Order Type: Findings Agreed Order **Findings Order Justification:** Three or more enforcement actions (NOVs, orders, etc.) over the prior five year period for the same violation(s). Media: AIR **Small Business:** No Location(s) Where Violation(s) Occurred: Braskem America, 8811 Strang Road, La Porte, Harris County **Type of Operation:** Chemical manufacturing plant **Other Significant Matters:** Additional Pending Enforcement Actions: Yes, Docket Nos. 2021-0475-AIR-E and 2021-0874-AIR-E Past-Due Penalties: No Other: N/A **Interested Third-Parties: None** Texas Register Publication Date: July 16, 2021 Comments Received: No **Penalty Information** Total Penalty Assessed: \$23,398

Total Paid to General Revenue: \$11,699
Total Due to General Revenue: \$0
Payment Plan: N/A
Supplemental Environmental Project ("SEP") Conditional Offset: \$11,699
Name of SEP: Houston Regional Monitoring Corporation (Third-Party PreApproved)
Compliance History Classifications:
Person/CN - Satisfactory
Site/RN - Satisfactory
Major Source: Yes
Statutory Limit Adjustment: N/A

Applicable Penalty Policy: April 2014

Investigation Information

Complaint Date(s): N/A **Complaint Information**: N/A

Date(s) of Investigation: June 14, 2018 through April 2, 2020, October 15, 2018 through October 29, 2018, September 2, 2020 through September 30, 2020, and September 28, 2020 through December 4, 2020

Date(s) of NOE(s): October 6, 2020, October 20, 2020, October 30, 2020, and January 4, 2021

Violation Information

1. Failed to operate the flare with a flame present at all times and failed to prevent unauthorized emissions. Since the Respondent did not comply with the emissions event reporting requirements, the emissions event was not caused by a sudden avoidable breakdown of equipment or process beyond the control of the owner or operator, and the emissions event could have been avoided by better design and/or better operational and maintenance practices, the Respondent is precluded from asserting an affirmative defense under 30 TEX. ADMIN. CODE § 101.222 [30 TEX. ADMIN. CODE §§ 101.20(1), 115.722(d), 116.115(c), and 122.143(4), 40 CODE OF FEDERAL REGULATIONS ("CFR") § 60.18(c)(2), New Source Review ("NSR") Permit No. 5572B, Special Conditions ("SC") Nos. 1, Federal Operating Permit ("FOP") No. 01424, General Terms and Conditions ("GTC") and Special Terms and Conditions ("STC") Nos. 1.A and 11, and TEX. HEALTH & SAFETY CODE § 382.085(b)].

2. Failed to identify all required information on the final record for a reportable emissions event [30 TEX. ADMIN. CODE §§ 101.201(b)(1)(G) and (H) and 122.143(4), FOP No. O1424, GTC and STC No. 2.F, and TEX. HEALTH & SAFETY CODE § 382.085(b)].

3. Failed to operate the flare with a flame present at all times and failed to prevent unauthorized emissions. Since the emissions event was not caused by a sudden unavoidable breakdown of equipment or process beyond the control of the owner or operator and could have been avoided by better design and/or better operational and maintenance practices, the Respondent is precluded from asserting an affirmative defense under 30 TEX. ADMIN. CODE § 101.222 [30 TEX. ADMIN. CODE §§ 101.20(1), 115.722(d), 116.115(c) and 122.143(4), 40 CFR § 60.18(c)(2), NSR Permit No. 5572B, SC No. 1, FOP No. O1424, GTC and STC Nos. 1.A and 11, and TEX. HEALTH & SAFETY CODE § 382.085(b)].

4. Failed to submit a permit compliance certification ("PCC") within 30 days of any certification period [30 TEX. ADMIN. CODE §§ 122.143(4) and 122.146(2), FOP No. 01424, GTC and STC No. 14, and TEX. HEALTH & SAFETY CODE § 382.085(b)].

