# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

IN THE MATTER OF AN  
ENFORCEMENT ACTION  
CONCERNING  
TOWN OF WOODSBORO  
RN101920551

§           BEFORE THE  
§           TEXAS COMMISSION ON  
§           ENVIRONMENTAL QUALITY

## AGREED ORDER DOCKET NO. 2021-0677-MWD-E

### I. JURISDICTION AND STIPULATIONS

On \_\_\_\_\_, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding the Town of Woodsboro (the "Respondent") under the authority of TEX. WATER CODE chs. 7 and 26. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent, together stipulate that:

1. The Respondent owns and operates a wastewater treatment facility located at 148 Farm-to-Market Road 1360 in Woodsboro, Refugio County, Texas (the "Facility"). The Facility is near or adjacent to water in the state as defined in TEX. WATER CODE § 26.001(5).
2. The Executive Director and the Respondent agree that the TCEQ has jurisdiction to enter this Order pursuant to TEX. WATER CODE §§ 7.002, 7.051, and 7.073, and that the Respondent is subject to TCEQ's jurisdiction. The TCEQ has jurisdiction in this matter pursuant to TEX. WATER CODE § 5.013 because it alleges violations of TEX. WATER CODE ch. 26 and the rules of the TCEQ.
3. The occurrence of any violation is in dispute and the entry of this Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
4. An administrative penalty in the amount of \$30,925 is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). The amount of \$6,185 is deferred contingent upon the Respondent's timely and satisfactory compliance with all the terms of this Order, and shall be waived only upon full compliance with all the terms and conditions contained in this Order. If the Respondent fails to timely and satisfactorily comply with any of the terms or requirements contained in this Order, the Executive Director may demand payment of all or part of the deferred penalty amount.

Pursuant to TEX. WATER CODE § 7.067, \$24,740 of the penalty shall be conditionally offset by the Respondent's timely and satisfactory completion of a Supplemental Environmental Project ("SEP") as defined in the attached SEP Agreement ("Attachment A", incorporated herein by reference). The Respondent's obligation to pay the conditionally offset portion of the penalty shall be discharged upon full compliance with all the terms and conditions of this Order, which includes the timely and satisfactory completion of all provisions of the SEP Agreement, as determined by the Executive Director.

5. The Executive Director and the Respondent agree on a settlement of the matters alleged in this enforcement action, subject to final approval in accordance with 30 TEX. ADMIN. CODE § 70.10(a). Any notice and procedures, which might otherwise be authorized or required in this action, are waived in the interest of a more timely resolution of the matter.
6. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Order.
7. This Order represents the complete and fully-integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable.
8. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.
9. The Executive Director recognizes that the Respondent implemented the following corrective measures at the Facility:
  - a. By March 16, 2021, pumped standing wastewater back to the lift station and cleaned and disinfected the area;
  - b. By May 3, 2021, pumped standing wastewater back to the lift station and cleaned and disinfected the area;
  - c. By June 16, 2021, secured the Main Central Lift Station fence with a lock; and
  - d. By June 16, 2021, purchased and installed a new screenings bin to ensure proper storage and disposal of screenings.

## II. ALLEGATIONS

1. During an investigation at the Facility conducted on March 18, 2021, an investigator documented that the Respondent:
  - a. Failed to prevent an unauthorized discharge of wastewater into or adjacent to any water in the state, in violation of TEX. WATER CODE § 26.121(a)(1), 30 TEX. ADMIN. CODE § 305.125(1), and Texas Pollutant Discharge Elimination System ("TPDES") Permit No. WQ0010156001, Permit Conditions No. 2.g. Specifically, on March 16, 2021, the Main Central Lift Station pump breaker was tripped, during installation of a generator, resulting in an unauthorized discharge. Additionally, on May 3, 2021, inflow and infiltration at the Main Central Lift Station resulted in unauthorized discharge at 147 Farm-to-Market Road 1360.

