

Biography: Rebecca L. Villalba
Water Quality Division
Texas Commission on Environmental Quality

Current Position

Since July 2011, Rebecca L. Villalba is the Team Leader for the Stormwater & Pretreatment Team. She has been working at the TCEQ since August 1996 in the Wastewater Permitting Section of the Water Quality Division. In her current position, she is responsible for supervising pretreatment coordinators and permit writers that implement the pretreatment, stormwater (construction, industrial, and municipal), and quarry programs and their associated permitting activities and overseeing the stormwater processing center.

Prior Experience and Education

Ms. Villalba's prior position was Sr. Pretreatment Coordinator in the Stormwater & Pretreatment Team providing oversight for numerous Texas Pollutant Discharge Elimination System (TPDES) pretreatment programs. Her oversight activities included performing pretreatment program audits, industrial user categorical determinations, reviewing publicly owned treatment works (POTW) permit applications for appropriate pretreatment requirements, reviewing pretreatment program modifications to include technically based local limits calculations, and drafting POTW permits.

She is a TCEQ Aspiring Leaders Program alumni (class of 2010-2012) and has participated in the TCEQ's Border Initiative and partnership efforts with the Mexican government related to the pretreatment program providing training and technical assistance. In 2001, Ms. Villalba completed the five-day Environmental Management Systems (EMS) Lead Auditor Training Course and for over 10 years represented the Water Quality Division in the EMS team involved in developing and implementing the TCEQ's EMS program.

Ms. Villalba has a B.S. degree in Chemistry with Chemical Engineering and Spanish minors from the University of Houston. Prior to joining the TCEQ; she worked at an international chemical company in the area of industrial solid and hazardous waste management and at NASA-Johnson Space Center in the water laboratory conducting experiments and research to support the Space Shuttle and Space Station water disinfection projects.