5. Failed to prevent unauthorized emissions. Since the emissions event was not caused by a sudden unavoidable breakdown of equipment or process beyond the control of the owner or operator and could have been avoided by better design and/or better operational and maintenance practices, the Respondent is precluded from asserting an

affirmative defense under 30 TEX. ADMIN. CODE § 101.222 [30 TEX. ADMIN. CODE §§ 116.115(c) and 122.143(4), NSR Permit No. 5572B, SC No. 1, FOP No. O1424, GTC and STC No. 11, and TEX. HEALTH & SAFETY CODE § 382.085(b)].

6. Failed to identify all required information on the final record for a reportable emissions event [30 TEX. ADMIN. CODE §§ 101.201(b)(1)(F), (G), and (H) and 122.143(4), FOP No. 01424, GTC and STC No. 2.F, and TEX. HEALTH & SAFETY CODE § 382.085(b)].

Corrective Actions/Technical Requirements

Corrective Action(s) Completed:

The Respondent has implemented the following corrective measures:

a. On April 2, 2020, provided the estimated total quantities for ethylene and hexane that were released during the emissions event; the correct estimated total quantity of nitrogen oxides that was released during the emissions event; the authorization for Emissions Point Number ("EPN") 44; and the authorized emissions limits for ethylene, propylene, and hexane that were associated to the emissions event (Incident No. 273939);

b. On September 30, 2020, submitted the PCC for the February 3, 2019 through February 2, 2020 certification period; and

c. On October 19, 2020, provided the estimated total quantities for propane and ethylene that were released during the emissions event and the correct estimated duration of the emissions event (Incident No. 276527).

Technical Requirements:

1. The Order will require the Respondent to implement and complete a SEP (see SEP Attachment A).

2. The Order will also require the Respondent to:

a. Within 30 days:

i. Implement measures and/or procedures designed to prevent the recurrence of emissions events due to the same or similar causes as Incident No. 273939;

ii. Implement measures and/or procedures designed to ensure that all of the required information is identified on the final records for reportable emissions events;

iii. Implement measures and/or procedures designed to prevent the recurrence of emissions events due to the same or similar causes as Incident No. 276681; and

iv. Implement measures and/or procedures designed to prevent the recurrence of emissions events due to the same or similar causes as Incident No. 276527.

b. Within 45 days, submit written certification to demonstrate compliance with a.

E. Written notices of violations (NOV) (CCEDS Inv. Track. No.):

F.

A notice of violation represents a written allegation of a violation of a specific regulatory requirement from the commission to a regulated entity. A notice of violation is not a final enforcement action, nor proof that a violation has actually occurred.

IN THE MATTER OF AN ENFORCEMENT ACTION CONCERNING BRASKEM AMERICA, INC. RN102888328

BEFORE THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2020-1369-AIR-E

On _______, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding Braskem America, Inc. (the "Respondent") under the authority of TEX. HEALTH & SAFETY CODE ch. 382 and TEX. WATER CODE ch. 7. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent presented this Order to the Commission.

The Respondent understands that it has certain procedural rights at certain points in the enforcement process, including the right to formal notice of violations, notice of an evidentiary hearing, the right to an evidentiary hearing, and a right to appeal. By entering into this Order, the Respondent agrees to waive all notice and procedural rights.

It is further understood and agreed that this Order represents the complete and fully-integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable. The duties and responsibilities imposed by this Order are binding upon the Respondent.

