

Country Club Lake (unclassified water body)

Segment: 1209A Brazos River Basin

Basin number: 12
Basin group: D
Water body description: From the Country Club Branch Dam up to normal pool elevation in Bryan in Brazos County
Water body classification: Unclassified
Water body type: Reservoir
Water body length / area: 18 Acres
Water body uses: Aquatic Life Use, Contact Recreation Use, Fish Consumption Use

Standards Not Met and Concerns in Previous Years Assessment Area	Use	Support Status or Concern	Parameter	Category
Entire reservoir	Aquatic Life Use	Not Supporting	ambient toxicity in sediment	5c

Parameters Removed from the 2000 303(d) List: arsenic in water

Additional Information: The contact recreation and fish consumption uses were not assessed.

This water body was previously described as "Bryan Municipal Lake."

This water body was identified on the 2000 303(d) List as not supporting the aquatic life use due to ambient toxicity in sediment. Because there were insufficient data available in 2002 to evaluate changes in water quality, this water body will be identified as not meeting the standard for ambient toxicity in sediment until sufficient data are available to demonstrate use support.

2002 Concerns: Assessment Area	Use or Concern	Concern Status	Description of Concern
Entire reservoir	Narrative Criteria Concern	Concern	metals in sediment

Monitoring sites used: Assessment Area	Station ID	Station Description
Entire reservoir	11792	COUNTRY CLUB LAKE NEAR DAM SPILLWAY
