Executive Summary – Enforcement Matter – Case No. 59723 Texas Department of Transportation RN102674090 and RN105163000 Docket No. 2020-1120-MWD-E

Order Type:

1660 Agreed Order

Findings Order Justification:

N/A

Media:

MWD

Small Business:

No

Location(s) Where Violation(s) Occurred:

Live Oak County Safety Rest Area - North Bound, located approximately two miles northwest of the intersection of IH-37 and U.S. Highway 281, Live Oak County ("Facility No. 1");

Live Oak County Safety Rest Area WWTS - South Bound, located approximately 5.9 miles northwest of the intersection of IH-37 and U.S. Highway 281, Live Oak County ("Facility No. 2")

Type of Operation:

Safety rest area wastewater treatment facilities

Other Significant Matters:

Additional Pending Enforcement Actions: No

Past-Due Penalties: No

Other: N/A

Interested Third-Parties: None

Texas Register Publication Date: April 8, 2022

Comments Received: No

Penalty Information

Total Penalty Assessed: \$9,375

Amount Deferred for Expedited Settlement: \$1,875

Total Paid to General Revenue: \$0 **Total Due to General Revenue:** \$0

Payment Plan: N/A

Supplemental Environmental Project ("SEP") Conditional Offset: \$7,500

Name of SEP: Bayou Land Conservancy (Third-Party Pre-Approved)

Compliance History Classifications:

Person/CN - Satisfactory Site/RN - Satisfactory

Major Source: No

Statutory Limit Adjustment: N/A Applicable Penalty Policy: April 2014

Executive Summary – Enforcement Matter – Case No. 59723 Texas Department of Transportation RN102674090 and RN105163000 Docket No. 2020-1120-MWD-E

Investigation Information

Complaint Date(s): N/A Complaint Information: N/A

Date(s) of Investigation: June 25, 2020 and July 22, 2020

Date(s) of NOE(s): July 31, 2020

Violation Information

- 1. Failed to comply with permitted effluent limitations at Facility No. 1 for biochemical oxygen demand (5-day) [30 Tex. Admin. Code § 305.125(1), Tex. Water Code § 26.121(a)(1), and Texas Pollutant Discharge Elimination System ("TPDES") Permit No. WQ0014767001, Effluent Limitations and Monitoring Requirements No. 1].
- 2. Failed to comply with permitted effluent limitations at Facility No. 2 for biochemical oxygen demand (5-day) [30 Tex. Admin. Code § 305.125(1), Tex. Water Code § 26.121(a)(1), and Texas Pollutant Discharge Elimination System ("TPDES") Permit No. WQ0014767001, Effluent Limitations and Monitoring Requirements No. 1].

Corrective Actions/Technical Requirements

Corrective Action(s) Completed:

N/A

Technical Requirements:

- 1. The Order will require the Respondent to implement and complete a SEP (see SEP Attachment A).
- 2. The Order will also require the Respondent to, within 130 days:
- a. Submit written certification of compliance with the permitted effluent limitations of TPDES Permit No. WQ0014767001 at Facility No. 1, including specific corrective actions that were implemented at the Facility to achieve compliance and copies of the most current self-reported discharge monitoring reports demonstrating at least three consecutive months of compliance with all permitted effluent limitations; and
- b. Submit written certification of compliance with the permitted effluent limitations of TPDES Permit No. WQ0014768001 at Facility No. 2, including specific corrective actions that were implemented at the Facility to achieve compliance and copies of the most current self-reported discharge monitoring reports demonstrating at least three consecutive months of compliance with all permitted effluent limitations.

Name: Ellen Ojeda Phone: (512) 239-2581

Site and Owner/Operator History:

1) Has the site been in existence and/or operation for the full five-year compliance period? YES
2) Has there been a (known) change in ownership/operator of the site during the compliance period? NO

Components (Multimedia) for the Site Are Listed in Sections A - J

A. Final Orders, court judgments, and consent decrees:

1 Effective Date: 10/17/2017 ADMINORDER 2017-0356-PWS-E (1660 Order-Agreed Order With Denial)

Classification: Minor

Citation: 30 TAC Chapter 290, SubChapter D 290.43(c)

30 TAC Chapter 290, SubChapter D 290.43(c)(3)

Description: Failed to provide each ground storage tank ("GST") with the minimum number, size, and type of roof vents, man ways, drains, sample connections, access ladders, overflows, liquid level indicators, and other appurtenances as specified in these rules, and failed to ensure that overflows terminating at any point above ground level are located near enough and at a position accessible from a ladder or balcony for inspection purposes.