The Commission makes the following Findings of Fact and Conclusions of Law:

I. FINDINGS OF FACT

- 1. The Respondent owns and operates a chemical manufacturing plant located at 8811 Strang Road in La Porte, Harris County, Texas (the "Plant"). The Plant consists or consisted of one or more sources as defined in TEX. HEALTH & SAFETY CODE § 382.003(12).
- 2. During a record review conducted on June 14, 2018 through April 2, 2020, an investigator documented that:
 - a. The Respondent released 494.85 pounds ("lbs") of volatile organic compounds ("VOC") from the B Flare, Emissions Point Number ("EPN") 44, during an emissions event (Incident No. 273939) that occurred on December 5, 2017 and lasted 11 hours. The emissions event occurred due to the loss of flame on all three pilots for the B Flare, resulting in the release to the atmosphere from the unlit flare. TCEQ staff determined that the Respondent did not comply with the

emissions event reporting requirements, the emissions event was not caused by a sudden unavoidable breakdown of equipment or process beyond the control of the owner or operator, and the emissions event could have been avoided by better design and/or better operational and maintenance practices.

- b. The Respondent did not identify ethylene and hexane; the estimated total quantities of ethylene and hexane; the correct estimated total quantity of nitrogen oxides; the authorization for EPN 44; and the authorized emissions limits for ethylene, propylene, and hexane on the final record for Incident No. 273939.
- 3. During a record review conducted on October 15, 2018 through October 29, 2018, an investigator documented that the Respondent released 195.7 lbs of VOC from the C Flare, EPN 140, during an emissions event (Incident No. 276681) that occurred on January 18, 2018 and lasted three hours. The emissions event occurred due to excess steam flow to the C Flare that extinguished the flare ignitor, resulting in the release to the atmosphere from the unlit flare. TCEQ staff determined that the emissions event was not caused by a sudden unavoidable breakdown of equipment or process beyond the control of the owner or operator and could have been avoided by better design and/or better operational and maintenance practices.
- 4. During a record review conducted on September 2, 2020 through September 30, 2020, an investigator documented that the permit compliance certification ("PCC") for February 3, 2019 through February 2, 2020 certification period was due by March 3, 2020, but was not submitted until September 30, 2020.
- 5. During a record review conducted on September 28, 2020 through December 4, 2020, an investigator documented that:
 - a. The Respondent released 607.14 lbs of carbon monoxide, 57.64 lbs of nitrogen oxides, and 888.37 lbs of VOC from the C Flare, EPN 140, during an emissions event (Incident No. 276527) that occurred on January 17, 2018 and lasted five hours. The emissions event occurred due to inadequate winterization that caused the transmitters associated with Boiler C to freeze and the boiler and the C-Line Unit to shut down, resulting in flaring. TCEQ staff determined that the emissions event was not caused by a sudden avoidable breakdown of equipment or process beyond the control of the owner or operator and could have been avoided by better design and/or better operational and maintenance practices.
 - b. The Respondent did not identify propane and ethylene, the estimated total quantities of propane and ethylene, and the correct estimated duration of the emissions on the final record for Incident No. 276527.
- 6. The Executive Director recognizes that the Respondent has implemented the following corrective measures at the Plant:

- a. On April 2, 2020, provided the estimated total quantities for ethylene and hexane that were released during the emissions event; the correct estimated total quantity of nitrogen oxides that was released during the emissions event; the authorization for EPN 44; and the authorized emissions limits for ethylene, propylene, and hexane that were associated to the emissions event (Incident No. 273939).
- b. On September 30, 2020, submitted the PCC for the February 3, 2019 through February 2, 2020 certification period.
- c. On October 19, 2020, provided the estimated total quantities for propane and ethylene that were released during the emissions event and the correct estimated duration of the emissions event (Incident No. 276527).

