicable. Please note, some of these items may not have been attached if already included as part of the application submission.

The PLS template, NORI approval, and Alternative Language Spanish template including any additional Alternative Language notices as applicable must be completed and returned **within 2 business days** before we can issue the NORI and post to the agency's website. This is in accordance with [Title VI Compliance](#).

For the Spanish template, all italic notes should be replaced with the corresponding Spanish translations based on the English notice. You may utilize the [Spanish Tools for Air Permitting Public Notices](#) to help with air contaminant translation. You are responsible for ensuring that the publication in the alternative language is complete and accurate for the required languages. Complete instructions on publishing the bilingual notice and posting signs will be available in the public notice package once issued.

The NORI is a legally approved document and only the items listed below are subject to approval/correction. Please review carefully and provide corrections including a revised application as needed:

- Street address or driving directions to the facility
- Hyperlink for the map to facility - please confirm the map shows the general vicinity location of the facility
- Contaminant's list
- Public viewing place (must be in the same county as the facility and may be required to have internet access)
- For renewal applications, check all previous permitting actions since initial issuance or last renewal to make sure they are listed in Example A
 - Incorporation / consolidation of registrations for PBRs and Standard Permits being included with this application
 - Emission factor changes
 - Qualified facility changes
- Public Notice Technical Contact information
- Big or small business status (Small businesses will not receive Example B)

Please do not publish until you receive an email containing an administratively complete letter and public notice package.

Your prompt assistance is appreciated.

Thank you,

Mrs. Arielle Perez

Education: University of Texas at El Paso, B.A.

Legislative Experience: House Member, 2015-2021; Senate Member: 2021 - present

Hometown: El Paso

Party: Democrat

Senator César J. Blanco proudly represents the people of Brewster, Culberson, El Paso, Hudspeth, Jeff Davis, Pecos, Presidio, and Reeves counties in the

Texas Senate.

César was raised in El Paso, and after high school, he continued his family's tradition of military service in the U.S. Navy. He graduated from the University of Texas at El Paso and continued his public service by working for three Members of Congress representing El Paso and West Texas.

Senator César J. Blanco was first elected to the Texas Senate in 2020. He currently serves on the Senate Committees on Business and Commerce; Health and Human Services; Natural Resources and Economic Development; and Water, Agriculture, and Rural Affairs. Senator Blanco is also a member of the Sunset Advisory Commission and the Senate Select Committees on Disaster Preparedness and Flooding, and on Civil Discourse and Freedom of Speech in Higher Education. In addition, he serves as Vice Chair of the Texas Senate Hispanic Caucus.

Prior to being elected to the Texas Senate, César also served in the Texas House of Representatives for 6 years and was named a Best Legislator by Texas Monthly in his freshman session.

César has delivered for El Paso and West Texas by leading initiatives to strengthen our workforce, economy, and border communities, improving the quality of life, expanding access to healthcare, and increasing economic opportunities in the region.

For his work in the Texas Senate, Senator Blanco has received numerous recognitions, including the Housing Champion Award from Texans for Housing; the Public Education Champion Award from Raise Your Hand Texas; the Legislative Equity Champion Award from Día de la Mujer Latina; the Hunger Leadership Award from Feeding Texas; Legislator of the Year from Texas Nurse Practitioners; the Trailblazers Legislative Award from The Family Place; the Distinguished Legislative Service Award from Habitat for Humanity Texas; and the 2023 and 2025 AARP Texas Legislative Champion Awards.

Senator Blanco is active in the El Paso community and serves on several local and national boards, including the El Paso Metropolitan Planning Organization, the American Legion, the Rio Grande Council of Governments, and the Medical Center of the Americas. He also serves as Secretary of the NALEO Educational Fund Board of Directors and is a member of the Latino Victory Project Board of Directors. Senator Blanco lives in El Paso with his wife, Lili, their daughter, Amelia, and their dog, Lulu.

Certification

The electronic signature below indicates that the Responsible Official has knowledge of the facts herein set forth and that the same are true, accurate, and complete to the best of my knowledge and belief. By this signature, the maximum emission rates listed on this certification reflect the maximum anticipated emissions due to the operation of this facility and all representations in this certification of emissions are conditions upon which the facilities and sources will operate. It is understood that it is unlawful to vary from these representations unless the certification is first revised. The signature certifies that to the best of the Responsible Officials knowledge and belief, the project will satisfy the conditions and limitations of the indicated exemption or permit by rule and the facility will operated in compliance with all regulations of the Texas Commission on Environmental Quality and with Federal U.S. Environmental Protection Agency regulations governing air pollution. The signature below certifies that, based on information and belief formed after reasonable inquiry, the statements and information above and contained in the attached document(s) are true, accurate, and complete. If you questions on how to fill out this form or about air quality permits. Please call (512) 239-1250. Individuals are entitled to request and review their personal information that the agency gathers on its forms.

1. I am Antonio Quintanilla, the owner of the STEERS account ER048232.
2. I have the authority to sign this data on behalf of the applicant named above.
3. I have personally examined the foregoing and am familiar with its content and the content of any attachments, and based upon my personal knowledge and/or inquiry of any individual responsible for information contained herein, that this information is true, accurate, and complete.
4. I further certify that I have not violated any term in my TCEQ STEERS participation agreement and that I have no reason to believe that the confidentiality or use of my password has been compromised at any time.
5. I understand that use of my password constitutes an electronic signature legally equivalent to my written signature.
6. I also understand that the attestations of fact contained herein pertain to the implementation, oversight and enforcement of a state and/or federal environmental program and must be true and complete to the best of my knowledge.
7. I am aware that criminal penalties may be imposed for statements or omissions that I know or have reason to believe are untrue or misleading.
8. I am knowingly and intentionally signing Standard Permit New Registration.
9. My signature indicates that I am in agreement with the information on this form, and authorize its submittal to the TCEQ.
