

Louis C. Herrin, III, P.E.

Plans and Specs
Water Quality Division
Texas Commission on Environmental Quality

Current Position

Louis Herrin III is a Professional Engineer in the state of Texas. He is currently in charge of the Domestic Wastewater Plans Review and the Water Reuse Programs.

Prior Experience and Education

Louis received his Bachelor of Science in Civil Engineering from Texas A&M University and was employed by the Texas Department of Water Resources (later known as the Texas Commission on Environmental Quality) in February of 1981. His work at the agency included drafting wastewater permits for cities, industrial facilities, and agriculture operations. In addition, Louis also initiated TCEQ's Domestic Sludge Program. He has received the Winfield S. Mahlie Award and the Outstanding Public Official Award from the Water Environment Association of Texas for his contributions to wastewater treatment.