II. CONCLUSIONS OF LAW

- 1. As evidenced by Finding of Fact No. 1, the Respondent is subject to the jurisdiction of the TCEQ pursuant to TEX. HEALTH & SAFETY CODE ch. 382 and the rules of the TCEQ.
- 2. As evidenced by Finding of Fact No. 2.a, the Respondent failed to operate the flare with a flame present at all times and failed to prevent unauthorized emissions, in violation of 30 TEX. ADMIN. CODE §§ 101.20(1), 115.722(d), 116.115(c), and 122.143(4), 40 CODE OF FEDERAL REGULATIONS ("CFR") § 60.18(c)(2), New Source Review ("NSR") Permit No. 5572B, Special Conditions ("SC") Nos. 1, Federal Operating Permit ("FOP") No. 01424, General Terms and Conditions ("GTC") and Special Terms and Conditions ("STC") Nos. 1.A and 11, and TEX. HEALTH & SAFETY CODE § 382.085(b). Since the Respondent did not comply with the emissions event reporting requirements, the emissions event was not caused by a sudden avoidable breakdown of equipment or process beyond the control of the owner or operator, and the emissions event could have been avoided by better design and/or better operational and maintenance practices, the Respondent is precluded from asserting an affirmative defense under 30 TEX. ADMIN. CODE § 101.222.
- 3. As evidenced by Finding of Fact No. 2.b, the Respondent failed to identify all required information on the final record for a reportable emissions event, in violation of 30 TEX. ADMIN. CODE §§ 101.201(b)(1)(G) and (H) and 122.143(4), FOP No. 01424, GTC and STC No. 2.F, and TEX. HEALTH & SAFETY CODE § 382.085(b).
- 4. As evidenced by Finding of Fact No. 3, the Respondent failed to operate the flare with a flame present at all times and failed to prevent unauthorized emissions, in violation of 30 TEX. ADMIN. CODE §§ 101.20(1), 115.722(d), 116.115(c) and 122.143(4), 40 CFR § 60.18(c)(2), NSR Permit No. 5572B, SC No. 1, FOP No. 01424, GTC and STC Nos. 1.A and 11, and TEX. HEALTH & SAFETY CODE § 382.085(b). Since the emissions event was not caused by a sudden unavoidable breakdown of equipment or process beyond the control of the owner or operator and could have been avoided by better design and/or better operational and maintenance practices, the Respondent is precluded from asserting an affirmative defense under 30 TEX. ADMIN. CODE § 101.222.

- 5. As evidenced by Finding of Fact No. 4, the Respondent failed to submit a PCC within 30 days of any certification period, in violation of 30 TEX. ADMIN. CODE §§ 122.143(4) and 122.146(2), FOP No. O1424, GTC and STC No. 14, and TEX. HEALTH & SAFETY CODE § 382.085(b).
- 6. As evidenced by Finding of Fact No. 5.a, the Respondent failed to prevent unauthorized emissions, in violation of 30 TEX. ADMIN. CODE §§ 116.115(c) and 122.143(4), NSR Permit No. 5572B, SC No. 1, FOP No. 01424, GTC and STC No. 11, and TEX. HEALTH & SAFETY CODE § 382.085(b). Since the emissions event was not caused by a sudden unavoidable breakdown of equipment or process beyond the control of the owner or operator and could have been avoided by better design and/or better operational and maintenance practices, the Respondent is precluded from asserting an affirmative defense under 30 TEX. ADMIN. CODE § 101.222.
- 7. As evidenced by Finding of Fact No. 5.b, the Respondent failed to identify all required information on the final record for a reportable emissions event, in violation of 30 TEX. ADMIN. CODE §§ 101.201(b)(1)(F), (G), and (H) and 122.143(4), FOP No. 01424, GTC and STC No. 2.F, and TEX. HEALTH & SAFETY CODE § 382.085(b).
- 8. Pursuant to TEX. WATER CODE § 7.051, the TCEQ has the authority to assess an administrative penalty against the Respondent for violations of state statutes within the TCEQ's jurisdiction, for violations of rules adopted under such statutes, or for violations of orders or permits issued under such statutes.
- 9. An administrative penalty in the amount of \$23,398 is justified by the facts recited in this Order, and considered in light of the factors set forth in TEX. WATER CODE § 7.053. The Respondent paid \$11,699 of the penalty. Pursuant to TEX. WATER CODE § 7.067, \$11,699 of the penalty shall be conditionally offset by the Respondent's timely and satisfactory completion of a Supplemental Environmental Project ("SEP") as defined in the attached SEP Agreement ("Attachment A", incorporated herein by reference). The Respondent's obligation to pay the conditionally offset portion of the penalty shall be discharged upon full compliance with all the terms and conditions of this Order, which includes the timely and satisfactory completion of all provisions of the SEP Agreement, as determined by the Executive Director.

III. ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. The Respondent is assessed a penalty as set forth in Conclusion of Law No. 9 for violations of state statutes and rules of the TCEQ. The payment of this penalty and the Respondent's compliance with all the requirements set forth in this Order resolve only the matters set forth by this Order in this action. The Commission shall not be constrained in any manner from requiring corrective actions or penalties for violations

that are not raised here. Penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Braskem America, Inc., Docket No. 2020-1369-AIR-E" to:

Financial Administration Division, Revenue Operations Section Attention: Cashier's Office, MC 214 Texas Commission on Environmental Quality P.O. Box 13088 Austin, Texas 78711-3088

- 2. The Respondent shall implement and complete an SEP as set forth in Section II, Paragraph No. 9. The amount of \$11,699 of the assessed penalty is conditionally offset based on the Respondent's implementation and completion of the SEP pursuant to the terms of the SEP Agreement, as defined in Attachment A. Penalty payments for any portion of the SEP deemed by the Executive Director as not complete shall be paid within 30 days after the date the Executive Director demands payment.
- 3. The Respondent shall undertake the following technical requirements:
 - a. Within 30 days after the effective date of this Order:
 - i. Implement measures and/or procedures designed to prevent the recurrence of emissions events due to the same or similar causes as Incident No. 273939;
 - ii. Implement measures and/or procedures designed to ensure that all of the required information is identified on the final records for reportable emissions events;
 - iii. Implement measures and/or procedures designed to prevent the recurrence of emissions events due to the same or similar causes as Incident No. 276681; and
 - iv. Implement measures and/or procedures designed to prevent the recurrence of emissions events due to the same or similar causes as Incident No. 276527.
 - Within 45 days after the effective date of this Order, submit written certification, and include detailed supporting documentation including photographs, receipts, and/or other records to demonstrate compliance with Ordering Provision No.
 3.a. The certification shall be signed by the Respondent and shall include the following certification language:

"I certify under penalty of law that I have personally examined and am familiar with the information submitted and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate and complete. I

> am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

The certification shall be submitted to:

Order Compliance Team Enforcement Division, MC 149A Texas Commission on Environmental Quality P.O. Box 13087 Austin, Texas 78711-3087

with a copy to:

Air Section Manager Houston Regional Office Texas Commission on Environmental Quality 5425 Polk Street, Suite H Houston, Texas 77023-1452

- 4. All relief not expressly granted in this Order is denied.
- 5. The duties and provisions imposed by this Order shall apply to and be binding upon the Respondent. The Respondent is ordered to give notice of this Order to personnel who maintain day-to-day control over the Plant operations referenced in this Order.
- 6. If the Respondent fails to comply with any of the Ordering Provisions in this Order within the prescribed schedules, and that failure is caused solely by an act of God, war, strike, riot, or other catastrophe, the Respondent's failure to comply is not a violation of this Order. The Respondent shall have the burden of establishing to the Executive Director's satisfaction that such an event has occurred. The Respondent shall notify the Executive Director within seven days after the Respondent becomes aware of a delaying event and shall take all reasonable measures to mitigate and minimize any delay.
- 7. The Executive Director may grant an extension of any deadline in this Order or in any plan, report, or other document submitted pursuant to this Order, upon a written and substantiated showing of good cause. All requests for extensions by the Respondent shall be made in writing to the Executive Director. Extensions are not effective until the Respondent receives written approval from the Executive Director. The determination of what constitutes good cause rests solely with the Executive Director. Extension requests shall be sent to the Order Compliance Team at the address listed above.
- 8. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms in this Order.

