

**Brazos Bay and Basin Expert Science Team  
Agenda for Third Meeting – 10:00 a.m., June 13, 2011**

1. Public Input
2. Approval of Minutes – Greg Easley – 10 minutes
3. Approval of Budget – Tom Gooch – 20 minutes
4. Discussion of Timeline and Progress – Kirk Winemiller – 10 minutes
5. Hydrology Committee Discussions – 3 hours
  - Changes in the basin over time
  - Likely future changes
  - Period of record to use for environmental needs by gage
  - Discussion of Flow Separation Procedures – Dan Opdyke
6. Ecology Subcommittee Discussions – 3 hours
  - Review of species abundance data by focal stream reach; assessment of current conditions
  - Discussion leading to selection of focal species for each focal stream reach
  - Discussion of options for how to use ecological information for making in flow separations (MBFIT, IHA, etc.) and HEFR summarizations of flow components and regimes
  - Discussion of prioritization of ecological information to be gathered for analysis to inform flow separations and regime summarizations.
7. Other Business – 1/2 hour
8. Public Input
