Technical Oversight and Review Team (TROT) Update– Reyna Holmes -Crypto letters ready for PWS's****

- Proposed Revisions to TCEQ Chapter 290 Regulations ([See Attached Presentation](#)) Of chapters 290, 290 based on Senate Bill 361 - Emergency operations

Water Use Restrictions- Reyna Holmes

- 342 - Systems on restrictions
- 16 - Systems on relaxed restrictions
- 242 - Systems where customers have been asked to adhere to restrictions
- 56 - Systems on voluntary restrictions
- Presentation - Pharmaceuticals and Senate Bill 1757- Reyna Holmes delivered a brief presentation ([See Attached Presentation](#)) regarding the disposal of unused pharmaceuticals. SB 1757 requires TCEQ to study and make recommendations regarding the methods to be used by consumers, health care providers, and others for disposing of unused pharmaceuticals so that they do not enter the wastewater system.

Drought Update- Reyna Holmes

- No changes in the drought list ([See attached](#))

Utilities and Districts- Vera Poe

Legislation and Rulemaking

- SB361 added Section 13.1395 to the Texas Water Code regarding standards of emergency operations effecting Harris and Fort Bend counties. Expedited rulemaking adding emergency operation provisions to Chapter 290 and Subchapter J to Chapter 291 (Proposal Commissioner's Agenda 8-12)
- SB2306 amends Section 13.131(c) to require that rules adopted under this subsection require that the book cost less net salvage of depreciable utility plant retired be charged in its entirety to the accumulated depreciation account in a manner consistent with accounting treatment of regulated electric and gas utilities in this state. (Proposal Commissioner's Agenda 1-27-10)
- SB2126 added Section 13.1395 that allows apartments and mobile home communities to impose a service charge related to submetering allocation of up to nine percent. Rulemaking will amend Chapter 291 Subchapter H (Proposal Commissioner's Agenda 1-27-10)
- SB1295 amended Section 13.246(a) requires CCN notice to be provided to each county and groundwater conservation district that is wholly or within the requested CCN area (Proposal Commissioner's Agenda 1-27-10).

Drinking Water Protection-John Schildwachter

- 39 of 104 labs submitting electronically
- Broader approach to significant deficiency list based on EPA direction
- GWR goes into effect Dec 1 of this year.

Field Operations Division-(Sean Stewart is now with Criminal Investigations) No updates were noted.
