Re: Petition by Harrington/Turner Enterprises LP, for the creation of Collin County Municipal Utility District No. 7, TCEQ Internal Control No. D-04122021-017

Dear Ms. Gharis,

I am aware that Harrington/Turner Enterprises LP, a Texas Limited Partnership, has submitted a petition for the creation of Collin County Municipal Utility District No. 7 (District) with the Texas Commission on Environmental Quality (TCEQ).

Many of my constituents from the cities of Parker, Murphy, Allen, Lucas and Wylie have contacted me to express their grave concerns with the negative impact this development will have on the area communities and on their property values. To date, over 70 of my constituents have submitted a request to TCEQ for a contested case hearing. Additionally, the City of Parker and the City of Murphy have both made formal requests for a contested case hearing. As the State Representative for the affected area, I respectfully request a contested case hearing as well.

I would be pleased to answer any questions you may have regarding my position.

Sincerely,

Re: Harrington/Turner Enterprises LP / TCEQ Internal Control No. D-04122021-017

Dear Representative Noble:

Thank you for your letter to the Texas Commission on Environmental Quality (TCEQ) requesting a contested case hearing regarding Harrington/Turner Enterprises LP / TCEQ Internal Control No. D-04122021-017.

All requests for hearings, if timely filed and authorized by statute or rule, are considered by the Commissioners. The Commissioners will consider your request during a regularly scheduled Commission meeting that is open to the public, and a determination will be made as to whether or not the request will be granted. You will be notified in writing when your request is scheduled for consideration. If your request is granted, the matter will be referred to the State Office of Administrative Hearings (SOAH). The SOAH hearing will be a formal, legal proceeding, conducted in a manner similar to civil trials in state district court. While not required, parties are usually represented by legal counsel.

Matters pending approval by the Commissioners or the Executive Director, as well as comments and requests, can be tracked by using the Commissioners' Integrated Database, which can be found here: <https://www14.tceq.texas.gov/epic/eCID/>. The TCEQ appreciates your interest in environmental issues. If you have any further questions, please feel free to contact me at (512) 239-3900.

Sincerely,