Classification: Minor

Citation: 30 TAC Chapter 290, SubChapter D 290.45(f)(1)

Description: Failed to make a water purchase contract available to the Executive Director in order that production, storage, service pump, or pressure maintenance capacity may be properly evaluated. Specifically, MCCOY WATER SUPPLY CORPORATION was the sole provider of water for the Facility, and no purchase water contract was made available.

Classification: Moderate

Citation: 30 TAC Chapter 290, SubChapter D 290.39(j)

30 TAC Chapter 290, SubChapter D 290.39(j)(1)(A) 5A THSC Chapter 341, SubChapter A 341.0351

Description: Failed to notify and obtain approval of plans and specifications from the Executive Director prior to making any significant change or addition to the system's production, treatment, storage, pressure maintenance, or distribution facilities.

Classification: Minor

Citation: 30 TAC Chapter 290, SubChapter D 290.43(c)(4)

Description: Failed to provide all water storage tanks with a liquid level indicator located at the tank site. Specifically, the moving targets were broken and unable to measure the water level for three of the six ground storage tanks.

Classification: Moderate

Citation: 30 TAC Chapter 290, SubChapter D 290.45(d)(2)(B)(v) 5A THSC Chapter 341, SubChapter A 341.0315(c)

Description: Failed to provide a minimum pressure tank capacity of 220 gallons with additional capacity, if necessary, based on a sanitary survey conducted by the Executive Director. Specifically, the Facility only provided ten gallons out of the required 220 gallons in pressure tank capacity, which was a 95% deficiency.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN	§	BEFORE THE
ENFORCEMENT ACTION	§	
CONCERNING	§	TEXAS COMMISSION ON
TEXAS DEPARTMENT OF	§	TEAAS COMMISSION ON
TRANSPORTATION	§	
RN102674090 AND RN105163000	§	ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2020-1120-MWD-E

I. JURISDICTION AND STIPULATIONS

On, the Texas Commission on Environmental Quality ("the	
Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcemen	ıt
action regarding the Texas Department of Transportation (the "Respondent") under the	
authority of Tex. Water Code chs. 7 and 26. The Executive Director of the TCEQ, through	the
Enforcement Division, and the Respondent together stipulate that:	

- 1. The Respondent owns and operates safety rest area wastewater treatment facilities (the "Facilities") located approximately two miles northwest of the intersection of Interstate Highway 37 and United States Highway 281, in Live Oak County, Texas ("Facility No. 1"); and approximately 5.9 miles northwest of the intersection of Interstate Highway 37 and United States Highway 281, in Live Oak County, Texas ("Facility No. 2"). The Facilities are near or adjacent to water in the state as defined in Tex. Water Code § 26.001(5).
- 2. The Executive Director and the Respondent agree that the TCEQ has jurisdiction to enter this Order pursuant to Tex. Water Code §§ 7.002, 7.051, and 7.073, and that the Respondent is subject to TCEQ's jurisdiction. The TCEQ has jurisdiction in this matter pursuant to Tex. Water Code § 5.013 because it alleges violations of Tex. Water Code ch. 26 and the rules of the TCEQ.
- 3. The occurrence of any violation is in dispute and the entry of this Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
- 4. An administrative penalty in the amount of \$9,375 is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). The amount of \$1,875 is deferred contingent upon the Respondent's timely and satisfactory compliance with all the terms of this Order. The deferred amount shall be waived only upon full compliance with all the terms and conditions contained in this Order. If the Respondent fails to timely and satisfactorily comply with any of the terms or requirements contained in this Order, the Executive Director may demand payment of all or part of the deferred penalty amount.

Pursuant to Tex. Water Code § 7.067, \$7,500 of the penalty shall be conditionally offset by the Respondent's timely and satisfactory completion of a Supplemental Environmental Project ("SEP") as defined in the attached SEP Agreement ("Attachment A", incorporated herein by reference). The Respondent's obligation to pay the conditionally offset portion of the penalty shall be discharged upon full compliance with all the terms and conditions of this Order, which includes the timely and satisfactory completion of all provisions of the SEP Agreement, as determined by the Executive Director.