- 9. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.
- 10. This Order, issued by the Commission, shall not be admissible against the Respondent in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
- This Order may be executed in separate and multiple counterparts, which together shall 11. constitute a single instrument. Any page of this Order may be copied, scanned, digitized, converted to electronic portable document format ("pdf"), or otherwise reproduced and may be transmitted by digital or electronic transmission, including but not limited to facsimile transmission and electronic mail. Any signature affixed to this Order shall constitute an original signature for all purposes and may be used, filed, substituted, or issued for any purpose for which an original signature could be used. The term "signature" shall include manual signatures and true and accurate reproductions of manual signatures created, executed, endorsed, adopted, or authorized by the person or persons to whom the signatures are attributable. Signatures may be copied or reproduced digitally, electronically, by photocopying, engraving, imprinting, lithographing, electronic mail, facsimile transmission, stamping, or any other means or process which the Executive Director deems acceptable. In this paragraph exclusively, the terms: electronic transmission, owner, person, writing, and written, shall have the meanings assigned to them under TEX. BUS. ORG. CODE § 1.002.
- 12. The effective date of this Order is the date it is signed by the Commission. A copy of this fully executed Order shall be provided to each of the parties.

For the Executive Director

I, the undersigned, have read and understand the attached Order. I am authorized to agree to the attached Order, and I do agree to the terms and conditions specified therein. I further acknowledge that the TCEQ, in accepting payment for the penalty amount, is materially relying on such representation.

I also understand that failure to comply with the Ordering Provisions, if any, in this Order and/or failure to timely pay the penalty amount, may result in:

- A negative impact on compliance history;
- Greater scrutiny of any permit applications submitted;
- Referral of this case to the Attorney General's Office for contempt, injunctive relief, additional penalties, and/or attorney fees, or to a collection agency;
- Increased penalties in any future enforcement actions;
- Automatic referral to the Attorney General's Office of any future enforcement actions; and
- TCEQ seeking other relief as authorized by law.

In addition, any falsification of any compliance documents may result in criminal prosecution.

Attachment A

Docket Number: 2020-1369-AIR-E SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	Braskem America, Inc.
Payable Penalty Amount:	\$23,398
SEP Offset Amount:	\$11,699
Type of SEP:	Contribution to a Third-Party Pre-Approved SEP
Third-Party Administrator:	Houston Regional Monitoring Corporation
Project Name:	Houston Area Air Monitoring Project
Location of SEP:	Harris County

The Texas Commission on Environmental Quality ("TCEQ") agrees to offset a portion of the administrative penalty amount assessed in this Agreed Order for the Respondent to contribute to a Supplemental Environmental Project ("SEP"). The SEP Offset Amount is set forth above and such offset is conditioned upon completion of the project in accordance with the terms of this Attachment A.

1. Project Description

a. Project

The Respondent shall contribute the SEP Offset Amount to the Third-Party Administrator named above. The contribution will be to the **Houston Regional Monitoring Corporation** for the *Houston Area Air Monitoring Project* SEP. The contribution will be used in accordance with the SEP between the Third-Party Administrator and the TCEQ (the "Project"). Specifically, the SEP Offset Amount will be used to operate a network of ambient air monitoring stations that continuously measure and record concentrations of ambient air pollutants. This network includes the Houston Regional Monitor ("HRM") 617 Wallisville Road site, the HRM 615 Lynchburg Ferry site, and the HRM 3 Haden Road site. The Third-Party Administrator shall use the SEP Offset Amount to report data from these three existing sites in the Houston Regional Monitoring Corporation ambient air quality monitoring network in the Houston-Galveston Air Quality Control Region No. 216. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations.

All dollars contributed will be used solely for the direct cost of implementing the Project, including but not limited to supplies, materials, and equipment. Any portion of this contribution that is not spent on the specifically identified SEP may, at the discretion of the Executive Director ("ED"), be applied to another pre-approved SEP.

