

RUAA Interview Form

Stream Name: White Oak Segment #: Site: WH 37

Interviewer's Name:

Date & Time (include AM or PM) AM PM 3:00 17 Aug 16

Interviewed: In person By phone By mail By e-mail

No interviews were conducted

If not interviews were conducted, please provide an explanation:

*Are you willing to respond to a short survey about this stream? Yes No

Interviewee selected because (e.g., resource manager, Gov. official, conservationist, property owner, local resident, standing by stream, etc.)

Questions:

1. Are you familiar with this stream? Yes No If yes, how many years? 40+
If yes, proceed to #2. If no, stop here and do not conduct an interview.

2. What location(s) along the stream are you familiar with: Hwy 19 - HWY 69

3. Have the interviewer characterize the stream flow. Since the interviewer may not be familiar with TCEQ's definitions or distinction between the different water bodies, please refer to the definitions listed below when asking this question.

- Ephemeral: A stream which flows only during or immediately after a rainfall event
- Intermittent: A stream which has a period of zero flow for at least one week during most years. (Channel contains flowing water for only a portion of a year and surface water may be absent at times.)
- Intermittent w/perennial pools: An intermittent stream which maintains persistent pools even when flow in the stream is less than 0.1 cubic feet per second. (When not flowing, the water may remain in isolated pools.)
- Perennial: A stream which flows continuously throughout the year.

4. Have you or your family personally used the stream for recreation? Yes No
If yes, proceed to #6. If no, proceed to #5.

5(a). List reasons stream not used. Had more appealing places to recreate (fish) water muddy, stagnant, snakes

5(b). Proceed to #7.

3. Have the interviewer characterize the stream flow. Since the interviewer may not be familiar with TCEQ's definitions or distinction between the different water bodies, please refer to the definitions listed below when asking this question. Perennial

- Ephemeral: A stream which flows only during or immediately after a rainfall event
- Intermittent: A stream which has a period of zero flow for at least one week during most years. (Channel contains flowing water for only a portion of the year and surface water may be absent at times.)
- Intermittent w/ perennial pools: An intermittent stream which maintains persistent pools even when flow in the stream is less than 0.1 cubic feet per second. (When not flowing, the water may remain in isolated pools.)
- Perennial: A stream which flows continuously throughout the year.

4. Have you or your family personally used the stream for recreation? Yes No
If yes, proceed to #6. If no, proceed to #5.

5(a). List reasons stream not used. Not enough water, snakes, vegetation

5(b). Proceed to #7.

RUAA Interview Form

Stream Name: White Oak Creek Segment #: _____ Site: _____

- 6.) a) How do you use the stream? Swimming Wading-Children
 Water Skiing Wind surfing Tubing Wading-Adults
 Hunting Kayaking Rafting Trapping SCUBA diving
 Snorkeling Fishing Boating Canoeing Skin Diving

b) When did these uses occur (e.g. year(s); season) and how often (times/year)?

c) What location did these uses occur (get specific location and mark on a map)?

7. Have you observed others using this stream for recreation? Yes No
If yes, proceed to #8. If no, proceed to #9.

8. a) What kinds of uses have you witnessed? Swimming Wading-Children
 Water Skiing Wind surfing Tubing Wading-Adults
 Hunting Kayaking Rafting Trapping SCUBA diving
 Snorkeling Fishing Boating Canoeing Skin Diving

b) When did these uses occur (e.g. year(s); season) and how often (times/year)?

c) What location did these uses occur (get specific location and mark on a map)?

9. Have you heard about anyone using this stream for recreation? Yes No
If yes, proceed to #10. If no, conclude the interview.

10. a) What kind of uses have you heard about? Swimming Wading-Children
 Water Skiing Wind surfing Tubing Wading-Adults
 Hunting Kayaking Rafting Trapping SCUBA diving
 Snorkeling Fishing Boating Canoeing Skin Diving

b) When did these uses occur (e.g. year(s); season) and how often (times/year)?

c) What location did these uses occur (get specific location and mark on a map)?

