### AUDIT REPORT EXEMPTION

Texas Water Code Section 49.198 (effective September 1, 2011)

- (a) A district may elect to file annual financial reports with the executive director in lieu of the district's compliance with Section 49.191 provided:
  - (1) the district had no bonds or other long-term (more than one year) liabilities outstanding during the fiscal period;
  - (2) the district did not have gross receipts from operations, loans, taxes, or contributions in excess of \$250,000 during the fiscal period; and
  - (3) the district's cash and temporary investments were not in excess of \$250,000 at any time during the fiscal period.
- (b) The annual financial report must be accompanied by an affidavit attesting to the accuracy and authenticity of the financial report signed by a duly authorized representative of the district.
- (c) The annual financial report and affidavit in a format prescribed by the executive director must be on file with the executive director within 45 days after the close of the district's fiscal year.
- (d) Districts governed by this section are subject to periodic audits by the executive director.

## EXPLANTATION OF TERMS

**All Other Disbursements** - This classification should be used only for payments, which cannot be classified properly in the six remaining accounts listed on the Statement of Receipts and Disbursements. Schedule C, page 6, should be completed for any report, which utilizes the "All Other Disbursements" classification.

**Cash Basis** - The financial statements contained in this report are to be prepared on the cash basis of accounting. They are not intended to be in conformity with Generally Accepted Accounting Principles (GAAP). Only transactions involving the exchange of cash should be included in these statements. No liabilities should be recorded unless they arise from the transfer of money. Exceptions to this rule are listed in "Investments" and "General Fixed Assets" below. Receipts and disbursements should not be recorded until payment is made. For the purpose of the Statement of Receipts and Disbursements, movement of funds between checking accounts and investments should not be considered as receipts or disbursements.

**Cash on Hand** - Petty cash, checks, money orders, and bank drafts not on deposit.

**Cash in Bank** - (From Schedule A) - Cash deposited in the district's checking account(s). The reserves, restrictions, or limitations as to its availability should be so stated. The total amount shown on Schedule A must reflect the reconciled balance as of the fiscal year end and reported under the account classification "Cash in Bank" on the Balance Sheet.

**Developer Advances** - Amounts owed to a developer for cash placed in the district's account or otherwise paid to the district. However, amounts payable to a developer for which repayment is contingent upon a bond sale (or some other event) should not be included as a liability of the district. Please see the Miscellaneous Disclosures, page 3 of this report, for disclosure of these contingent liabilities.

**Disbursements** - All transactions involving the disbursement of the district's fund should be included in the disbursements section. Payments made on behalf of the district by a third party should not be listed as a disbursement for the purpose of this statement. See the Miscellaneous Disclosures, page 3, of this report, for disclosures of these payments.

**Excess Assets Over Liabilities** - The difference between "Total Assets" and "Total Liabilities." If liabilities exceed assets, this number should be shown as a negative amount.

**General Fixed Assets** - A fixed asset is one which the cost exceeds \$50 and has a productive life longer than one year. "Fixed" denotes the intent to continue use or possession; it does not indicate the immobility of the asset. An asset of cost not in excess of \$50 should be considered consumable and accordingly recognized under the account classification "Supplies and Materials" on the Statement of Receipts and Disbursements. A fixed asset purchased through the issuance of a short-term note payable should be reported as an asset at its full cost even though no cash transaction may have taken place. Likewise, the corresponding note payable should be reported in the liability section of the Balance Sheet. Fixed assets donated to the district by a

developer should be included as "General Fixed Assets" on the Balance Sheet. However, no amounts should be recorded on the Statement of Receipts and Disbursements for this type of transaction. The Credit offset to the fixed asset will be included in "Excess Assets over Liabilities" on the Balance Sheet.

**Investments (From Schedule B)** - List the types of investments (certificates of deposit, savings accounts, securities) which generate income in the form of interest. This should not include any amounts listed on Schedule A as "Cash in Bank." The total amount shown on Schedule B for "Principal Balance" must be reported under the account classification "Investments" on the Balance Sheet. At the option of the preparer, any interest earned on investments but not yet received may be reported as "Accrued Interest" on Schedule B and in the Asset section of the Balance Sheet. Under no circumstance should accrued interest be included in "Interest Received on Investments" under "Receipts" on page 5. "Interest Received on Investments" should include only amounts actually received during the fiscal year.

**Inventories** - The cost of materials and other items purchased for use during the fiscal year by which are not completely consumed by the end of the fiscal year.

**Notes Payable** - The total outstanding principal of short-term loans, which mature within one year of their issuance.

**Other Liabilities** - Only liabilities arising from the receipt of cash which cannot be properly classified in one of the other liability accounts should be listed in this classification along with a brief explanation of this liability. Accounts payable, accrued interest, and contracts payable should not be listed as liabilities in this report.

**Receipts** - All transactions involving the receipt of cash during the fiscal year should be included in the Receipts section. Only those amounts actually received during the fiscal year should be included. Amounts received for which repayment is contingent upon a bond sale (or some other event) should be included here. (See "Developer Advances" above for treatment of the contingent liability.)

**Refundable Deposits** - This amount reflects a liability arising from the receipt of deposits from customers, which will be refunded to the customer at some future date, based on the terms and conditions of the deposit agreement.

**Rounding Instructions** - Please round to the nearest whole dollar amount. For example: \$467.50 should be rounded up to \$468 and \$3,678.49 should be rounded down to \$3,678.
