Public Information Request Form

Each entity regulated by TCEQ is assigned a unique identifier - a Regulated Entity Number, or RN - in TCEQ's Central Registry database. Searching Central Registry for information using an entity's RN will identify documents and other information such as ID numbers associated with any Air, Water, Waste or Remediation permits and registrations. To find an entity's RN, click on the following link <https://www15.tceq.texas.gov/crpub/index.cfm?fuseaction=home.welcome> and then select a query.

Please provide the RN for each Regulated Entity you are inquiring about, if known, and any additional information that may assist agency staff to perform a comprehensive record search for the information you seek:
