ENFORCEMENT ACTION
CONCERNING
CITY OF RISING STAR

**§

§
§
§**

**BEFORE THE
TEXAS COMMISSION ON
ENVIRONMENTAL QUALITY**

**AGREED ORDER
DOCKET NO. 2021-1534-MWD-E**

I. JURISDICTION AND STIPULATIONS

On _____, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding the City of Rising Star (the "Respondent") under the authority of TEX. WATER CODE chs. 7 and 26. The Executive Director of the TCEQ, through the Enforcement Division, and the Respondent, together stipulate that:

1. The Respondent owns and operates a wastewater treatment plant located approximately 500 feet north of State Highway 36, one mile east of the intersection of State Highway 36 and United States Highway 183-East Pioneer Street in Eastland County, Texas (the "Facility"). The Facility is near or adjacent to water in the state as defined in TEX. WATER CODE § 26.001(5)
2. The Executive Director and the Respondent agree that the TCEQ has jurisdiction to enter this Order pursuant to TEX. WATER CODE §§ 7.002, 7.051, and 7.073, and that the Respondent is subject to TCEQ's jurisdiction. The TCEQ has jurisdiction in this matter pursuant to TEX. WATER CODE § 5.013 because it alleges violations of TEX. WATER CODE ch. 26 and the rules of the TCEQ.
3. The occurrence of any violation is in dispute and the entry of this Order shall not constitute an admission by the Respondent of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
4. An administrative penalty in the amount of \$21,000 is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). The amount of \$4,200 is deferred contingent upon the Respoondent's timely and satisfactory compliance with all the terms of this Order and shall be waived only upon full compliance with all the terms and conditions of this Order. If the Respondent fails to timely and satisfactorily comply with any of the terms and conditions contained in this Order, the Executive Director may demand payment of all or part of the deferred penalty amount.

Pursuant to TEX. WATER CODE § 7.067, \$16,800 of the penalty shall be conditionally offset by the Respondent's timely and satisfactory completion of a Supplemental Environmental Project ("SEP") as defined in the attached SEP Agreement ("Attachment A", incorporated herein by reference). The Respondent's obligation to pay the

conditionally offset portion of the penalty shall be discharged upon full compliance with all the terms and conditions of this Order, which includes the timely and satisfactory completion of all provisions of the SEP Agreement, as determined by the Executive Director.

5. The Executive Director and the Respondent agree on a settlement of the matters alleged in this enforcement action, subject to final approval in accordance with 30 TEX. ADMIN. CODE § 70.10(a). Any notice and procedures, which might otherwise be authorized or required in this action, are waived in the interest of a more timely resolution of the matter.
6. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that the Respondent has not complied with one or more of the terms or conditions in this Order.
7. This Order represents the complete and fully-integrated agreement of the parties. The provisions of this Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Order unenforceable, the remaining provisions shall be valid and enforceable.
8. This Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Order, whichever is later.

II. ALLEGATIONS

Attachment A

Docket Number: 2021-1534-MWD-E

SUPPLEMENTAL ENVIRONMENTAL PROJECT

Respondent:	City of Rising Star
Penalty Amount:	\$16,800
SEP Offset Amount:	\$16,800
Type of SEP:	Compliance
Project Name:	<i>WWTP Improvements</i>
Location of SEP:	Eastland County

The Texas Commission on Environmental Quality (“the Commission” or “TCEQ”) agrees to offset the administrative Penalty Amount assessed in this Agreed Order in exchange for Respondent’s performance of a Supplemental Environmental Project (“SEP”).

Respondent is a Local Government that qualifies under Texas Water Code § 7.067 to apply the SEP Offset Amount set forth above to correct violations at its wastewater treatment facility (the “Facility”) which are described in this Agreed Order.

1. Project Description

A. Project

Respondent purchased an electric blower motor, two discharge pumps, pH meter, and positive displacement 5L blower. Respondent also hired a contractor to repair the well pump motors at the Facility. Specifically, the SEP Offset Amount was used for materials, supplies, and equipment for the motor, discharge pumps, pH meter, blower, and repairs on the well pump motors (the “Project”). Respondent hired qualified contractors to perform the Project. The SEP was performed in accordance with all federal, state, and local environmental laws and regulations.