11. Can you recommend someone else we could contact that knows the stream? Yes No
If yes, list person's contact information: _____

12. Additional comments (from the interviewee or interviewer):

* Specific to Lake Sulphur Springs and no mention of 0303B. Lake SS is not part of segment. (HIC)
RUA Interview Form Did not count this interview.

Stream Name: White Oak Creek Segment #: _____ Site: WH 41

- 6.) a) How do you use the stream? Swimming Wading-Children
 Water Skiing Wind surfing Tubing Wading-Adults
 Hunting Kayaking Rafting Trapping SCUBA diving
 Snorkeling Fishing Boating Canoeing Skin Diving

b) When did these uses occur (e.g. year(s); season) and how often (times/year)?

c) What location did these uses occur (get specific location and mark on a map)?

7. Have you observed others using this stream for recreation? Yes No
If yes, proceed to #8. If no, proceed to #9.

8. a) What kinds of uses have you witnessed? Swimming Wading-Children
 Water Skiing Wind surfing Tubing Wading-Adults
 Hunting Kayaking Rafting Trapping SCUBA diving
 Snorkeling Fishing Boating Canoeing Skin Diving

b) When did these uses occur (e.g. year(s); season) and how often (times/year)?
Duck Hunting in Lake Sulphur Springs (Duck Season) Fishing All year

c) What location did these uses occur (get specific location and mark on a map)?
Duck Hunting in Lake SS. Fishing on Lake Sulphur Springs
~~People Fishing using Hwy 37 bridge for access~~

9. Have you heard about anyone using this stream for recreation? Yes No
If yes, proceed to #10. If no, conclude the interview.

10. a) What kind of uses have you heard about? Swimming Wading-Children
 Water Skiing Wind surfing Tubing Wading-Adults
 Hunting Kayaking Rafting Trapping SCUBA diving
 Snorkeling Fishing Boating Canoeing Skin Diving

b) When did these uses occur (e.g. year(s); season) and how often (times/year)?
People were heard fishing - muddying ground old Lake Dam on west end of the lake (Spring time)

c) What location did these uses occur (get specific location and mark on a map)?
West End of Lake Sulphur Springs

11. Can you recommend someone else we could contact that knows the stream? Yes No
If yes, list person's contact information: _____

Stream Name: White Oak Creek Segment #: _____ Site: Omaha

Interviewer's Name: _____

Date & Time (include AM or PM): _____

Interviewed: In person By phone By mail By e-mail

No interviews were conducted

If no interviews were conducted, please provide an explanation:

*Are you willing to respond to a short survey about this stream? Yes No

Interviewee selected because (e.g., resource manager, Gov. official, conservationist, property owner, local resident, standing by stream, etc.)

Questions:

1. Are you familiar with this stream? Yes No If yes, how many years? _____
If yes, proceed to #2. If no, stop here and do not conduct an interview.

2. What location(s) along the stream are you familiar with:
US 259 # Hiway White Oak Creek intersection

3. Have the interviewer characterize the stream flow. Since the interviewer may not be familiar with TCEQ's definitions or distinction between the different water bodies, please refer to the definitions listed below when asking this question.

- Ephemeral:** A stream which flows only during or immediately after a rainfall event
- Intermittent:** A stream which has a period of zero flow for at least one week during most years. (Channel contains flowing water for only a portion of the year and surface water may be absent at times.)
- Intermittent w/ perennial pools:** An intermittent stream which maintains persistent pools even when flow in the stream is less than 0.1 cubic feet per second. (When not flowing, the water may remain in isolated pools.)
- Perennial:** A stream which flows continuously throughout the year.

4. Have you or your family personally used the stream for recreation? Yes No
If yes, proceed to #6. If no, proceed to #5.

5(a). List reasons stream not used. _____

5(b). Proceed to #7.