- b. Failed to properly operate and maintain the Facility and all of its systems of collection, treatment, and disposal, in violation of 30 TEX. ADMIN. CODE § 305.125(1) and (5) and TPDES Permit No. WQ0010156001, Operational Requirements No. 1. Specifically, one of the three pumps at the Facility's Main Central Lift Station was inoperable, and screenings from the lift station were not stored in a container with a tight-fitting lid.
  - c. Failed to secure the lift station in an intruder-resistant manner, in violation of 30 TEX. ADMIN. CODE § 317.3(a). Specifically, the Main Central Lift Station was not locked to prevent unauthorized access.

<b>SEP Offset Amount:</b>	Twenty-Four Thousand Seven Hundred Forty Dollars (\$24,740)
<b>Type of SEP:</b>	Compliance
<b>Project Name:</b>	<i>WWTP Improvements</i>

The Texas Commission on Environmental Quality (“TCEQ”) agrees to offset the administrative Penalty Amount assessed in this Agreed Order for Respondent to perform a Supplemental Environmental Project (“SEP”). The SEP Offset Amount is set forth above and such offset is conditioned upon completion of the project in accordance with the terms of this Attachment A.

Respondent is a Local Government that qualifies under Texas Water Code § 7.067 to apply the SEP Offset Amount set forth above to correct violations at its wastewater treatment facility (the “Facility”) which are described in this Agreed Order. This Agreed Order cites violations at Respondent’s Facility.

**1. Project Description**

**A. Project**

Respondent shall hire a contractor to remove and replace the submersible pumps and control panel and install a remote monitoring system at the main central lift station in Woodsboro. Specifically, the SEP Offset Amount shall be used for materials, supplies, and equipment for one or more of the following: submersible pumps, control panel, and remote monitoring system (the “Project”). Respondent shall solicit bids from qualified contractors to perform the Project. Any advertisement, including publication, related to the SEP must include the enforcement statement as stated in Section 6, Publicity. The SEP will be performed in accordance with all federal, state, and local environmental laws and regulations, including permits that may be required prior to commencement of the SEP.

Respondent shall use the SEP Offset Amount only for the direct cost of implementing the Project, including supplies, materials, and equipment rentals, as listed in Subsection C. Minimum Expenditure, Estimated Cost Schedule, below. No portion of the SEP Offset Amount shall be spent on administrative costs, including but not limited to operating costs, reporting expenses, handling of expenses, project coordination, liability, or equipment breakdowns.

Respondent’s signature affixed to the attached Agreed Order certifies that Respondent has no prior commitment to perform this Project and that the SEP is being performed solely as part of the terms of settlement in this enforcement action.

**B. Environmental Benefit**

This SEP will provide a discernible environmental benefit by preventing wastewater discharges being released into the environment during the collection process.

Wastewater discharges can carry bacteria, viruses, protozoa (parasitic organisms), helminths (intestinal worms), and bioaerosols (inhalable molds and fungi). The diseases they may cause range in severity from mild gastroenteritis to life-threatening ailments such as cholera, dysentery, infectious hepatitis, and severe gastroenteritis. Additional risks include occurrences of low dissolved oxygen, fish kills, algal bloom, and bacterial contamination in waterways.

**C. Minimum Expenditure**

Respondent shall spend at least the SEP Offset Amount to complete the project described in Section 1, above, and comply with all other provisions of this SEP. Respondent understands that it may cost more than the SEP Offset Amount to complete the Project.

**Estimated Cost Schedule**

Respondent shall provide additional information as requested by TCEQ staff and shall allow access to all records related to the SEP Offset Amount. Respondent shall also allow representatives of the TCEQ access to the site of any work being financed in whole or in part by the SEP Offset Amount. This provision shall survive the termination of this Agreed Order.

**5. Failure to Fully Perform**

If Respondent does not perform its obligations under this Attachment A, including full expenditure of the SEP Offset Amount and submittal of the required reporting described in Sections 2 through 4 above, the Executive Director (“ED”) may require immediate payment of all or part of the SEP Offset Amount as set forth in the attached Agreed Order.
