COMMENTS: Office of the Chief Clerk, TECQ P.O. Box 13087 Austin, Texas 78711-3087 Dear Sir: As an affected individual, I am writing in opposition to the Proposed Permit # 2400 to construct a landfill at 4730 T K Parkway, Axtell, Texas 76624. The proposed landfill will surround T K Cemetery, which is my family cemetery and currently the resting place of three generations of Kirkland, starting with Thomas Augustus Kirkland, one of the early pioneers of McLennan, Hill and Limestone Counties. The T K Parkway is named for T A Kirkland, which will now carry waste to desecrate his

msw

burial place. It was T A Kirkland who donated the land for the First Baptist Church, the accompanying cemetery and the land for the township of Teka. This historical township consisted of a post office, a grocery store, a school, a blacksmith shop, the church and other businesses and shops. T A Kirkland also constructed loading pens for shipping cattle on the Cotton Belt Railroad which had a siding here for that purpose. This town and all it consisted of thrived during the late 1800s and early 1900s. Even after the town disappeared, the First Baptist Church and the cemetery survived. I currently have the book of minutes and records from the early church. Only in the past 60 years was the church dissolved and its members moved to other area churches. However, the cemetery remained and became the final resting place for both Civil War, WW1 and WW2 veterans as well as other prominent area individuals. The cemetery is maintained today and kept in fine order by descendants of the original Kirkland family and others through the TK Cemetery Association. Since I too, as a 4th generation Kirkland will be buried here and I am actively involved in securing a Historical Cemetery Marker as well as a Texas Historical Marker for both the cemetery and the township of Teka, I strongly oppose the construction of the proposed landfill. I think this would be a blight to the area, would desecrate the resting place of the man who owned all this land originally as well as his descendants. A man who was an honored Confederate Veteran, a early pioneer, a powerful leader in the Masonic Order and who had a vision for this countryside that could now be forever destroyed by this proposed landfill. Please consider this plea and just think how you would react and feel if this landfill was going to be placed around you, your family and your ancestors burial place and destroy the beautiful serenity of all of this adjoining property. I encourage you to not approve this permit and protect all that is sacred to many of us.

William L. (Bill) Kirkland Great Grandson of Thomas Augustus Kirkland Trustee of T K Cemetery Association

Office of the Chief Clerk, TECQ

P.O. Box 13087

Austin, Texas 78711-3087

Dear Sir:

As an affected individual, I am writing in opposition to the Proposed Permit # 2400 to construct a landfill at 4730 T K Parkway, Axtell, Texas 76624.

The proposed landfill will surround T K Cemetery, which is my family cemetery and currently the resting place of three generations of Kirkland, starting with Thomas Augustus Kirkland, one of the early pioneers of McLennan, Hill and Limestone Counties. The T K Parkway is named for T A Kirkland, which will now carry waste to desecrate his burial place. It was T A Kirkland who donated the land for the First Baptist Church, the accompanying cemetery and the land for the township of Teka. This historical township consisted of a post office, a grocery store, a school, a blacksmith shop, the church and other businesses and shops. T A Kirkland also constructed loading pens for shipping cattle on the Cotton Belt Railroad which had a siding here for that purpose. This town and all it consisted of thrived during the late 1800s and early 1900s.

Even after the town disappeared, the First Baptist Church and the cemetery survived. I currently have the book of minutes and records from the early church. Only in the past 60 years was the church dissolved and its members moved to other area churches. However, the cemetery remained and became the final resting place for both Civil War, WW1 and WW2 veterans as well as other prominent area individuals. The cemetery is maintained today and kept in fine order by descendents of the original Kirkland family and others through the TK Cemetery Association.

Since I too, as a 4th generation Kirkland will be buried here and I am actively involved in securing a Historical Cemetery Marker as well as a Texas Historical Marker for both the cemetery and the township of Teka, I strongly oppose the

construction of the proposed landfill. I think this would be a blight to the area, would desecrate the resting place of the man who owned all this land originally as well as his decedents. A man who was an honored Confederate Veteran, a early pioneer, a powerful leader in the Masonic Order and who had a vision for this countryside that could now be forever destroyed by this proposed landfill. Please consider this plea and just think how you would react and feel if this landfill was going to be placed around you, your family and your ancestors burial place and destroy the beautiful serenity of all of this adjoining property.

I encourage you to not approve this permit and protect all that is sacred to many of us.
