

**Biography: Adam Shumate**  
**Water Quality Division**  
**Texas Commission on Environmental Quality**

***Current Position***

Adam is a Pretreatment Coordinator in the Stormwater and Pretreatment Team in the Wastewater Permitting Section at the Texas Commission on Environmental Quality (TCEQ). As a Pretreatment Coordinator, he provides oversight activities that include conducting pretreatment program audits, assisting in industrial user categorical determinations, reviewing publicly owned treatment works (POTW) permit applications for appropriate pretreatment requirements, and reviewing industrial user surveys.

***Prior Experience and Education***

Following a Bachelor of Science in Biology from The University of Texas in Arlington, he held the position of Environmental Health Specialist and Registered Sanitarian for the Town of Flower Mound and the City of Grand Prairie since 2005.
