

Anne Ruthstrom
Program Support Section
Texas Commission on Environmental Quality

Current Position

Water/Wastewater Liaison, Program Support, coordinating activities between the central and regional offices, and working with the Edwards Aquifer and Pretreatment Programs.

Prior Experience and Education

Anne received a Bachelor of Science degree in Geography, specializing in Water Resources, Water Policy, and Soil Sciences, in 2011 from Texas State University in San Marcos, Texas. Anne also earned an Associate of Applied Science degree in Business Management in 2006 from Austin Community College. While at Texas State University, she joined the Meadows Center for Water and the Environment (previously River Systems Institute), a non-profit research arm of the University specializing in policy and management practices. In 2012, she joined the Order Compliance Team in the Office of Compliance and Enforcement of the Texas Commission on Environmental Quality. In 2015, Anne accepted a position with Texas Rural Water Association under the USDA Farm Service Agency Source Water Protection Program, creating protection plans for public water supply systems across the state. She returned in 2017 to TCEQ's Enforcement Division and now serves in the Program Support Section as Water/Wastewater Liaison. In her current position, Anne will coordinate with wastewater program activities between the central and regional offices.
