P. O. Box 13087
Austin, Texas 78711

Re: Request for Contested Case Hearing, Proposed Texas Pollutant Discharge Elimination (TPDES)
Permit No. WQ0016003001

Dear Ms. Gharis,

I am writing regarding the Restore the Grassland, LLC and Harrington/Turner Enterprises, LP for the above referenced permit for a wastewater treatment facility to be located approximately 0.4 mile northwest of the intersection of North Murphy Road and Rolling Ridge Drive in Collin County.

As the State Representative for the affected area, I request a contested case hearing. With the potential for flooding along Maxwell Creek, both up and downstream, and the quality of that creek's water as a result of this proposal, many of my constituents from the cities of Parker, Murphy, Allen, Lucas and Wylie have contacted me to express their grave concerns with the negative impact this development will have on the area communities and on their property values. Additionally, the outpouring of public comments (during the public comment period) on the TCEQ Commissioners' Integrated Database, made by homeowners residing in District 89, was overwhelming. I had previously written in September 2021 to request a public meeting, and again in November 2021 to go on record in strong opposition of this application. Today, I join my constituents, the City of Parker, the City of Murphy, and the North Texas Municipal Water District in requesting a contested case hearing.

I would be pleased to answer any questions you may have regarding my position.

Sincerely,

Candy Noble
State Representative, District 89

Subject: Letter from Rep. Noble regarding TPDES Permit No. WQ0016003001

Ms. Gharis,

Please find attached Representative Noble's letter in opposition to the approval of TPDES Permit No. WQ0016003001.

We have mailed the original letter this afternoon.

Thank you,
Suzanne

Re: Proposed Texas Pollutant Discharge Elimination (TPDES) Permit No. WQ0016003001

Dear Ms. Gharis,

I am in receipt of the Texas Commission on Environmental Quality (TCEQ) notice that Restore the Grassland, LLC and Harrington/Turner Enterprises, LP has applied for the above referenced permit for a wastewater treatment facility to be located approximately 0.4 mile northwest of the intersection of North Murphy Road and Rolling Ridge Drive in Collin County.

As the State Representative for the affected area, I strongly oppose this application. With the potential for flooding along Maxwell Creek, both up and downstream, and the quality of that creek's water as a result of this proposal, many of my constituents from the cities of Parker, Murphy, Allen, Lucas and Wylie have contacted me to express their grave concerns with the negative impact this development will have on the area communities and on their property values. Additionally, the outpouring of public comments made by homeowners residing in District 89 on the TCEQ Commissioners' Integrated Database has been overwhelming. The City of Parker and the City of Murphy have both recently passed resolutions in opposition of this application.

I would be pleased to answer any questions you may have regarding my position.

Sincerely,

A handwritten signature in cursive script that reads "Candy Noble".
