

Texas Commission on Environmental Quality

Notice of Concentrated Animal Feeding Operation Application General Permit Authorization No. TXG920314

Application. VB Ranch Partnership, 31747 Taylor Avenue, Mc Farland, California 93250 9700 and White River Ranch, LLC, 11500 Haydock City, Bakersfield, California 93311 9285 have applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for a non-substantial change to the terms of the nutrient management plan (NMP) previously submitted to the TCEQ. The Concentrated Animal Feeding Operation is updating the land management unit (LMU) map to show each LMU acreage, not based on field splits consistent with cropping plans as previously represented. The currently authorized total land application area of 829 acres remains unchanged. The notice of change application and the updated NMP were received by TCEQ on May 20, 2015. No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

The facility is located at 2702 County Road 519, Hart, Castro County, Texas. The facility is located in the drainage area of the White River Lake in Segment No. 1240 of the Brazos River Basin.

The Executive Director of the TCEQ has approved the proposed non-substantial change to the terms of the NMP. The revised terms of the NMP have been included in the permit record and it is available at the TCEQ's Central Records, 12100 Park 35 Circle Austin, Texas 78753.
