## Arroyo Colorado RUAA Project

July 22, 2010

**Location:**

World Birding Center  
Estero Llano Grande State Park

The July 22 meeting was held following the meeting of the Steering Committee for the Arroyo Colorado Watershed Partnership. Staff of the Nueces River Authority facilitated the meeting.

The meeting was not well attended. Those who did attend were associated with either the Nueces River Authority or Texas resource agencies. The very few comments made reiterated the primary concern from the first meeting—that the criteria should not be changed since there is an ongoing effort to clean up the Arroyo Colorado.