Braskem America, Inc. Agreed Order - Attachment A

The Respondent's signature affixed to this Agreed Order certifies that it has no prior commitment to make this contribution and that it is being contributed solely to settle this enforcement action. The Respondent shall not profit in any manner from this SEP.

b. Environmental Benefit

This SEP will provide TCEQ with near real-time access to high quality, short time resolution volatile organic compound, nitrogen oxide, ozone, and meteorological data sets that can be used to evaluate and track air pollution emission events as they occur, conduct source attribution studies, and to assess potential ambient community exposure to a limited number of hazardous air pollutants. Data from the monitors can be used with data from other monitors to provide critical information that can be used to evaluate the effectiveness of current and proposed emission control strategies aimed at achieving compliance with the 8-hour ozone National Ambient Air Quality Standards. It also provides a key source of information that is essential to furthering our overall understanding of those emission sources that contribute to ambient community exposure to toxic air contaminants. Because the information is available in near realtime, it can be used to provide both agency staff and industry personnel with time critical information to investigate emission events in a timely fashion. Another key benefit is the ability to measure the change in the ambient air concentration of the individual target species and quantify control measure effectiveness. Data from these monitors will be publicly accessible through the TCEQ's website and will be used in evaluating air quality in the area, in ozone forecasts, and ozone warnings. Thus, the public will directly benefit by having access to the data and the forecasting and notification tools which can be used for public awareness.

c. Minimum Expenditure

The Respondent shall contribute at least the SEP Offset Amount to the Third-Party Administrator and comply with all other provisions of this SEP.

2. Performance Schedule

Within 30 days after the effective date of this Agreed Order, the Respondent must contribute the SEP Offset Amount to the Third-Party Administrator. The Respondent shall make the contribution payable to **Houston Regional Monitoring Corporation SEP** and shall mail the contribution with a copy of the Agreed Order to:

> Houston Regional Monitoring Corporation Christopher B. Amandes Amandes PLLC 1414 West Clay Street Houston, Texas 77019

Braskem America, Inc. Agreed Order - Attachment A

3. Records and Reporting

Concurrent with the payment of the SEP Offset Amount, the Respondent shall provide the Enforcement Division SEP Coordinator with a copy of the check and transmittal letter indicating full payment of the SEP Offset Amount due to the Third-Party Administrator. The Respondent shall mail a copy of the check and transmittal letter to:

> Texas Commission on Environmental Quality Enforcement Division Attention: SEP Coordinator, MC 219 P.O. Box 13087 Austin, Texas 78711-3087

4. Failure to Fully Perform

If the Respondent does not perform its obligations under this Attachment A, including full expenditure of the SEP Offset Amount and submittal of the required reporting described in Sections 2 and 3 above, the ED may require immediate payment of all or part of the SEP Offset Amount.

In the event the ED determines that the Respondent failed to fully implement and complete the Project, the Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice of failure to complete the SEP, the Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for the reimbursement of a SEP; shall make the check payable to "Texas Commission on Environmental Quality"; and shall mail it to:

Texas Commission on Environmental Quality Litigation Division Attention: SEP Coordinator, MC 175 P.O. Box 13087 Austin, Texas 78711-3087

5. Publicity

Any public statements concerning this SEP made by or on behalf of the Respondent, must include a clear statement that **the Project was performed as part of the settlement of an enforcement action brought by the TCEQ**. Such statements include advertising, public relations, and press releases. Braskem America, Inc. Agreed Order - Attachment A

6. Recognition

The Respondent may not seek recognition for this contribution in any other state or federal regulatory program.

7. Other SEPs by TCEQ or Other Agencies

The SEP Offset Amount identified in this Agreed Order has not been, and shall not be, included as a SEP for the Respondent under any other Agreed Order negotiated with the TCEQ or any other agency of the state or federal government.
