## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

October 26, 2011

### **CERTIFIED MAIL**

Re: Priority Call Rescinded in the Llano River Watershed of the Colorado River Basin

Dear Water Right Holder:

By letter dated July 5, 2011, you were notified that certain non-municipal diversions with a priority date of 1950 or later in the Llano River Watershed had been suspended due to a priority call on surface water from a senior water right holder.

The senior water right holder has now rescinded the priority call, and you may now resume diversions according to the terms and conditions of your water right.

The TCEQ continues to monitor the situation closely and strives to balance protection of senior and superior surface water rights while attempting to minimize the impact to junior water right holders, within TCEQ's authority. Please note that should another priority call be made, suspensions of junior water rights may again be necessary.

In recognition of the severity of the drought, all water right holders should continue to take actions necessary to conserve water and require your customers, if any, to do the same. You can find drought information, conservation tips, and other helpful information at the TCEQ drought page at: <http://www.tceq.texas.gov/response/drought>.

If you are a municipal water right holder, to help avoid the potential need for future suspensions and to ensure there is enough water for public safety needs, we recommend that you continue to implement your drought contingency plan (DCP).

In accordance with your DCP, you are required to notify TCEQ when there are changes in their drought response stages. You can notify us by using the online form available on the TCEQ drought page referenced above. If you need assistance completing the form, would like to provide notification by phone, or need answers to any of your questions, you can call our Small Business and Local Government Assistance hotline at 1-800-447-2827.

Sincerely,

A handwritten signature in black ink that reads "Mark R. Vickery". The signature is written in a cursive style.
