## Texas Commission on Environmental Quality

*Protecting Texas by Reducing and Preventing Pollution*

May 27, 2014

**TO:** Drinking Water Advisory Work Group (DWAAG) and  
Desalination Rule Stakeholders

**FROM:** Ada Lichaa, P.G., Section Manager  
Plan and Technical Review Section  
Water Supply Division  
Office of Water

**SUBJECT:** Reverse Osmosis and Nanofiltration Rule Meeting  
**Notice of Meeting Location Change**

The rule stakeholder meeting is scheduled for **Tuesday, June 3, 2014**, in Austin, from 9:00 am - 3:00 pm, in **Building E, Room 201S** (the commissioners' Agenda Room), at the commission's central office located at 12100 Park 35 Circle. This is the same location as the May 9, 2014 stakeholder meeting. However, the room location has changed from the location identified in the May 20, 2014 memorandum to accommodate webcasting.

As part of a discussion on the proposed rules for reverse osmosis and nanofiltration, the Water Supply Division (Division) has scheduled a follow-up meeting that will continue the stakeholder process from the May 9, 2014 meeting.

We are seeking your input during this project's initiation stage and have planned this rule meeting with interested stakeholders to ensure meaningful public participation in the agency's decision-making processes. During this meeting, agency staff will review rule language and solicit your recommendations before preparing the draft proposal rule package.

A live webcast of this event can be viewed at <http://www.texasadmin.com>.

Enclosed is a draft agenda, including the topics under consideration at this meeting.

If you have any questions about this meeting, please contact David Williams by e-mail at [david.a.williams@tceq.texas.gov](mailto:david.a.williams@tceq.texas.gov), or by telephone at 512-239-0945.

Sincerely,

A handwritten signature in cursive script that reads "Ada Lichaa".

Ada Lichaa, P.G., Manager  
Plan and Technical Review Section  
Water Supply Division

AL/daw
