Public Notice

The executive director of the Texas Natural Resource Conservation Commission (TNRCC) is issuing a Notice of Deletion (delisting) of the Poly-Cycle Industries, Inc. (Palmer) site (the Site) from the State Registry, the list of State Superfund sites. The State Registry lists the contaminated sites which may constitute an imminent and substantial endangerment to public health and safety or the environment due to a release or threatened release of hazardous substances into the environment. The TNRCC is delisting the Site because the site has been accepted into the Voluntary Cleanup Program.

The Site covers approximately ten acres and is west of State Highway 75, 0.5 miles north of Palmer, Ellis County, Texas, at the northern end of Main Street. The Site previously operated under three separate identities: as the Stripling Sales Group until 1981; the New Rocky Point Foundation in 1982; and most recently as Poly-Cycle Industries. From approximately 1929 until the early 1960s, the Site was a brick manufacturing facility. Beginning in the late 1970's until 1983, the Site was used as lead battery treatment/recycling facility. Operations at the facility ceased in 1983.

Waste piles consisting of approximately 80 million pounds of lead battery chips, a waste lead sulphate sludge pile and two surface impoundments are the identified sources of hazardous substances at the Site. Historic and current analyses of soil samples collected indicate heavy contamination with lead.

In accordance with §335.334(b), the TNRCC held a public meeting on August 3, 2000, to receive comment on this proposed deletion. The meeting was held at the TNRCC offices, 12100 Park 35 Circle, Building E, Room 201S, Austin, Texas. No challenges were received to the proposal to delete the site from the state Superfund Registry. The complete public file may be viewed during regular business hours at the TNRCC Records Management Center, Building D, North Entrance, Room 190, 12100 Park 35 Circle, Austin, TX 78753, telephone number 1-(800) 633-9363. Fees are charged for photocopying file information.

Because the Site has been accepted into the TNRCC Voluntary Cleanup Program, it may now be delisted from the State Registry as provided by §335.344(c) and Texas Health and Safety Code, §361.189(a). All inquiries regarding the deletion of the Site should be directed to Janie Montemayor, TNRCC Community Relations, telephone numbers 1-(800) 633-9363 or (512) 239-3844.