- 5. The Executive Director and the Respondent agree on a settlement of the matters alleged in this enforcement action, subject to final approval in accordance with 30 TEX. ADMIN. CODE § 70.10(a). Any notice and procedures, which might otherwise be authorized or required in this action, are waived in the interest of a more timely resolution of the matter.
- 6. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Order.
- 7. This Order represents the complete and fully-integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable.
- 8. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.

II. ALLEGATIONS

1. During a record review conducted on June 25, 2020, an investigator documented that the Respondent failed to comply with permitted effluent limitations at Facility No. 1, in violation of 30 Tex. Admin. Code § 305.125(1), Tex. Water Code § 26.121(a)(1), and Texas Pollutant Discharge Elimination System ("TPDES") Permit No. WQ0014767001, Effluent Limitations and Monitoring Requirements No. 1, as shown in the effluent violation table below:

	Biochemical Oxygen Demand (5-day)	
Month/Year	Daily Average Concentration	Single Grab Concentration
	Limit= 10 mg/L	Limit= 35 mg/L
June 2019	12	36
October 2019	13	37
December 2019	14	c
February 2020	14.75	c
March 2020	18.5	c

c= compliant

mg/L= milligrams per liter

2. During a record review conducted on July 22, 2020, an investigator documented that the Respondent failed to comply with permitted effluent limitations at Facility No. 2, in violation of 30 Tex. Admin. Code § 305.125(1), Tex. Water Code § 26.121(a)(1), and TPDES Permit No. WQ0014768001, Effluent Limitations and Monitoring Requirements No. 1, as shown in the effluent violation table below:

	Biochemical Oxygen Demand (5-day)
Month/Year	Daily Average Concentration
	Limit= 10 mg/L
December 2019	16
February 2020	13.5
March 2020	19

mg/L= milligrams per liter

III. DENIALS

The Respondent generally denies each allegation in Section II ("Allegations").

IV. ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. The Respondent is assessed a penalty as set forth in Section I, Paragraph No. 4. The payment of this penalty and the Respondent's compliance with all of the requirements set forth in this Order resolve only the allegations in Section II. The Commission shall not be constrained in any manner from requiring corrective action or penalties for violations which are not raised here. Penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Texas Department of Transportation, Docket No. 2020-1120-MWD-E" to:

Financial Administration Division, Revenue Operations Section Attention: Cashier's Office, MC 214 Texas Commission on Environmental Quality P.O. Box 13088 Austin, Texas 78711-3088

- 2. The Respondent shall implement and complete an SEP as set forth in Section I, Paragraph No. 4. The amount of \$7,500 of the assessed penalty is conditionally offset based on the Respondent's implementation and completion of the SEP pursuant to the terms of the SEP Agreement, as defined in Attachment A. Penalty payments for any portion of the SEP deemed by the Executive Director as not complete shall be paid within 30 days after the date the Executive Director demands payment.
- 3. The Respondent shall, within 130 days after the effective date of this Order:
 - a. Submit written certification of compliance with the permitted effluent limitations of TPDES Permit No. WQ0014767001 at Facility No. 1, including specific corrective actions that were implemented at the Facility to achieve compliance and copies of the most current self-reported discharge monitoring reports demonstrating at least three consecutive months of compliance with all permitted effluent limitations.
 - b. Submit written certification of compliance with the permitted effluent limitations of TPDES Permit No. WQ0014768001 at Facility No. 2, including specific corrective actions that were implemented at the Facility to achieve compliance and copies of the most current self-reported discharge monitoring reports demonstrating at least three consecutive months of compliance with all permitted effluent limitations.
 - c. The certifications for Ordering Provision Nos. 3.a and 3.b shall include detailed supporting documentation, including photographs, receipts, and/or other records to demonstrate compliance with the permitted effluent limitations. The certification shall be signed by the Respondent and include the following certification language:

"I certify under penalty of law that I have personally examined and am familiar with the information submitted and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

The certification shall be submitted to:

Order Compliance Team Enforcement Division, MC 149A Texas Commission on Environmental Quality P.O. Box 13087 Austin, Texas 78711-3087

with a copy to:

Water Section Manager Corpus Christi Regional Office Texas Commission on Environmental Quality 6300 Ocean Drive, Suite 1200 Corpus Christi, Texas 78412-5839

