
2012 Texas Integrated Report Categories by Segment

- Category 1*** All standards are attained; no evidence that nonattainment of any standard will occur in the near future.
- Category 2*** Some standards are attained; no evidence that nonattainment of any standard will occur in the near future; and insufficient or no data and information are available to determine if the remaining standards are attained.
- Category 3*** Insufficient or no data and information to determine if any standard is attained.
- Category 4*** Standard is not attained or nonattainment is predicted in the near future due to one or more parameters, but no TMDLs are required.
- Category 5*** Standard is not attained or nonattainment is predicted in the near future for one or more parameters.