Respondent used the SEP Offset Amount only for the direct cost of implementing the Project, including supplies, materials, and equipment rentals, as listed below in Subsection C. Expenses. No portion of the SEP Offset Amount was spent on administrative costs, including operating costs, reporting expenses, handling of expenses, project coordination, liability, or equipment breakdowns.

Respondent’s signature affixed to the attached Agreed Order certifies that Respondent had no prior commitment to perform this Project and that the SEP was performed solely as part of the terms of settlement in this enforcement action.

B. Environmental Benefit

This SEP will provide a discernible environmental benefit by improving the quality of wastewater effluent being released into the environment. Inadequately treated effluent can carry bacteria, viruses, protozoa (parasitic organisms), helminths (intestinal worms), and bioaerosols (inhalable molds and fungi). The diseases they may cause range in severity from mild gastroenteritis to life-threatening ailments such as cholera, dysentery, infectious hepatitis, and severe gastroenteritis. Additional risks include occurrences of low dissolved oxygen, fish kills, algal bloom, and bacterial contamination in waterways.

C. Expenses

Respondent spent at least the SEP Offset Amount to complete the project described in Section 1.A, above, and complied with all other provisions of this SEP. Respondent understood that it may have costs more than the SEP Offset Amount to complete the Project.

Expenses

Item	Total
Electric Blower Motor	\$1,429.20
Motor Repairs	\$1,035.56
Motor Repairs	\$680.66
Spare Discharge Pump	\$5,500.00
Discharge Pump	\$5,240.20
pH Meter	\$1,281.41
5L Blower	\$4,177.38
Total	\$19,344.41

2. Records

As of August 4, 2023, Respondent provided TCEQ the following documentation as proof of completion of the proposed SEP:

1. An itemized list of expenditures and total cost of the Project;
2. Copies of invoices or receipts corresponding to the itemized list in paragraph 2.1., above;
3. Copies of cleared checks or payment records corresponding to the itemized list in paragraph 2.1., above;
4. A certified statement of SEP completion and document authentication;
5. A detailed map showing the specific location of the Project site; and
6. Photographs of the purchased materials and supplies; before and after work being performed during the Project; and of the completed Project.

3. Additional Information and Access

Respondent shall provide additional information as requested by TCEQ staff and shall allow immediate (i.e., within 24 hours) access to all records related to the SEP Offset Amount. Respondent shall also allow representatives of TCEQ access to the site of any work being financed in whole or in part by the SEP Offset Amount. This provision shall survive the termination of this Agreed Order.

4. Failure to Fully Perform

If Respondent does not perform its obligations under this Attachment A, including full expenditure of the SEP Offset Amount and submittal of the required reporting described in Sections 2 and 3 above, the Executive Director (“ED”) may require immediate payment of all or part of the SEP Offset Amount as set forth in the attached Agreed Order.

In the event the ED determines that Respondent failed to fully implement and complete the Project, Respondent shall remit payment for all or a portion of the SEP Offset Amount, as determined by the ED, and as set forth in the attached Agreed Order. After receiving notice

of failure to complete the SEP, Respondent shall include the docket number of the attached Agreed Order and a note that the enclosed payment is for reimbursement of a SEP, shall make the check payable to "Texas Commission on Environmental Quality," and shall mail it to the SEP Coordinator at the address provided below:

Texas Commission on Environmental Quality
Litigation Division
Attention: SEP Coordinator, MC 175
P.O. Box 13087
Austin, Texas 78711-3087

5. Publicity

Any public statements concerning this Project made by or on behalf of Respondent must include a clear statement that **the Project was performed as part of the settlement of an enforcement action brought by TCEQ**. Such statements include advertising, public relations, and press releases.

6. Recognition

Respondent may not seek recognition for this project in any other state or federal regulatory program.

7. Other SEPs by TCEQ or Other Agencies

The SEP Offset Amount identified in this Attachment A and in the attached Agreed Order has not been, and shall not be, included as a SEP for Respondent under any other Agreed Order negotiated with TCEQ or any other agency of the state or federal government.