- 4. All relief not expressly granted in this Order is denied.
- 5. The duties and provisions imposed by this Order shall apply to and be binding upon the Respondent. The Respondent is ordered to give notice of this Order to personnel who maintain day-to-day control over the Facilities operations referenced in this Order.
- 6. If the Respondent fails to comply with any of the Ordering Provisions in this Order within the prescribed schedules, and that failure is caused solely by an act of God, war, strike, riot, or other catastrophe, the Respondent's failure to comply is not a violation of this Order. The Respondent shall have the burden of establishing to the Executive Director's satisfaction that such an event has occurred. The Respondent shall notify the Executive Director within seven days after the Respondent becomes aware of a delaying event and shall take all reasonable measures to mitigate and minimize any delay.
- 7. The Executive Director may grant an extension of any deadline in this Order or in any plan, report, or other document submitted pursuant to this Order, upon a written and substantiated showing of good cause. All requests for extensions by the Respondent shall be made in writing to the Executive Director. Extensions are not effective until the Respondent receives written approval from the Executive Director. The determination of what constitutes good cause rests solely with the Executive Director. Extension requests shall be sent to the Order Compliance Team at the address listed above.
- 8. This Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
- 9. This Order may be executed in separate and multiple counterparts, which together shall constitute a single instrument. Any page of this Order may be copied, scanned, digitized, converted to electronic portable document format ("pdf"), or otherwise reproduced and may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Any signature affixed to this Order shall constitute an original signature for all purposes and may be used, filed, substituted, or

issued for any purpose for which an original signature could be used. The term "signature" shall include manual signatures and true and accurate reproductions of manual signatures created, executed, endorsed, adopted, or authorized by the person or persons to whom the signatures are attributable. Signatures may be copied or reproduced digitally, electronically, by photocopying, engraving, imprinting, lithographing, electronic mail, facsimile transmission, stamping, or any other means or process which the Executive Director deems acceptable. In this paragraph exclusively, the terms: electronic transmission, owner, person, writing, and written, shall have the meanings assigned to them under Tex. Bus. Org. Code § 1.002.

10. The effective date of this Order is the date it is signed by the Commission. A copy of this fully executed Order shall be provided to each of the parties.

Attachment A

Docket Number: 2020-1120-MWD-E SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	Texas Department of Transportation
Payable Penalty Amount:	\$7,500
SEP Offset Amount:	\$7,500
Type of SEP:	Contribution to a Third-Party Pre-Approved SEP
Third-Party Administrator:	Bayou Land Conservancy
Project Name:	Lake Houston Watershed – Western Watershed Protection Project
Location of SEP:	Harris and Montgomery Counties; San Jacinto River Basin; and Gulf Coast Aquifer

The Texas Commission on Environmental Quality ("TCEQ") agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project ("SEP"). The offset is equal to the SEP Offset Amount set forth above and is conditioned upon completion of the project in accordance with the terms of this Attachment A.

1. Project Description

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Bayou Land Conservancy** for the *Lake Houston Watershed – Western Watershed Protection Project*. The contribution will be used in accordance with the SEP between the Third-Party Administrator and the TCEO (the "Project").

The Third-Party Administrator has identified approximately 600 acres along the West Fork of the San Jacinto River, Spring Creek, Cypress Creek, and Lake Creek for acquisition of perpetual conservation easements in accordance with Subchapter A, Chapter 183, Texas Natural Resources Code. The goal of this Project is to protect the floodplain within the western tributaries of the Lake Houston Watershed. Specifically, the SEP Offset Amount will be used to conduct certain due diligence activities and to purchase conservation easements from private and public landowners. The Third-Party Administrator shall also conduct restoration work as necessary on properties that were previously degraded before being placed under a conservation easement. Targeted properties are owned by Harris County, Montgomery County, and private landowners. After a property has been identified for conservation easement acquisition, the Third-Party Administrator shall submit a proposal to TCEQ that includes property owner

information, approximate boundaries and aerial maps, preliminary flora/fauna lists and environmental details of stream frontage, wetland acreage, habitat type, and any other information that may be requested by TCEQ. Upon written approval by TCEQ, the Third-Party Administrator may use the SEP Offset Amount for approved due diligence activities and purchase of the conservation easement.

After TCEQ approval, the Third-Party Administrator shall prepare a baseline inventory and mapping of the property. The baseline inventory will assess the ecological health of the tract, including onsite biological inventories of all flora and fauna species. Mapping will be completed by collecting data to prepare flood, topographic, wetland, soil, and aerial field maps. This information will determine whether restoration activities will be necessary and will also ensure that the Third-Party Administrator can preserve the ecological health of the property in the future.

