Re: Docket No. 2022-0125-WR – Application No. 13404 by the City of Wichita Falls for Construction of the proposed Lake Ringgold in Clay County, Texas

This letter is in response to the recommendations of the Applicant and TCEQ Executive Director that the Henrietta Independent School District's (HISD) request for a contested case hearing in Docket No. 2022-0125-WR be denied.

The Executive Director “concludes that the interests identified in the request are not within the TCEQ’s jurisdiction, or are interests not within the TCEQ’s expertise...”. However, in the filing presented by the Office of Public Interest Counsel, OPIC states “The ED has prepared a map in this case demonstrating that Henrietta ISD’s property is within or near the footprint of the proposed facility”.

Based on the OPIC statement that the ED’s map shows HISD has property within or near the footprint of the proposed facility, we ask that our request for a contested case hearing be granted.

Regards,

Brad Yurcho  
President  
HISD Board of Trustees