The Third-Party Administrator shall address and remedy all encumbrances to the property title, including mortgages and other liens, prior to closing on the conservation easement purchase. The Third-Party Administrator shall not sell conservation easements or any other land interests acquired with the SEP Offset Amount. The Third-Party Administrator shall record a copy of each conservation easement in the county deed records within 15 days of closing. The Third-Party Administrator certifies that the conservation easements purchased for this Project will not be used as any additional or future mitigation project. The Third-Party Administrator shall also use the SEP Offset Amount for habitat restoration and enhancement, including planting native trees. Restoration activities will be conducted by a contractor and will take place on property protected by a conservation easement. Prior to commencing restoration activities, the Third-Party Administrator shall submit a proposal to TCEQ that includes the exact property location and description, property owner information, specific restoration activities to be conducted, amount of the SEP Offset Amount to be used for restoration activities, and any other information that may be requested by TCEQ. Upon written approval by TCEQ, the Third-Party Administrator may use the SEP Offset Amount for the approved restoration activities. The SEP will be done in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used solely for the direct cost of implementing the Project, including, but not limited to supplies, materials, and equipment. Any portion of this contribution that is not spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

The Respondent's signature affixed to this Agreed Order certifies that the Respondent has no prior commitment to make this contribution and that it is being contributed solely to settle this enforcement action. The Respondent shall not profit from this SEP.

b. Environmental Benefit

Rapid development in the Lake Houston Watershed has led to removal of the natural riparian buffers along the waterways, which jeopardizes the air and water quality. Spring Creek, Cypress Creek, Lake Creek, and the West Fork of the San Jacinto River are major water sources for Lake Houston, which is Houston's primary source of drinking water. When land is cleared and developed within these floodplains, the water becomes more turbid and often has increased *Escherichia coli* bacteria and other negative water quality contaminants.

Lands permanently preserved with conservation easements maintain vegetated banks and wooded floodplains to allow river overflow. When floodwater passes through the floodplain, the vegetated substrates are not eroded away, and the banks are maintained. Preserving the natural vegetated banks will help maintain water quality in this area. Additionally, many of the properties Third-Party Administrator will secure with conservation easements will be open to the public for low-impact recreational uses, and wildlife will benefit from connected habitat and undisturbed access to water sources.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

2. Performance Schedule

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the check payable to **Bayou Land Conservancy SEP** and shall mail the contribution with a copy of the Agreed Order to:

Bayou Land Conservancy Attention: Executive Director 10330 Lake Road, Building J Houston, Texas 77070

3. Records and Reporting

Concurrent with the payment of the SEP Offset Amount, the Respondent shall provide the Enforcement SEP Coordinator with a copy of the check and transmittal letter indicating full payment of the SEP Offset Amount to the Third-Party Administrator. The Respondent shall mail a copy of the check and transmittal letter to:

> Texas Commission on Environmental Quality Enforcement Division Attention: SEP Coordinator, MC 219 P.O. Box 13087 Austin, Texas 78711-3087

4. Failure to Fully Perform

If the Respondent does not perform its obligations under this Attachment A, including full expenditure of the SEP Offset Amount and submittal of the required reporting described in Sections 2 and 3 above, the ED may require immediate payment of all or part of the SEP Offset Amount.

In the event the ED determines that the Respondent failed to fully implement and complete the Project, the Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice of failure to complete the SEP, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP, shall make the check payable to "Texas Commission on Environmental Quality," and shall mail it to:

Texas Commission on Environmental Quality Litigation Division Attention: SEP Coordinator, MC 175 P.O. Box 13087 Austin, Texas 78711-3087

5. Publicity

Any public statements concerning this SEP and/or project, made by or on behalf of the Respondent must include a clear statement that **the project was performed as part of the settlement of an enforcement action brought by the TCEQ**. Such statements include advertising, public relations, and press releases.

6. Recognition

The Respondent may not seek recognition for this contribution in any other state or federal regulatory program.

7. Other SEPs by TCEQ or Other Agencies

The SEP Offset Amount identified in this Attachment A and in the attached Agreed Order has not been, and shall not be, included as a SEP for the Respondent under any other Agreed Order negotiated with the TCEQ or any other agency of the state or federal government.
